**Introduction to Ethical Investing in India** Siva Prasad Bose, Joy Bose, Ethical investing, also called by different names such as Environmental Social and Governance (ESG) investing, responsible investing, mindful investing and sustainable investing, has recently become more popular. Investors, particularly younger investors, are getting more concerned over the wider social and other impact of their investments and wish to contribute to positive changes in the world, rather than contribute towards increasing suffering. The highs and lows of the stock markets in different countries further give a push towards ethical investing as a strategy to identify more stable companies that believe in ethical and sustainable values and which are, therefore, more likely to be profitable in the long term. In this book, we introduce the concept of ethical investing and consider the avenues by which investors can invest ethically within India today. We discuss green

energy, various ESG and ethical mutual funds and social investing avenues. It is hoped that this book will raise awareness towards ethical investing and inspire existing and prospective investors to invest in a way that uses their money towards the wider good in this world.

*Driven* Jagdish Khattar, 2014-11-15 An epic triple treat—stories from a civil servant, corporate captain and businessman Jagdish Khattar has had an astonishingly diverse career, a trained lawyer who became an IAS officer. He was an agent of change in Uttar Pradesh through his roles as district magistrate, and head of the cement and transport corporations. He also helmed India's Tea Board in London and played a key role in the steel ministry. Elevated to the post of MD with Maruti Udyog, a firm that was on the verge of a steep decline, Khattar braved labour unions, foreign competition, and politicians as he led Maruti to a very successful IPO. Finally, at the age of sixty-five, Khattar turned entrepreneur with Carnation, India's first multi-

brand car sales and servicing network. Driven spreads across a sweeping national canvas from drought-hit villages to the Shakespearean intrigues of politicians and bureaucrats. Written with flair and liberally peppered with frank anecdotes, it is filled with lessons about leadership, friendships, jugaad-style innovation, resilience, and values.
