Dan Harris

10% Happier Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. *10% Happier* takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

*Healthy as F*ck* Oonagh Duncan, 2019-09-17 Join the Movement. Ditch the Diet. Who's ready to stop thinking about weight loss? To free their brain from thoughts about ketones, calories, and fasting? Who wants life to be more effortless, energetic, and empowered? Welcome to a refreshing and gloriously unapologetic conversation about health, fitness and habits. Award-winning trainer Oonagh Duncan cuts through the wellness clutter to drop some truth bombs: it might not be six-pack abs you're looking for — it might be happiness, confidence, and acceptance. But if losing your belly is what you want, don't let anyone — including yourself — stop you from going after it. And she'll show you how to make it happen. There's only one major difference between those rare unicorns who have managed to lose weight and the rest of us: their habits. When you acknowledge that following a diet is not getting you anywhere, and you make a few small changes to your everyday routine, you'll find yourself happier and healthy as f*ck.

Advises parents dealing with teenagers and their unique sleep problems

How to Ikigai Tim Tamashiro, 2019-01-31 Live Your Best Life Ancient, time-tested wisdom: Okinawa, Japan is a tiny, tiny island south of the Japanese mainland where people live their life's purpose every day. How is it possible for so many to live each day in such meaningful ways? The Okinawan concept of Ikigai. *How to Ikigai* describes the lifestyle choices that have led to an island full of fulfilled, long-living people. Magical reality come to life: Examples of ikigai in action are often magical. Take David Michiels. David stuttered severely well into his adulthood. In clinical terms, his stutter was difficult to treat. But David started to work in a liquor store. Before long, his focus turned to one specific section of the sales floor: the scotch section. As he spent more of his days learning about scotch, he began to share his knowledge with customers. Eventually, David noticed that his stutter vanished when he talked to anyone about scotch. Over time, David's passion led to a new life. Today, he is a renowned whiskey expert, traveling the world tasting and purchasing whiskey on behalf of his employer. He feels his life is meaningful because of ikigai. A humble look at happiness: Bringing together an exploration of joy not unlike that of *The Book of Joy* by the Dalai Lama and Archbishop Desmond Tutu, a look inward reminiscent of *The Untethered Soul* by Michael A. Singer, and deep truths like those explored by Singer in *The Surrender Experiment*, *How to Ikigai* describes the concept of Ikigai with clarity and meaning. *How to Ikigai* explains a simple but abstract map for living a meaningful life. After reading this book, you will understand how to implement Ikigai's four directions in your own life: • Do what you love • Do what you're good at • Do what the world needs • Do what you can be rewarded for

Atomic Habits James Clear, 2018-10-16 The #1 New York Times bestseller. Over 10 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Life Off the Label Colleen Kachmann, 2016-11 Colleen Kachmann kept a close eye on calories, was active with her four energetic children, and exercised regularly. But her best efforts were futile against midlife reality. Dieting led to weight gain. Her emotions were unstable. Her body hurt. Various medications proved ineffective. She wasn't sick, exactly, but she wasn't healthy, either. Sound familiar? Life Off the Label details Colleen's dedicated efforts to live and be well, only to discover she wasn't. She's not alone. Seventy percent of Americans are overweight and take at least one medication. Colleen did not want to be a statistic, so she deconstructed the habits and beliefs that limited her potential. What she discovered will change your life.

Waking Up Sam Harris, 2014-09-09 For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, Waking Up is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. Waking Up is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

How to Make Disease Disappear Rangan Chatterjee,2018-05-01 A much-needed program to prevent and reverse disease, and discover a path to sustainable, long-term health from an acclaimed international doctor and star of the BBC program Doctor in the House. How to Make Disease Disappear is Dr. Rangan Chatterjee’s revolutionary, yet simple guide to better health—a much-needed, accessible plan that will help you take back control of your health and your life. A physician dedicated to finding the root cause of ill health rather than simply suppressing symptoms with drugs, Dr. Chatterjee passionately advocates and follows a philosophy that lifestyle and nutrition are first-line medicine and the cornerstone of good health. Drawing on cutting edge research and his own experiences as a doctor, he argues that the secret to preventing disease and achieving wellness revolves around four critical pillars: food, relaxation, sleep, and movement. By making small, incremental changes in each of these key areas, you can create and maintain good health—and alleviate and prevent illness. As Dr. Chatterjee, reveals we can reverse and make disease disappear without a complete overhaul of our lifestyle. His dynamic, user-friendly approach is not about excelling at any one pillar. What matters is balance in every area of your life, which includes: Me-time every day An electronic-free Sabbath once a week Retraining your taste buds Daily micro-fasts Movement snacking A bedtime routine Practical and life-changing, How to Make Disease Disappear is an inspiring and easy-to-follow guide to better health and happiness.

The Happy, Healthy Nonprofit Beth Kanter,Aliza Sherman,2016-09-26 Steer your organization away from burnout while boosting all-around performance The Happy, Healthy Nonprofit presents realistic strategies for leaders looking to optimize organizational achievement while avoiding the common nonprofit burnout. With a uniquely holistic approach to nonprofit leadership strategy, this book functions as a handbook to help leaders examine their existing organization, identify trouble spots, and resolve issues with attention to all aspects of operations and culture. The expert author team walks you through the process of building a happier, healthier organization from the ground up, with a balanced approach that considers more than just quantitative results. Employee wellbeing takes a front seat next to organizational performance, with clear guidance on establishing optimal systems and processes that bring about better results while allowing a healthier work-life balance. By improving attitudes and personal habits at all levels, you'll implement a positive cultural change with sustainable impact. Nonprofits are driven to do more, more, more, often with fewer and fewer resources; there comes a breaking point where passion dwindles under the weight of pressure, and the mission suffers as a result. This book shows you how to revamp your organization to do more and do it better, by putting cultural considerations at the heart of strategy. Find and relieve cultural and behavioral pain points Achieve better results with attention to well-being Redefine your organizational culture to avoid burnout Establish systems and processes that enable sustainable change At its core, a nonprofit is driven by passion. What begins as a personal investment in the organization's mission can quickly become the driver of stress and overwork that leads to overall lackluster performance. Executing a cultural about-face can be the lifeline your organization needs to thrive. The Happy, Healthy Nonprofit provides a blueprint for sustainable change, with a holistic approach to improving organizational outlook.
