**The Curse of the High IQ** Aaron Clarey, 2016-01-20 Society, by statistical necessity, needs to focus on the majority. It needs to be built and designed for the average. Society, by moral necessity, also needs to focus on the disadvantaged and disabled. Helping those who cannot help themselves. But while the majority of society's resources, attention, and infrastructure is dedicated to average or below-average intelligent people, little-to-none of it is paid to the abnormally intelligent. And while having a high IQ is an overall net benefit in life, being an statistical intellectual freak is not without its drawbacks. Welcome to the Curse of the High IQ. Whether you fall asleep during class, constantly ram heads with your boss, can't understand why people watch the Oscars, are an alcoholic, or are accused of having ADD, having a high IQ can be a maddening experience. What you see as the obvious solution is what the normies will fight against tooth and nail. Your D-'s you keep getting in English? Your superior mind being held hostage by the boring and inferior mind of your teacher. And you'd like to start a family? Good luck finding an intellectual-equal for a spouse. And so while the world obsesses with their own problems or (rightly so) the problems of the disadvantaged, no one is paying attention to the problems of the abnormally intelligent. However, that all changes now with Curse of the High IQ. Curse of the High IQ is the first book specifically written for abnormally intelligent people. It identifies and addresses a litany of problems intelligent people face, as well as analyzes them and provides solutions. But more importantly it aims to bring sanity to those who struggle with abnormally intelligence, especially those who are unaware they have it. So if you're constantly at odds with society, are suffering from depression or ennui, can't find any reason or agency in life, or just plain can't find any friends, consider purchasing Curse of the High IQ. It's guaranteed to make your life a little easier.

*The Anatomy of Love* Hugo Bradford, Some teach you how to love and stay in love. But nobody tells you what love is or how to acquire it when you don't have it. How are you supposed to love someone and find happiness if you don't love yourself, or find happiness within, first? Hugo Bradford's life changed in an instant when his relationship ended with who might have been the love of his life. Then, he failed once again when he decided to be a different man—a better man. Hugo then set on a path of introspection and healing by researching through the sciences and submerging himself with the voices of experts, experience, and the opinion of women. All to answer one underlying question—what is love? *The Anatomy of Love* is as sensible as it is perceptive. Tackling the third-most searched word worldwide. Love—A simple, four-letter word that produces over fourteen billion search results on search engines across the internet. Is love something as simple as an evolutionary trait of consciousness and chemical potion in our brains? Or does it mean something else, something we can't yet explain? This book reveals fundamental

truths and uses appropriate, applicable knowledge in ways that work for everyone.

**Insights to Intimacy** Christian Pankhurst, 2016-05-13 It ends with you... Right now, you can take action to end the passing down of undigested generational pain, shame & intimacy sabotage that is perpetuating unnecessary suffering and emotional illiteracy. So much of your intimacy and relationship health is determined by the modelling of those that came before you. As children you took mental and emotional pictures as you witnessed your parents, your family and your culture do their best to manage their pain. Through persistent observation, you began to inherit what a 'normal' relationship looks like. But most of us were not given a good example. Many of us witnessed or directly experienced shaming, blaming, abuse, neglect, manipulation and games. Unwittingly, and without knowing any better, you took on some of your parents strategies for dealing with pain and began to inherit the same dynamics that are now interfering with your own capacity to experience the freedom, joy and intimacy you deserve. But, worst of all, if left unattended we will pass our inherited wounding down the line to our children and perpetuate the suffering that we, and those that came before us, have endured. But it doesn't have to be that way. In my book, *Insights To Intimacy - 'Why Relationships Fail & How To Make Them Work'* I show you how to heal yourself and your family through the sacred union of conscious heart intelligent relationship. I'll show you through clear step by step instructions how you can 'track' your intimacy blocks and communicate with your partner in a new way so that your 'relational operating system' gets a massive upgrade! This is not a book of theory and untested hypothesis. The wisdom shared comes from over a decade of real-life testing with thousands of couples and groups from cultures all over the world. Don't wait till things get worse... Learn the skills to become Heart Intelligent today and become a healthy role model for a new generation of emotionally literate individuals. Claim Your FREE Companion Course Included with your book purchase is a free online companion course that you can claim immediately after you order. This course offers additional video demonstrations bringing the practices I'll be showing you to life, so you can follow along and deepen your understanding. If you're not experiencing the relationship you crave, it's not your fault. Most of us grew up without ideal relationship models to learn from, and you certainly weren't taught these skills in school. This is your opportunity to change course and begin shifting the habits and patterns that have long stood between you and real love. Are you ready to end the struggle? Let's begin.

**Heart Intelligence: Connecting with the Intuitive Guidance of the Heart** Doc Childre, Howard Martin, Deborah Rozman, Rollin McCraty, 2017-07-25 Doc Childre's writing is eloquent, his wisdom is profound, and his easy way of communicating makes this book a treasure. His colleagues present the energy of the heart in the safety of a scientific context that invites us again and again to move beyond it. -- Gary Zukav, author *The Seat of the Soul* and *The Dancing Wu Li Masters* *Heart Intelligence, Connecting with the Intuitive Guidance of the Heart* provides readers with a new, high definition picture of the energetic heart as a unifying, creative, intuitive intelligence that we

can learn to draw on for moment to moment guidance. Heart Intelligence links the physical heart to the spiritual (energetic) heart. Through its extensive communication with the brain and body, the heart is intimately involved in how we think, feel, and respond to the world. Expanding on their breakthrough book, *The HeartMath Solution*, the authors offer heart-based techniques and guidelines for living from the heart, which connects the puzzle pieces of our purpose and fulfillment. The book provides information and simple practices for accessing our heart's intuitive guidance to connect with our highest choices for better outcomes. Our choices are especially important through these changing times because they constantly create or disrupt our peace, happiness and self-security. Our thoughts and feelings influence the chemistry that regulates much of our health -- how we feel, for better or worse. Our thoughts, feelings, emotions and attitudes are just frequencies that we can learn to change -- once we put our heart into our intention. Heart Intelligence provides practices to replace fear with the attitude of intelligent concern (managed concern) which leaves us in charge and more attuned to intuitive direction. We learn the benefits of practicing simple coherence techniques a few times a day for boosting resilience and emotional balance; making appropriate choices; and clearing our mind from anxiety or overwhelm when needed. It is through deepening our heart intelligence, coherence and connection that humanity will be able to shift from separation to cooperation resulting in higher solutions to our personal and global problems

**Emotional Intelligence** Daniel Goleman,2009-07-20 The groundbreaking bestseller that redefines intelligence and success Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us.

*How to Raise Perfectly Imperfect Kids and Be OK with It* Lisa Sugarman,2019-09-01 Helicopter parent, tiger parent . . . lawnmower parent? Generation Z has a reputation of entitlement, but this attitude is often fostered by parents who mow down every obstacle in their child's path, never letting them fail. In *How to Raise Perfectly Imperfect Kids and Be OK with It*, humorist Lisa Sugarman takes her humanistic approach to parenting Gen Z

kids and tells it like it is. Sugarman reminds parents that it's okay (and beneficial) for children to confront obstacles, it's okay if your children are not perfect, and it's okay to say No. The goal is not to raise perfect children; the goal is to raise kind, responsible adults, and it's a process. *How to Raise Perfectly Imperfect Kids* reminds the reader that mistakes and problems lead to lessons. Fixating on raising the smartest, fastest, most successful child will never result in a happy child (or a happy parent). With healthy doses of humor and reality, Lisa Sugarman reminds us that our kids were never meant to be perfect, and perfectly imperfect kids can become wonderful, well-rounded adults if we just allow them to grow.
