Holistic Support for your Body thru Cancer Dr. Deborah McFarland, 2016-06-23

This book is NOT on how to cure anything. In Chiropractic college the first thing we learned is that you can only cure 2 things: Ham and Bacon. I am not a cancer expert, not an oncologist and not even a medical doctor. So why should you buy this book Because I am not any of those things. My approach is to look at how to help maintain normal function of the tissues that are being attacked, with other issues such as nausea and dry mouth from a natural point of view, as well as a well rounded approach to helping to stay healthy with diet, prayer, cleanses and detoxification. There are also helps to use during chemotherapy including nausea, hair loss and chemo fog. I am not ANTI-meds. What I am offering are some natural alternatives that you can use AT THE same time if you chose to do chemo or other traditional approaches.

Really Hate Diabetes ~ Holistic Solutions Dr. Debbie McFarland, D.C., DiplMedAc, 2016-07-06 Dr. McFarland combines her experience with chiropractic, acupuncture, food coaching, holistic endocrinology, supplements and essential oils. YOU CAN TAKE CONTROL OF YOUR OWN HEALTH!!!! Starting with explaining the process of diabetes, it is important to understand how the hormones, the gut and immune system all work together. I highly recommend a relationship with a Functional Medicine doctor to help you with this journey along with the information in this book.

Modern Hydrotherapy for the Massage Therapist Marybetts Sinclair, 2007-11-01 This text offers a modern approach to hydrotherapy— the use of water, ice, steam, and hot and cold temperatures to improve or maintain health— as performed by massage therapists. Authored by an experienced massage therapist, this book presents clear, uncomplicated explanations of how hydrotherapy affects the body, and then demonstrates a wide variety of hydrotherapy treatments. The book suggests how massage therapists may use hydrotherapy treatments before and during massage sessions, or give these treatments to clients to do between sessions for faster and better results. The author presents real-life examples and case studies obtained through interviews with massage therapists, athletic trainers, physical therapists, naturopathic doctors, aquatic therapists, and medical doctors treating patients in a medical hydrotherapy setting.

Paintracking Deborah Barrett, Ph.D., 2012-02-14 Millions of people suffer

from debilitating chronic pain from arthritis, fibromyalgia, low back pain, chronic headache syndromes, neuropathies, or other painful conditions. People contending with chronic pain often spend considerable time, energy, and money searching for answers and visit multiple doctors, trying anything to find relief. When the source of pain is unclear or difficult to diagnose, their experiences are additionally frustrating, exhausting, and depressing. This book offers a hands-on approach to improving life with chronic pain, whatever the underlying cause. As a sociologist, psychotherapist, and someone with firsthand experience with chronic pain, the author understands the challenges that accompany pain and has devised realistic strategies to fare better. Paintracking provides a systematic method that empowers individuals to navigate the otherwise overwhelming array of treatment options and incorporate the effective ones into their lives for continued, incremental progress. Its cornerstone is a self-study tool that enables readers to improve. Readers are instructed on how to track and interpret their experience, whether using a pen and paper or the online tool offered as a companion to the book. By cultivating awareness of how their body responds in different situations and to different therapies, readers will become capable self-advocates, able to make informed choices. Written in clear, understandable prose and filled with sociological insights, therapeutic lessons, practical tips, and empathy, this book offers realistic hope to individuals who often feel hopeless in the face of confusing, debilitating pain.

Maternal & Child Health Nursing Adele Pillitteri,2010 Growing research shows that many children from immigrant and refugee families are not doing well in school, due in part to linguistic and cultural disadvantages. Teaching dual-language learners requires cultural sensitivity, an understanding of language acquisition, and intentional teaching strategies. Combining research and techniques, this resource helps early childhood

educators support dual-language learners as they develop the skills necessary for school readiness and success.

Changing Bodies, Changing Lives: Expanded Third Edition Ruth

Bell, 2011-05-25 It seems like everyone else has the script. Everyone else knows what's happening and I look around and say, Duh. Of course, the truth is that no one has the script because there is no script to follow. Chances are you'd find that almost everyone else has questions and worries a lot like yours, if you could get them to admit it. This brand-new, completely updated and revised edition of *Changing Bodies, Changing Lives* is full of honest, accurate, nonjudgmental information on everything teenagers need to know about today. Am I the only one who can't get up the nerve to ask someone out? got my period so early? doesn't even know the right way to kiss? feels pressured to use drugs? still hasn't hit puberty yet? wants to avoid the gang scene? worries when my mom doesn't come home at night? is scared that I might have AIDS? can't decide what form of birth control to use? has no idea how to tell my friends I'm gay? goes on eating binges? has never had an orgasm? is shut out of the popular crowd? *Changing Bodies, Changing Lives* has helped hundreds of thousands of teenagers make informed decisions about their lives, from questions about sex, love, friendship, and how your body works to dealing with problems at school and home and figuring out who you are. It's packed with illustrations, checklists, and resources for the answers you really need. Best of all, it's filled with the voices, poems, and cartoons from hundreds of other teenagers, who tell you what makes them feel worried, angry, confused, sexy, happy, and, yes, even excited and hopeful about their lives. (Check out the first two pages for a sample of the quotes you'll find inside.) Being a teenager is tough. With the information and the ideas inside this book, you'll have what you need to make these years the best they can be.
