

Heaven And Hell Allan Kardec

John Snaith Rymer

Heaven and hell Allan Kardec, 2021-11-17 In this book, Allan Kardec approaches divine justice from the point of view of Spiritism. The first part is a comparative analysis of the concepts of different faiths about heaven, purgatory and hell, angels and demons, and future punishments and rewards. The dogma of eternal punishments is specially discussed and refuted by arguments taken from the laws of nature. The second part presents numerous communications with spirits in different situations, and which shed light on the state of the soul after death and its passage from the physical life to the spirit life, which until then had been obscure and feared. It is a sort of travel guide to be used before we enter into a new world!

Heaven and Hell (Illustrated) Allan Kardec, 2017-09-12 Of the four principal works of Allan Kardec, the first *The Spirits' Book*, sets forth the Spiritist theory of life and destiny; the second *The Mediums' Book*, treats of experimental Spiritism, in other words, of Medianimity,¹ under its various aspects and in reference to the conclusions to which it leads; the third (*Heaven and Hell*, which the translator has now the pleasure of offering to English readers,) gives a series of spirit-narratives confirmatory of the Spiritist theory; the fourth (*Genesis*, of which a translation will soon follow the present volume,) shows the consonance of this theory with the results of modern science....

Heaven and Hell Allan Kardec, 2020-11-22 *Heaven and Hell, or the Divine*

Justice according to Spiritism It is certain that we live, think, and act; it is not less certain that we shall die. But, on leaving Earth, where shall we go? What will become of us? Shall we be better off, or shall we be worse off? Shall we continue to exist, or shall we cease to exist? To be, or not to be, is the alternative presented to us; it will be for always, or not at all; it will be everything, or nothing; we shall live on eternally, or we shall cease to live, once and forever. The alternative is well worth the consideration.

A.K Of the four principal works of Allan Kardec, Heaven and Hell is the third. It gives a series of spirit-narratives confirmatory of the Spiritist theory. These works constitute the basis of a religious belief that is equally in harmony with reason, with science, with experience, and with aspiration. They consequently supply the true substitute for the unreasoning faith that is so rapidly dying out from the minds of men, the true antidote to the scientific materialism of the day, the true cure for the selfishness which is the practical outcome of the short-sightedness that regards our present life as the sum of our existence, the true explanation and guide of the sentiment which prompts each human being to desire something better than the unsatisfying conditions among which he finds himself.

The Heaven and the Hell Allan Kardec, 2020-11-06 Heaven and hell or divine justice according to spiritism, contains the comparative examination of the doctrines on the transition from bodily life to spiritual life, future penalties and rewards, angels and demons, eternal penalties, etc. . What is

the fate of man after physical death? What would be the causes of fear of death? Does Heaven and Hell exist? Does the ancient belief in angels and demons deserve credit? How does divine justice proceed? These and other related questions are duly clarified, in the first part of this work, in the light of logic and the teachings of the spirits.

The spirits' book Allan Kardec, 2021-11-11 After you have read The Spirits' Book, you will no longer have any reason to fear death. The Spirits' Book will provide you with the answers to nearly all the questions you may have with regards to the origin, nature and destiny of each and every soul on earth – and those of other worlds as well. It also addresses the issues of God, creation, moral laws and the nature of spirits and their relationships with humans. The book contains answers that were dictated to mediums by highly evolved spirits who love God. The Spirits' Book is the initial landmark publication of a Doctrine that has made a profound impact on the thought and view of life of a considerable portion of humankind since the first French edition was published in 1857.

The gospel according to spiritism Allan Kardec, 2022-02-17 The Gospel according to Spiritism is one of the five books that make up the Spiritist Codification, a set of teachings transmitted by high order spirits, and organized and commented upon by Allan Kardec. This work contains the essence of the moral teaching of Jesus, and therefore is a refuge where the followers of all religions – and even those who have no religion – may join hands, because it offers a sure itinerary for our inner reform, the objective indicated by Christ as indispensable for achieving our future happiness and inner peace: that achievement which only the full observance of the divine

laws can provide to the spirit on its gradual evolutionary path toward God.

Spiritism in its simplest expression Allan Kardec, 2021-11-17 Wanting to popularize Spiritism and make spreading it easier and quicker, but without prejudicing the basic works of the Spiritist Doctrine, Allan Kardec wrote a number of booklets and distributed them throughout France at prices that were affordable for anyone who might be interested. Some of them had several printings and were highly successful. They continued to be republished even after the Codifier's discarnation. This is one of those booklets. It is hoped that Spiritist readers will find that this unpretentious work enriches their knowledge of the Spiritist Doctrine.

The Spirits Book Allan Kardec, 2010-05 'The Spirits Book' (1857), written by Allan Kardec, is widely regarded as the most important piece of writing in the 'Spiritist' canon. It is the first in a series of five books that Kardec wrote that are collectively known as the 'Spiritist Codification'. Although the other four books; 'The Medium's Book', 'The Gospel According to Spiritism', 'Heaven and Hell' and 'The Genesis According to Spiritism' are of great importance to the Spiritist movement it is 'The Spirits Book' that lays out the doctrine of the belief system. The Spiritist movement was founded by Allen Kardec and although its roots lay in Spiritualism there are differences in belief. The most important of these differences is the Spiritist belief in reincarnation. Although some Spiritualists believe in reincarnation and some do not, all Spiritists consider it as a basic truth of their ideology. In the

1850's, whilst investigating the afterlife, Kardec communicated in s ances with a collection of spirits named 'The Spirit of Truth' who discussed many important topics such as life after death, good and evil, the universe and the origin of spirits, amongst others. 'The Spirit of Truth' counted many of history's great thinkers amongst its number such as Thomas of Aquino, Voltaire and Augustine of Hippo. Over time and after several sessions with the group Kardec had gathered enough information to convince him of life after death and he was compelled to spread the teachings of 'The Spirit of Truth'. He 'codified' their comments and listed them as answers to questions and this is the content of 'The Spirits Book'. The subjects that Kardec discusses, via 'The Spirit of Truth', laid down the foundations for the Spiritist philosophy and all of the concepts that would become, and still are, key to the movement's thinking have their genesis in the book. The belief that there is one Supreme Being, God, who created everything in the universe, is postulated. According to the text the Devil does not exist and Jesus is a messenger of God. Although the book does not refer to Jesus as the son of God and no mention is made of the 'immaculate conception' he is considered God's perfect messenger and his teachings are to be adhered to. Reincarnation and the survival of the soul after death are vital beliefs and it is stated that it is through reincarnation that lessons are learnt that can be taken into the next life and that every life moves the soul closer to perfection. According to the book man is made up of three separate elements;

the body, the spirit and the spiritual body. One's spirit also predates the matter of the universe and will outlast it. After the publication of 'The Spirits Book' Kardec's Spiritist doctrine began to take root, firstly in France from where it spread throughout Europe and found its way to North America. Most significant, however, was the reaction to Spiritism in South America. In Brazil the Spiritist movement swept across the nation and it is still one of the country's main religions to this day with millions of Kardec's followers from Brazil visiting his tombstone in Paris every year.

What Christ, Thomas Paine and Allan Kardec Want You to Know and Religion Doesn't William Moreira, 2003-07 Throughout human history, religion has supposedly tried to help man live a better life. However, religion often does not want people to know the truth about the great spiritual messages. Jesus Christ, in his Parables, left a great message for mankind that is ignored by organized religion. This book answers the questions most people are afraid to ask. You can learn: · Why Christ's Parables have been ignored by religion. · Why the Parables teach us the greatest religious lessons. · What lessons the Parables hold for people in the modern world. · What Thomas Paine really understood about religion and Christ's message and why his works have been ignored. · Why Allan Kardec's message of Spiritualism can help you find happiness in your life. · Why you do not need to fear hell.

The Spirits' Book (New English Edition) Allan Kardec, 2021-02-03 New English translation of Le Livre des Esprits, the foundational work of the Spiritist

Doctrine, written by Allan Kardec, and first published in 1857 in Paris.

Spirit Manifestations John Snaith Rymer, 1857

Heaven and Below Brian Foster, 2017-11-02 This book covers communications that pertain to three main themes: - Life in heaven - Lower regions - Appearances of Jesus in the spirit realm Many religions offer pictures of life after our spirit leaves our physical body. Most descriptions are hazy and prone to numerous interpretations. Spiritism, via communication from spirits who have been selected by high-level spirits, supplies us with real and actionable knowledge. Revelations in Spiritist literature presents an exciting picture of the bands of heaven and life therein. While a fuller explanation is extended about aspects of life and the organization of the regions below heaven. True knowledge of heaven and the alternatives is important for each of us. Parents attempt to motivate their children to do well in school by showing them what awaits them if they apply themselves. Mothers and fathers fully realize the need to present a case for why the child should abandon old habits from early childhood and start applying themselves to gain a better life in the future. As part of encouraging children, parents also point out the pitfalls of not bearing down - children are shown the type of life that results without dedication to learning and self-discipline. If we look at our life as a one-time event, there is no advantage in not pursuing the most hedonistic lifestyle possible - just as a child would consider the pluses and minuses between studying or playing. On

the other hand, Spiritism lifts us up the mountain so we can see our lives arc over many centuries. One life is just one set of courses on the school of earth. In between physical existences, we may either spend it in heaven or below. It is up to us. Spiritism brings you the knowledge of why we are here, what is our goal, and the methods to achieve graduation from this planet. Allan Kardec notified the world that doing our best to remove our baser characteristics and to learn to be more loving, fraternal, charitable, and honest with our fellow humans brings its rewards ... life in heaven. While selfishness, envy, greed, and exploiting others practically guarantee a sojourn in the lower regions - where you either adjust your thinking or wait to improve in the next physical life on earth. Allan Kardec, the Codifier of Spiritism, wasn't the first nor the last to make this point, but via messages from the spirit world, he was able to clearly layout the reasons to perform well in this life and provide clear descriptions of the locations you shall be visiting depending upon your actions. Spiritism does not tell anyone they will rot in hell if they commit horrible deeds - only that they should be prepared for bad accommodations after death, which they won't be able to check-out of until they demonstrate a lasting change of character. And their next life will entail many lessons in which they will be able to feel the brunt of what they have done to others in a previous life. In essence, karma is real and it has a purpose. That is all. You have free will. Spiritism has supplied you with information about your possible options. Your life's

priorities and your decisions are yours to make.

Between Heaven and Earth Francisco Cândido Xavier, André Luiz (Espírito), 2021-10-10 This is a novel that offers information about the relationship that exists in the activities of the spirit on the two planes of life. Renewing his interest in our inner improvement, Andre Luiz tells the moving story of Amaro, Zulmira, Odila and other characters, recounting the events of their previous lives from the time of Brazil's War with Paraguay (1864-1870) through the days of old Rio de Janeiro (early 1900s). In its preface, Emmanuel assures us that "The basic pictures of the narrative are intimately familiar to us," such as family dysfunctions, the torment of jealousy, and the daily struggle for moral progress. Each page of *Between Heaven and Earth* discloses new knowledge and emotions.

Spiritism 101 Brian Foster, 2015-05-08 Spiritism was presented to us by the Spirit world so we here on earth may perfect ourselves and prepare the earth to reach a higher plane of existence. Using Spiritism, we are expected to improve our collective behavior. Spiritism was brought to us via the work of Allan Kardec. In 1857, in response to the growing interest in spirits and mediums, Allan Kardec (pen name of the French teacher and educator Hippolyte Leon Denizard Rivail) organized a series of questions designed to discern the exact nature and wishes of the spirits. He did not accept information from just one medium, but verified the response to a question from multiple mediums throughout Europe. Allan Kardec wrote a total of five books

documenting the answers to his questions. The basic tenants of Spiritism are: 1. Love God. 2. Do unto others as you would have others do unto you. 3. Practice justice. 4. Forgive all who offend you. 5. Make amends for our own wrong doing. The spirits revealed to us the basic facts of our existence: 1. Your soul is immortal. 2. You travel through multiple lives as a process to learn to love, be fraternal, and be selfless. 3. The goal of God is for every spirit to one day be pure. 4. There is no eternal hell, it is a station for souls who are materialistic and have an excessive love of self. 5. There are many levels of heaven. Heaven is not a place where we have eternal leisure, but one of on-going work to help others. 6. Life on earth is like a school. You are assigned events in your life and how you react and behave will determine your spiritual progress.

Genesis Allan Kardec, 2021-11-17 This book is one of the five basic works that make up the Codification of Spiritism, and is the author's most scientific work. It deals with themes regarded as incontestable by religion in the light of the immortality of the soul, unifying Christian thought and scientific discoveries. It offers a unique opportunity for the reader to know and study themes of universal interest, discussed in a logical, rational and revealing manner. It is divided into three parts: The first part analyses the origin of planet Earth and avoids mysterious or magical interpretations about its creation. The second part analyses the question of miracles, explaining the nature of the fluids and the extraordinary phenomena contained in the

Gospel. The third part focuses on the prophecies in the Gospel, the signs of the times and the new generation, whose advent will be the beginning of a new era for humankind based on the practice of justice, peace and fraternity. The subjects presented in its eighteen chapters have as their basis the immutability of the grand Divine Laws.
