They've proven successful with their new editions and over 8 years in the market. * Pronunciation symbols (Nekudot) are not usually present in Modern Hebrew texts. They are mostly printed in Biblical scriptures. Therefore, in Hebrew, it's crucial to remember the correct pronunciation of each word. Some coursebooks include these pronunciation symbols to facilitate learning, however, this causes confusion in real life for foreign students. To prevent such confusion and prepare the students to reading and writing Hebrew without a hassle, in this book all Hebrew words are given without the Nekudot, except for those that require the use of these symbols for grammatical reasons. To provide students with a more convenient and practical approach, in this book all Hebrew words are transliterated. The English transliteration shows the correct pronunciation of each word.

A Biblical Hebrew to English Concordance Bob MacDonald, 2019-06-13 How do we see the decisions made by a translator of an ancient tongue? This volume contains every word in the Hebrew Bible, in Hebrew and the English equivalent for each word as translated. The glosses provided are for a close translation for the Music. The sequence presented is by Hebrew stem, Hebrew word form, canonical sequence, chapter, verse, and word sequence. In principle, the entire translation can be reconstructed from this data. The draft agreement of the translation with itself (concord) was aided by computer assisted pattern recognition. This volume is a searchable reference book. It makes the decisions of the translator as transparent as possible. We can dig deep into the translation process and be rewarded with the treasury of this beloved text. A Biblical Hebrew to English Concordance is volume 8 of the series, The Hebrew Bible and Its Music.

Conversational Hebrew Quick and Easy Yatir Nitzany,2012-01-24 Have you always wanted to learn how to speak Hebrew but simply didn't have the time? Look no further. You hold in your hands the most revolutionary method that was ever designed for QUICKLY becoming conversational in a language. In creating this time saving program, master linguist Yatir Nitzany spent nearly three years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations. Through various other discoveries about how real conversations work that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way to become fluent NOW. If you want to learn complicated grammar rules, or the non-Romanized alphabet of a foreign language, this book is not for you. If you need to actually hold a conversation for a trip to the Holy Land, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. Therefore, unlike other courses, all words in this program are taught in English transliteration, without having to learn a complex foreign alphabet. More formalized training in grammar rules, learning to write in a foreign alphabet, etc. can all come later. The first in a series of language instructional guides, the Nitzany Method's revolutionary approach is the only one in the world that uses it's unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels all with hundreds of pages in order to learn a language, with *Conversational Hebrew Quick and Easy* all you need is 48 pages. Learn Hebrew today and not tomorrow. Get started now! Note and DISCLAIMER from the Author: I wish to stress this program is by NO means, shape, NOR form a phrase book!! The sole purpose of this book is to give you a fundamental platform to enable you to connect certain words to become conversational. Please also read the Introduction and the About Me section prior to commencing the program. In order to succeed with my method, please start on the very first page of the program (page #16) and fully master one page at a time prior to proceeding to the next, otherwise you will overwhelm yourself and fail. Please do NOT skip pages, nor start from the middle of the book. It is a myth that certain people are born with the gifted talent to learn a language and this book disproves that myth. With this method anyone can learn a foreign language as long as you follow these EXPLICIT directions: Memorize the vocabulary on each page, follow it by using a notecard to cover the words you have just memorized and test yourself. Then read the sentences below which are created from the vocabulary bank which you just mastered. Once fully memorized, then give yourself the green light to proceed to the next page. Again, if you proceed to the following page without mastering the previous, you are guaranteed to gain nothing from this book. If you follow the prescribed steps you will realize just how effective and simplistic this method is.
