United States Military Helicopters Michael Green,2017-10-30 The helicopter came on the scene too late to play other than a minor role in the Second World War but by the Korean conflict the Bell H-13 Sioux, OH-23 Raven, and Sikorsky H-19 Chickasaw were in service.It was in Vietnam that the US military helicopters really came into their own and the best known were the Bell UH-1 Iriquois (known as the Huey), the Boeing CH-47 Chinook, and the massive CH-37 Mojave. The USAF combat search and rescue Jolly Green Giant was indispensable.Attack helicopters have evolved from the early Huey Cobra or Snake and the Boeing AH-64 Apache in the late 80s to when the Sikorsky UH-60 series became the military general purpose chopper.All these formidable aircraft and many more are covered in detail in this superbly illustrated and comprehensive book.

The Vicar's Secret Wallpaper: Moments, Meanderings and Meaning in Christian Ministry Malcolm Nicholas,2016-03-03 Drawing on almost 30 years ministry in varied settings, these pastoral tales reveal the humour, emotions, deep spiritual encounters & sudden surprises, that make up the 'secret wallpaper' of a minister's life. Each story is accompanied by a theological reflection designed both to inform & to stimulate, the reader's own thoughts. It is particularly recommended for: * those seeking encouragement & inspiration in their own Christian pilgrimage * ministers & would-be ministers, of any Christian tradition * churchwardens and similar officers * any who would like to understand their clergy/ministers a little better. Called away from a white-coated scientific career, the author describes happy, sad, surreal & divine encounters in parish life, largely outside the confines of the church. It reflects on experience in hospital, housing estate, commuter belt and rural settings, and tackles current issues, including aggressive atheism, same-sex marriage, and some worrying trends in today's church.

Images in Law William Pencak,2016-05-13 What does 'the law' look like? While numerous attempts have been made to examine law and legal action in terms of its language, little has yet been written that considers how visual images of the law influence its interpretation and execution in ways not discernible from written texts. This groundbreaking collection focuses on images in law, featuring contributions that show and discuss the perception of the legal universe on a theoretical basis or when dealing with visual semiotics (dress, ceremony, technology, etc.). It also examines 'language in action', analyzing jury instructions, police directives, and how imagery is used in conjunction with contentious social and political issues within a country, such as the image of family in Ireland or the image of racism in France.
