Rising Strong Brené Brown,2015-08-25 #1 NEW YORK TIMES BESTSELLER • When we deny our stories, they define us. When we own our stories, we get to write the ending. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! Social scientist Brené Brown has ignited a global conversation on courage, vulnerability, shame, and worthiness. Her pioneering work uncovered a profound truth: Vulnerability—the willingness to show up and be seen with no guarantee of outcome—is the only path to more love, belonging, creativity, and joy. But living a brave life is not always easy: We are, inevitably, going to stumble and fall. It is the rise from falling that Brown takes as her subject in *Rising Strong*. As a grounded theory researcher, Brown has listened as a range of people—from leaders in Fortune 500 companies and the military to artists, couples in long-term relationships, teachers, and parents—shared their stories of being brave, falling, and getting back up. She asked herself, What do these people with strong and loving relationships, leaders nurturing creativity, artists pushing innovation, and clergy walking with people through faith and mystery have in common? The answer was clear: They recognize the power of emotion and they're not afraid to lean in to discomfort. Walking into our stories of hurt can feel dangerous. But the process of regaining our footing in the midst of struggle is where our courage is tested and our values are forged. Our stories of struggle can be big ones, like the loss of a job or the end of a relationship, or smaller ones, like a conflict with a friend or colleague. Regardless of magnitude or circumstance, the rising strong process is the same: We reckon with our emotions and get curious about what we're feeling; we rumble with our stories until we get to a place of truth; and we live this process, every day, until it becomes a practice and creates nothing short of a revolution in our lives. Rising strong after a fall is how we cultivate wholeheartedness. It's the process, Brown writes, that teaches us the most about who we are. ONE OF GREATER GOOD'S FAVORITE BOOKS OF THE YEAR "[Brené Brown's] research and work have given us a new vocabulary, a way to talk with each other about the ideas and feelings and fears we've all had but haven't quite known how to articulate. . . . Brené empowers us each to be a little more courageous."—The Huffington Post

Indestructibles Wiggle! March! Amy Pixton,Kaaren Pixton,2009-12-16 Announcing a brand new idea in publishing books for babies: the completely durable, completely safe Indestructibles. Published on the same paper-like material used in shipping envelopes, Indestructibles are 100% baby-proof: chew-proof, drool-proof, and rip-proof. That's because Indestructibles not only will not tear or turn gummy with teething, but they are also completely washable. Indestructibles are also energetic, beautiful, and created just for baby. The printing material reproduces color artwork with uncommon depth, and with no residual inkiness; the artwork, paintings by Kaaren Pixton and reminiscent of Eric Carle, is happy, each page a simple, colorful image of an animal or bird or insect against a rich, textured background. The effect is 3D-like and completely visual. There are no words, making each perfect for parents and babies to look at together, with mom or dad telling the story. Three titles launch the series: Creep! Crawl! about animals that crawl, Flutter! Fly! about animals that fly, and Wiggle! March! about farm animals—books babies can really sink their teeth into.
