Darkness Or Dawn? The Herald-Dispatch (Huntington, W. Va.), Russell A. Scott, H. Ray Evans, Fred Grimm, Kirby Hengst, Jim Warren, Jack Keith, Donald G. Mayne, Conceived in the discouragement of working newsmen at the violence of truck and mine shutdowns in the winter of 1973-1974, Darkness or Dawn? is an attempt to assess the state of the nation as seen from Middle America. Located at the edge of Appalachia in the Ohio River Valley, Huntington seems to us an Eastern window on the Midwest. Reporters for the Herald-Dispatch asked Huntington area residents in interviews and a public opinion poll what they thought of their lives, their nation and their future. Experts in the social sciences added their comment. The findings presented in this booklet perhaps prove nothing. But we think they may offer an insight into the mood of our corner of America in this era of war, Watergate and economic trauma, 10 years before 1984.

**Wayne County** James E. Casto, 2015 Wayne County, West Virginia, was established on January 18, 1842, from part of Cabell County and named for Gen. Mad Anthony Wayne. The state's westernmost county, it lies at the juncture of two rivers: the Ohio and Big Sandy. The town of Wayne is the county seat. Although the southern half of the county was first to be settled, it was slow to develop. In contrast, the northern part bordering Cabell County grew rapidly. The city of Huntington ultimately expanded westward into Wayne County, an area now known as Westmoreland. In addition to Wayne and Huntington, the county has three other incorporated communities: Ceredo, Kenova, and Fort Gay. In the 19th century, timbering and farming were the county's economic mainstays. The southern end of the county experienced a growth spurt when, in 1890, the Norfolk & Western Railway was completed to Kenova. Today, many residents commute to Huntington or nearby Ashland, Kentucky. The county is the birthplace of gospel singer Michael W. Smith, major league pitcher Donnie

Robinson, and Fannie Belle Fleming, better known as stripper Blaze Starr.

**Al Qaeda Pivot** Larry Maynard, 2021-06-15 SIX EYEWITNESSES ASSERT that they saw 9/11 terrorists in the Huntington-to-Hurricane stretch of West Virginia twenty-three months before the hijacking of four airliners and the devastating attacks on the World Trade Center in New York City and the Pentagon outside Washington, D.C. One witness said he sold them trailers to live in. TWO DAYS AFTER THE VISIT FROM the Al Shehri brothers and Abdulaziz Alomari and three other companions, Saturday October 9, and ten minutes before Superior's 5 p.m. closing time, salesman George Abboud, a Palestinian, came over to Larry Maynard's office and said: Larry, there are two guys here who want to talk with you. Maynard excused himself from a couple with whom he'd been closing a sale and walked to the front of the dealership. Standing there he found Wail Al Shehri with another middle easterner. The second man stood about 5 foot 10, was clean shaven, and wore khaki Docker pants and a pullover shirt. He gave off an odor of cologne. Larry, said Wail Al Shehri, this is my friend who just came in from Germany. His name is Mohammad Atta. We came to buy the Cadillac. - From the back cover

**Cabell County** James E. Casto,2001 Established in 1809, Cabell County is located in West Virginia's Mid-Ohio Valley. When rail tycoon Collis P. Huntington pushed the tracks of his Chesapeake & Ohio Railway across the mountains from Virginia into Cabell County, he founded the town that

would become the county's great metropolitan center. Business and industry soon began to rise, and Cabell grew into one of the Mountain State's busiest, most populous regions. This dramatic history of Cabell County begins with the arrival of the area's first settlers and continues into the 21st century. Introduced are James Holderby, Peter Cline Buffington, John Hunt Oley, and the other venturesome souls who set in motion the forces that made Cabell County the thriving place it is today. An informative text and 200 vintage photographs recreate key historical events, including the day when the James Gang robbed the Bank of Huntington, the sagas of Barboursville and Milton, the early days of Marshall University and its spectacular growth and success, and the strange but true story behind the creation of Ritter Park. Readers also gain a feel for life in past eras as they witness the paddlewheelers that plied yesterday's Ohio River and the steam locomotives that chugged their way through the county's history.

**Obama** David Cohen, Mark Greenberg, 2009 When Barack Obama became president - elected on November 4, 2008 - he transformed Martin's Luther King's dream into reality. Obama, and the 66.3 million Americans who voted for him, proved to the world that all things are possible. And the day

after, people from coast to coast lined up to buy newspapers as souvenirs. The demand was unprecedented, with stands and stores quickly selling out: USA Today sold an extra 380,000 copies, for example, while the Atlanta Journal-Constitution went back to print five times. Now, everyone can own a piece of history, thanks to this gorgeous commemorative album of front pages that capture Barack Obama's extraordinary journey to the White House. Featuring newspapers both domestic and foreign and depicting all the landmarks in this groundbreaking campaign -including the inauguration itself - Obama is a stunning keepsake for all who experienced this remarkable moment... and for future generations, too.

**The Black Athlete in West Virginia** Bob Barnett,Dana Brooks,Ronald Althouse,2020-04-02 This chronicle of sports at West Virginia's 40 black high schools and three black colleges illuminates many issues in race relations and the struggle for social justice within the state and nation. Despite having inadequate resources, the black schools' sports teams thrived during segregation and helped tie the state's scattered black communities together. West Virginia hosted the nation's first state-wide black high school basketball tournament, which flourished for 33 years, and both Bluefield State and West Virginia State won athletic championships in the prestigious Colored Intercollegiate Athletic Association (now Central Intercollegiate Athletic Association). Black schools were gradually closed after the 1954 Brown v. Board of Education decision, and the desegregation of schools in West Virginia was an important step toward equality. For black athletes and their communities, the path to inclusion came with many costs.

**Call Me Commander** Jeff Testerman,Daniel M. Freed,2021-02 When Lt. Commander Bobby Thompson surfaced in Tampa in 1998, it was as if he had fallen from the sky, providing no hint of his

past life. Eleven years later, St. Petersburg Times investigative reporter Jeff Testerman visited the rundown duplex Thompson used as his home and the epicenter of his sixty-thousand-member charity, the U.S. Navy Veterans Association. But something was amiss. Thompson's charity's addresses were just maildrops, his members nonexistent, and his past a black hole. Yet, somehow, the Commander had stood for photos with President George W. Bush, Senator John McCain, and other political luminaries. The USNVA, it turned out, was a phony charity where Thompson used pricey telemarketers, savvy lawyers, and political allies to swindle tens of millions from well-meaning donors. After Testerman's story revealed that the nonprofit was a sham, the Commander went on the run. U.S. Marshals took up the hunt in 2011 and found themselves searching for an unnamed identity thief who they likened to a real-life Jason Bourne. When finally captured in 2012, Thompson was carrying multiple IDs and a key to a locker that held nearly \$1 million in cash. But, who was he? Eventually, investigators discovered he was John Donald Cody, a Harvard Law School graduate and former U.S. Army intelligence officer who had been wanted since the 1980s on theft charges and for questioning in an espionage probe. As Cody's decades as a fugitive came to an end, he claimed his charity was run at the behest of the Central Intelligence Agency. After reporting on the story for CNBC's American Greed in 2014, Daniel M. Freed dug into Cody's backstory—uncovering new information about his intelligence background and the evolution of his con.
