Here I Am Jonathan Safran Foer, 2016-09-06 A monumental novel from the bestselling author of *Everything Is Illuminated* and *Extremely Loud and Incredibly Close*, Jonathan Safran Foer's *Here I Am* In the book of Genesis, when God calls out, "Abraham!" before ordering him to sacrifice his son, Isaac, Abraham responds, "Here I am." Later, when Isaac calls out, "My father!" before asking him why there is no animal to slaughter, Abraham responds, "Here I am." How do we fulfill our conflicting duties as father, husband, and son; wife and mother; child and adult? Jew and American? How can we claim our own identities when our lives are linked so closely to others'? These are the questions at the heart of Jonathan Safran Foer's first novel in eleven years—a work of extraordinary scope and heartbreaking intimacy. Unfolding over four tumultuous weeks in present-day Washington, D.C., *Here I Am* is the story of a fracturing family in a moment of crisis. As Jacob and Julia Bloch and their three sons are forced to confront the distances between the lives they think they want and the lives they are living, a catastrophic earthquake sets in motion a quickly escalating conflict in the Middle East. At stake is the meaning of home—and the fundamental question of how much aliveness one can bear. Showcasing the same high-energy inventiveness, hilarious irreverence, and emotional urgency that readers loved in his earlier work, *Here I Am* is Foer's most searching, hard-hitting, and grandly entertaining novel yet. It not only confirms Foer's stature as a dazzling literary talent but reveals a novelist who has fully come into his own as one of our most important writers. "Dazzling . . . A profound novel about the claims of identity, history, family, and the burdens of a broken world." —Maureen Corrigan, NPR's "Fresh Air"

Celia throws herself into proving she's a perfect adoptive mother material – with a stable home and income – only to lose her job. Her one option: sell the Charleston house left to her by her recently departed, estranged Aunt Calpurnia. Arriving in Charleston, Celia learns that Calpurnia had become a hoarder, the house is a wreck, and selling it will require a drastic, rapid makeover. The task of renovation seems overwhelming and risky. But with the help of new neighbors, old friends, and an unlikely sisterhood of strong, creative women who need her as much as she needs them, Celia knits together the truth about her estranged family – and about herself. *The Restoration of Celia Fairchild* is an unforgettable novel of secrets revealed, laughter released, creativity rediscovered, and waves of wisdom by a writer Robyn Carr calls my go-to author for feel-good novels."

Yet Here I Am Deborah Binner, 2018-11-12 Deborah Binner's world was shattered when her 15 year-old daughter Chloe was diagnosed with Ewing's sarcoma, a rare bone cancer. Despite aggressive treatment, Chloe died three years later, two weeks after her 18th birthday. Still reeling from grief, Deborah was plunged deeper into despair when just 18 months later, her beloved husband Simon learned he had motor neurone disease. What's more, Simon knew from the outset he had no intention of allowing the disease to play out and opted instead for an assisted death. Despite her personal feelings, Deborah had no choice but to accompany him to a Swiss suicide clinic to say their goodbyes. The last six months of Simon's life was filmed for a BBC documentary – *How to Die: Simon's Choice* which was nominated for a BAFTA. In *Yet Here I Am*, Deborah describes with painful honesty, how she emerged from crushing sadness and pain to forge a new life for herself and even – eventually – find a new form of happiness. This is a remarkable story of human strength, resilience and hope.

Sassoon On The Art Of Creative Writing Elias Sassoon, 2011-02 The book is a compilation of articles I wrote for my daily blog on Facebook. The focal point is the life of the everyday, beaten-down writer and what it takes to be a writer facing the ordinary adversities of the craft. I don't try to sugarcoat anything; instead, I attempt to let you know what it means to be a functioning writer who struggles for each word, and struggles with the lack of financial and commercial success. How does the ordinary writer who works at a mundane job by day and writes by night hold it together? How do they continue to be productive? How do they continue to inspire themselves in a world that doesn't care? How do they keep themselves from becoming bored? All of this is explored in the articles contained in this small book on the creative writing process. I hope it can act as an inside look to all those interested in the subject or working in the field.

Undoing Networks Tero Karppi, Urs Stäheli, Clara Wieghorst, Lea Zierott, 2021-05-18 Exploring and conceptualizing practices, technologies, and politics of disconnecting How do we think beyond the dominant images and imaginaries of connectivity? *Undoing Networks* enables a different connectivity: "digital detox" is a luxury for stressed urbanites wishing to lead a mindful life. Self-help books advocate "digital minimalism" to recover authentic experiences of the offline. Artists envision a world without the internet. Activists mobilize against the expansion of the 5G network. If connectivity brought us virtual communities, information superhighways, and participatory culture, disconnection comes with privacy tools, Faraday shields, and figures of the shy. This book explores nonusage and the "right to disconnect" from work and from the excessive demands of digital capitalism.

1999: A Space Odyssey John K Balor, 2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series 'Space: 1999' can be understood in relation to Stanley Kubrick's '2001: A Space Odyssey' by looking at both narratives through the perspective of systems theory. As a result of doing so, an engaged debate concerned with the political and philosophical subtext of both stories developed. This book gives a full account of the debate with summaries of ideas and insights. The book has been developed on an idealistic basis. It is sold at the lowest price the publisher was willing to accept. A free e-book version can be downloaded at www.lulu.com.

Existential Psychotherapy and Counselling Mick Cooper, 2015-03-16 This book is for trainees and practitioners across the orientations who wish to incorporate an existential approach into their practice. Using a pluralistic perspective that recognises the diversity of clients and their individual needs, it shows trainees how and when existential concepts and practices can be used alongside other approaches. A wealth of resources and the author's writing style make this is one of the most accessible and inspiring introductions to existential therapy. Videos of existential counselling in practice and written case studies ensure existential theory is illustrated in practice, while reflective questions and exercises help trainees relate notoriously complex existential themes to their own knowledge and experience. A companion website offers relevant journal articles, video tutorials on existential counselling skills, the results of the author's survey of the 'Top 10' existential films, novels and songs, and much more. This passionate and insightful book is the ideal guide to help your trainees understand existential therapy and learn how to integrate its ideas and practices into their therapeutic work. Mick Cooper is Professor of Counselling Psychology at University of Roehampton.

The Epic Structure of Space 1999 John K. Balor, 2018-02-18 This book contains transcripts from Online Alpha discussions where the epic and narrative structure of

SPACE 1999 is being discussed by comparing episodes with themes, characters and elements of plot from the Homeric Odyssey and Lewis Carroll's stories about Alice. The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory. The book has been developed on an idealistic basis. It is sold at the lowest price the publisher was willing to accept. A free e-book version can be downloaded at www.lulu.com.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Killing Strangers T. K. Wilson, 2020-09-02 A bewildering feature of so much contemporary political violence is its stunning impersonality. Every major city centre becomes a potential shooting gallery; and every metro system a potential bomb alley. Victims just happen, as the saying goes, to 'be in the wrong place at the wrong time'. We accept this contemporary reality – at least to some degree. But we rarely ask: where has it come from historically? Killing Strangers tackles this question head on. It examines how such violence became 'unchained' from inter-personal relationships. It traces the rise of such impersonal violence by examining violence in conjunction with changing social and political realities. In particular, it traces both 'push' and 'pull' – the ability of modern states to force the violence of their challengers into niche forms: and the disturbing new opportunities that technological changes offer to cause mayhem in fresh and original ways. Killing Strangers therefore aims to highlight the very strangeness of contemporary experience when it is viewed against a long-term perspective. Atrocities regularly capture media attention – and just as quickly fade from public view. That is both tragic – and utterly predictable. Deep down we expect no different. And that is why such atrocities must be repeated if our attention is to be re-engaged. Deep down we expect that, too. So Killing Strangers deliberately asks the very simplest of questions. How on earth did we get here?

Dad Kevin Carroll, 2023-05-10 Inspirational San Francisco Bay Area psychotherapist Michael Ceely, LMFT recommended 12 questions fathers should always answer for their sons. When author Kevin Carroll's father passed away in 2008, there was much he still did not know about the man who, along with his mother, had raised him. In this book, the Author provides significant information about himself for his three sons. They have heard many of his stories before, but Carroll is grateful for the opportunity to take Ceely's advice and put his responses in writing for his sons. Perhaps what he shares here will be beneficial to others, as well.

Invisible Jennifer Rothschild, 2015-08-10 Author Jennifer Rothschild has a story for you. It's about an unlikely couple, an unusual courtship, a beautiful wedding, and an illicit affair. Despite this situation, the marriage did not fail. It flourished. Here is the story of Hosea's love for Gomer—a woman who might have disappeared into her transgressions if not for the love of her husband. It's a beautiful illustration of the story of God and Israel. Believe it or not, it's your story too. God chose you and loves you. If you wander off, He will find you. If you are afraid, He will reassure you. If you are broken, He will restore you. If you are ashamed, He will cover you. If you give up on Him, He will not give up on you. No matter where you are, God sees who you are and loves you faithfully. Through the story of Hosea and Gomer, God tenderly reaches out to you and whispers, My daughter, my name and nature are love. My name makes you lovely. Because I am worthy, I make you worthy. I am here to remind you of who you are. You are never invisible to me.

Drive Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Stories and Social Media Ruth E. Page,2013-03-01 This book examines everyday stories of personal experience that are published online in contemporary forms of social media. Taking examples from discussion boards, blogs, social network sites, microblogging sites, wikis, collaborative and participatory storytelling projects, Ruth Page explores how new and existing narrative genres are being (re)shaped in different online contexts. The book shows how the characteristics of social media, which emphasize recency, interpersonal connection and mobile distribution, amplify or reverse different aspects of canonical storytelling. The new storytelling patterns which emerge provide a fresh perspective on some of the key concepts in narrative research: structure, evaluation and the location of speaker and audience in time and space. The online stories are profoundly social in nature, and perform important identity work for their tellers as they interact with their audiences – identities which range from celebrities in Twitter, cancer survivors in the blogosphere to creative writers convening storytelling projects or local histories. Stories and Social Media brings together the stories told in well-known sites like Facebook and lesser-known community archives, providing a landmark survey and critique of personal storytelling as it is being reworked online at the start of the 21st century.
