Vintage British Shotguns Terry Wieland, 2008-12-16 This authoritative guide to British-made shotguns looks at individual makers, their products, and the selling points of particular guns. In some cases Wieland also notes negative points or product limitations. While the book will be welcomed by gun collectors worldwide, it is particularly useful to those who are curious about British makers whose production was or is substantial enough that their guns would have crossed the pond into North America.

The Annals of Our Time ...: pt. 2. 1891, by H.H. Fyfe Joseph Irving, 1892

Emily Gets Her Gun Emily Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora, the anti-gun lobby has launched a campaign of lies, distortion, misrepresentation, and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts. Their goal is to

take away our Second Amendment rights and then disarm law-abiding Americans. Emily Miller tells her personal story of how being a single, female victim of a home invasion drove her to try to obtain a legally registered gun in Washington, D.C. The narrative—sometimes shocking, other times hilarious in its absurdity—gives the reader a real life understanding of how gun-control laws only make it more difficult for honest, law-abiding people to get guns, while violent crime continues to rise. Using facts and newly uncovered research, Miller exposes the schemes politicians on Capitol Hill, in the White House, and around the country are using to deny people their Second Amendment rights. She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms. The gun rights debate isn't just about firearms. It's about protecting a fundamental right that is enshrined in the U.S. Constitution. It's about politicians who lie, manipulate, and outright break existing laws to get what they want. It's about President Obama wanting a bigger federal government to control you. Not just your guns—you. The fight for gun rights is the fight for freedom. Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go.

Gun Country Andrew C. McKevitt, 2023-09-18 Just as World War II transformed the United States into a global military and economic superpower, so too did it forge the gun country America is today. After 1945, war-ravaged European nations possessed large surpluses of mass-produced weapons, and American entrepreneurs seized the opportunity to buy used munitions for pennies on the dollar and resell them stateside. A booming consumer market made cheap guns accessible to millions of Americans, and rates of gun ownership and violence began to climb. Andrew C. McKevitt tells the history of this gun boom through the dynamics of consumer capitalism and Cold War ideology, the combination of which resulted in a vast number of Americans arming themselves to the teeth and centering their political identity on their guns. When gun control legislation emerged in the 1960s, many Americans, accustomed to the unregulated postwar bounty of cheap guns and fearful of Soviet invasion, domestic subversion, and urban uprisings, fiercely challenged it. Meanwhile, gun control groups were diverted from their abolitionist roots toward a conciliatory, fundraising-focused strategy that struggled to limit the stockpiling of firearms. *Gun Country* recasts the story of guns in postwar America as one of Cold War and racial anxieties, unfettered capitalism, and exceptional violence that continues to haunt us to this day.

Shoot to Win Chris Cheng, 2014-10-14 A surprising journey from tech support to professional marksman in front of the cameras. Chris Cheng won the title of "Top Shot," a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a tech support guy who didn't shoot a lot of guns beat out seventeen other competitors—including seasoned military veterans, law enforcement officers, and pro marksmen—in History Channel's Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork, sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, Shoot to Win is sure to please shooters of all stripes, but especially fans of History Channel's program Top Shot.
