Hide & Seek John A. Cassara,2011-07 One failure of 9/11 that has not received the attention it deserves is the inadequacy of the U.S. and international network of financial transparency reporting requirements to detect terrorist finance. In *Hide and Seek*, John A. Cassara, an expert in the fields of terrorist financing and money laundering, provides personal insight into the workings of the intelligence and law enforcement communities. He contends that the mistakes made by many different agencies before 9/11 were not isolated. Rather, he says these blunders were a result of bureaucratic cultures, misguided policies, and entrenched ways of doing business. Moreover, vulnerabilities still exist. Cassara's unique background allows personal insight into the real workings of the intelligence and law enforcement communities that failed us on September 11, 2001. His memoir provides a true-life perspective on issues, procedures, government cultures, and decisions that are so vitally important today.

Hide and Seek Peter A. Huchthausen,Alexandre Sheldon-Duplaix,2009-01-01 *Through dramatic incidents* tells for the first time the full story of the development of Cold War naval intelligence from the end of WWII to the breakup the Soviet Union in 1991, from both sides, East and West. Unlike other accounts, which focus on submarine confrontations and accidents, the authors cover all types of naval intelligence, human collection (racing with the Soviets to capture Nazi subs, successful and losing spies and defectors), signal intelligence (surface, air, satellite and navy commando teams in balaclavas launched by speed boats from subs), acoustic (passive underwater arrays and tapping phone lines), and the aerial and space reconnaissance. The authors give details of operations in all these areas, some of which were witnessed first hand. A new light is shed on the spy ships incidents of the 1960s and on submarine intrusions in Swedish waters. Excerpts of the Soviet Navy instructions on UFOs and accounts of Soviet naval encounters with unexplained objects are also published for the first time outside of Russia;

and much more.

The Heart of Sustainability Andres Edwards, 2015-11-01 A thriving life and livable future for our planet starts with you. Amidst the doom and gloom that dominates the headlines, a different kind of story about an alternative and sustainable future is unfolding. The players are social activists, visionaries, revolutionaries, and cultural innovators, the backdrop is this Anthropocene: the tipping point of our global and environmental challenges, and the narrative is the molding of a new paradigm to shape our collective future, and make environmental change. The Heart of Sustainability delves into the human dimension of this burgeoning international movement with an aim to become climate activists and build a better world. Author Andrés Edwards frames the conversation about consciousness, activism, innovation, and sustainability by: Explaining how self-development is a key driver for environmental planetary change Describing how the confluence of the consciousness and technological revolutions provide unique opportunities for balance and fulfillment Exploring how we can move forward individually and collectively to create a thriving, livable future from the inside out, during this Anthropocene. This landmark work illustrates the integration of the four Es: ecology, economy, equity, and education—the bedrock of the current sustainability framework—with the four Cs : conscious, creative, compassionate, and connected. Focusing on specific examples and concrete initiatives from social activists around the world, it shows us how to reconnect with ourselves, each other, and nature in order to tackle the climate change challenges we face as a global community. Andrés R. Edwards is the author of the award-winning *Thriving Beyond Sustainability* and *The Sustainability Revolution* . He is also the founder and president of EduTracks, a firm specializing education programs and consulting services on sustainable practices for museums, zoos, aquariums, culture and history centers.

Hide and Seek Benson P. Fraser, 2020-07-21 As bearers of the divine image, all of us are storytellers and artists. However, few people today believe in truth that is not empirically knowable or verifiable, the sort of truth often trafficked through direct forms of communication. Drawing on the works of Søren Kierkegaard, Benson P. Fraser challenges this penchant for direct forms of knowledge by introducing the indirect approach, which he argues conveys more than mere knowledge, but the capability to live out what one takes to be true. Dr. Fraser suggests that stories aimed at the heart are powerful instruments for personal and social change because they are not focused directly on the individual listener; rather, they give the individual room or distance to reconsider old meanings or ways of understanding. Indirect communication fosters human transformation by awaking an individual to attend to images or words that carry deep symbolic force and that modify or replace one's present ways of knowing, and ultimately make one capable of embodying what he or she believes. Through an examination of the indirect approach in Kierkegaard, Jesus, C. S. Lewis, and Flannery O'Connor, Fraser makes a strong case for the recovery of indirect strategies for communicating truth in our time.

Seek the Face of the Lord IZUORA RALPH IKECHUKWU, 2012-07-09 "Arise, shine; for your light has come, and the glory of the Lord has risen upon you" (Isaiah 60:1) There are basically three sides to a story: yours, mine and the truth. None may be lying in cases where shared memories tend to serve each person differently. This is primarily because mood and disposition still have their roles to play in works of interpretation irrespective of the understandability of the interpreter. However, works of divine inspiration as this one tend to be an exception somewhat to that rule because the Holy Spirit is usually in charge and in control of such inspired ventures

irrespective of the person so moved by the spirit. Having said that, please note that there is only one side to the story in this book and, that side is none but the TRUTH. Considering the fact that I am one person in the world with a very dark past and shambled theological training, I still shudder in awe at the divine involvement in my life for which I am alive and renewed today, to heed to the Ministry which I received in Christ Jesus. The Holy Bible has a proper admonition for each and everyone thus: "...take heed to the ministry which you have received in the Lord, that you may fulfill it" (Colossians 4:17) 'SEEK THE FACE OF THE LORD' is a book that evolved out of a most humble submission to the WILL of God for my life in spite of my escapades and inadequacy. I have therefore been divinely seized contrary to my conscious and involuntary objections to do the work of Gospel dissemination and outreach through divinely inspired combination of songs and attendant books of illumination. This book has nine chapters and is focused on illuminating the life and teachings of Jesus Christ as role model, ideal for God's kingdom life here on earth and hereafter. This book should therefore be read alongside the Holy Bible and the corresponding Gospel songs for each chapter for a greater mental, physical and spiritual discipline. As you get ready to begin a most demanding journey into these pages of spiritual re-awakening, I implore you not to be faint but to arise and shine, because your light has come. This book and its attendant songs contain powerful insight to the teachings of our Lord Jesus that you cannot but, allow the glory of the Lord to rise upon you and rekindle your spirit. Be blessed in Jesus Name. IZUORA RALPH IKECHUKWU (a.k.a EYE-KINGDAZZLE)

The Boy-Man, Masculinity and Immaturity in the Long Nineteenth Century Pete Newbon, 2018-09-04 This book explores the evolution of male writers marked by peculiar traits of childlike immaturity. The 'Boy-Man' emerged from the nexus of Rousseau's counter-Enlightenment cultural primitivism, Sensibility's 'Man of Feeling', the Chattertonian poet maudit, and the Romantic idealisation of childhood. The Romantic era saw the proliferation of boy-men, who congregated around such metropolitan institutions as The London Magazine. These included John Keats, Leigh Hunt, Charles Lamb, Hartley Coleridge, Thomas De Quincey and Thomas Hood. In the period of the French Revolution, terms of childishness were used against such writers as Wordsworth, Keats, Hunt and Lamb as a tool of political satire. Yet boy-men writers conversely used their amphibian child-adult literary personae to critique the masculinist ideologies of their era. However, the growing cultural and political conservatism of the nineteenth century, and the emergence of a canon of serious literature, inculcated the relegation of the boy-men from the republic of letters.
