**The Tender Cut** Patricia A. Adler,Peter Adler,2011-08-22  
Cutting, burning, branding, and bone-breaking are all types of self-  
injury, of the deliberate, non-suicidal destruction of one's own body  
tissue, a practice that emerged from obscurity in the 1990s and  
spread dramatically as a typical behavior among adolescents. Long  
considered a suicidal gesture, The Tender Cut argues instead that  
self-injury is often a coping mechanism, a form of teenage angst,  
and expression of group membership, and a type of rebellion,  
converting unbearable emotional pain into manageable physical  
pain. An important portrait of a troubling behavior, The Tender Cut

illuminates the meaning of self-injury in the 21st century, its effects on current and former users, and its future as a practice for self-discovery or a cry for help.--P. [4] of cover.

**Bad River** Ralph Cotton,2021-10-26 Arizona Ranger Sam Burrack is back—and hot on the trail of the worst desperados in two

countries Following a tip from a prisoner in Yuma Penitentiary, Ranger Sam Burrack is riding to the Mexican Valley to hunt down the Cowboy Gang, notorious bandits who have topped the Most Wanted list for the past year. The crooks have fled to Río Malo and settled in under the protection of corrupt town officials. Now, with new recruits including the infamous Russian assassin Kura Stabitz, they're robbing banks and trains on both sides of the border. "I will tell you where they are," Escalante had said, "only because I know that Stabitz will kill you and bleed you like a dying pig!" Burrack knows it won't be easy. He won't find the gunmen just waiting to be arrested in Bad River. But with patience—and a little luck—he will find them nearby, maybe in the limestone mountains, maybe in the caves above the old Quaker mission. He'll smoke them out like rats if he has to. That was the job, and a ranger always gets the job done... More than 4 million Ralph Cotton books in print!

Three Approaches to Abortion Peter Kreeft, 2009-12-17

Three Approaches to Abortion will help you persuade others -including pro-choice Catholics - that abortion is an evil society cannot permit or tolerate. Abortion has been and remains a crucial issue in American politics. Unfortunately, many Americans don't see abortion for the evil it is - the unjust killing of millions of human beings each year. Even many Catholics have been confused by the 'pro-choice' (read: pro-abortion) rhetoric of those who say that they personally accept Catholic teaching about abortion, but they can't impose it on others. You've heard argument after argument about this topic. Maybe you think there is nothing more to say. Well, there is. Three Approaches to Abortion, by popular author

Peter Kreeft, cuts through the nonsense of the 'pro-choice' position. He shows in an irrefutable way why abortion is evil and why it's illogical to support abortion rights while claiming to be personally opposed to abortion. Kreeft's commonsense approach to the issue, his lucid arguments, easy-to-grasp illustrations and examples, and his thoughtful dialogue between a pro-lifer and a 'pro-choicer' make this book an invaluable tool in the pro-life cause.
