Kissing Asphalt Delicia Niami,2023-09-14 Resilience isn't inherited. It's a hard-fought skill forged by our ability to pick up the broken pieces of our past and remake them into something new. Meet four-year-old Delicia, a poor but carefree child who is about to have her world shattered. Along with her seven-year-old brother Nile, she is kidnapped from her Los Angeles home by her estranged father and taken to Iraq, a foreign world she has never known. This is just the beginning of a string of traumas, hardships, and assaults Delicia will endure throughout her tumultuous childhood. Now an adult living back in California, Delicia Niami bravely recounts how she survived the unimaginable in her debut memoir. *Kissing Asphalt*, the first in her memoir trilogy, *ResilientAF*, grapples with the power of resilience, acceptance, and self-love. She revisits her terrifying past with vulnerability, compassion, and the honesty of a true survivor. Hold hands with Delicia as she faces her childhood scars and learns how to confront her fears, accept her true value and identity, and embrace her unique gifts. It's a multi-decade roller coaster ride that is the beginning of her liberation, propelling her to live an inspired life and embrace her full human potential—a human potential she knows lives inside everyone, no matter what life has thrown at us. For anyone who has struggled with childhood trauma, Delicia's unflinching journey through darkness and back to light will resonate. She has decided to share her story publicly in hopes that it will serve as a guide to the many who have suffered in silence and continue to struggle against the daunting weight imposed by childhood trauma.

Beauty and Power Mark Johnson,2020-05-25 This compelling study of gender and sexual diversity in the Southern Philippines addresses general questions about the relationship between the making of gender and sexualities, the politics of national and ethnic identities and processes of cultural transformation in a world of contract labourers and transnational consumers. The book focuses, in particular, on the meaning and experience of local 'gays' -- transvestite/transgender-homosexual men -- who are at once celebrated as purveyors of beauty (defined in terms of a global American otherness) and valorized as impotent men and defiled women. In short, America functions both as a sign of their abjected status and as a space for imagining and reformulating various gendered identities. This innovative work -- one of the first ethnographic studies to be published in the aftermath of the region's civil unrest -- will be of interest to anyone working on gender, the body and sexuality. Not only does it extend the boundaries of cross-cultural studies of non-mainstream genders and sexualities by directly engaging the entanglement of local sensibilities with global images and discourse, but it also demonstrates that there is nothing ambiguous about ambiguity -- gendered, sexual or otherwise. Rather, this ambiguity is the specific product of different historical relations of power through which various cultural subjects are created and re-create themselves.

Holiness and Desire Jessica Martin,2020-06-30 We live in a world that prizes gratification of desire. But what if this pressure to satisfy our wants instead makes us settle for lesser imitations? What if the problem with desire is not that we want what we can't have, but that we don't want it enough? What if desire itself - the gap between wanting and having - is the key to living well? *Holiness and Desire* explores these questions and the challenges they pose to modern living. Drawing on sources from the Bible to literature and social media, Jessica Martin considers what a distinctive holiness might look like within the distorting pressures of our highly sexualized modern culture.

Modern Romance Aziz Ansari,Eric Klinenberg,2016-06-14 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In

Modern Romance, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

The Art of French Kissing Brianna Shrum,2018-06-05 Seventeen-year-old Carter Lane has wanted to be a chef since she was old enough to ignore her mom’s warnings to stay away from the hot stove. Just as the tension between them reaches its boiling point, Carter and Reid are forced to work together if they want to win, and Carter begins to wonder if Reid’s constant presence in her brain is about more than rivalry.
