Quran Majeed (Arabi/Hindi) Ashraf 'Alī Thānvī, 2009 Sacred book of Islam.

Goodword Quran Translation in Hindi (Goodword) Maulana Wahiduddin Khan (Translator), 2014-01-18 The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. The Quran Allah, 2019-11 The Quran is the sacred text of Islam. For Muslims, it is the word of the one God. The Quran was revealed to the last prophet and messenger Muḥammad (محمد) from the year 610 until his death in 632 by the angel Gabriel (جبريل). According to the Quran, Allah is the author of all the sacred books of the three monotheistic religions that are Islam, Christianity, and Judaism. He thus revealed the Gospel to the penultimate prophet Jesus and the Torah to the prophet Moses. We read thus in verse 3 of sura 3: He brought down on you the Book (the Quran) with the truth, confirming the Books descended before him. And He brought down the Torah and the Gospel. However, Islam considers that with the exception of the Quran, all the holy books have been falsified by man. Verse 75 of Sura 2 goes in this direction: - Well, do you hope [Muslims] that such people [the Jews] will share your faith with you? while a group of them; after having heard and understood the word of Allah, knowingly falsified it. This present work is a translation into English of the meaning of the verses of the Quran made by Maulana Wahiduddin Khan.

Revelation, Rationality, Knowledge & Truth Hazrat Mirza Tahir Ahmad, 1998-06-30 Any divide between revelation and rationality, religion and logic has to be irrational. If religion and rationality cannot proceed hand in hand, there has to be something deeply wrong with either of the two. Does revelation play any vital role in human affairs? Is not rationality sufficient to guide man in all the problems which confront him? Numerous questions such as these are examined with minute attention. All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute. Whatever the intellectual or educational background of the reader, this book is bound to offer him something of his interest. It examines a very diverse and wide range of subjects including the concept of revelation in different religions, history of philosophy, cosmology, extraterrestrial life, the future of life on earth, natural selection and its role in evolution. It also elaborately discusses the advent of the Messiah, or other universal reformers, awaited by different religions. Likewise, many other topical issues which have been agitating the human mind since time immemorial are also incorporated. The main emphasis is on the ability of the Quran to correctly discuss all important events of the past, present and future from the beginning of the universe to its ultimate end. Aided by strong incontrovertible logic and scientific evidence, the Quran does not shy away from presenting itself to the merciless scrutiny of rationality. It will be hard to find a reader whose queries are not satisfactorily answered. We hope that most readers will testify that this will always stand out as a book among books – perhaps the greatest literary achievement of this century.

The Meaning of the Glorious Koran Mohammed Marmaduke Pickthall, 1997-05-01 The classic translation of the Koran by a convert to Islam In 1930, Mohammed Marmaduke Pickthall, a Western Islamic scholar and convert to Islam, published this English translation of the Koran, the central religious text of Islam, which the Times Literary Supplement lauded as "a great literary achievement." The aim of this work is to present to American readers what Muslims the world over hold to be the meaning of the words of the Koran, and the nature of that Book, accurately and concisely, with a view to the requirements of English-speaking Muslims. The first English translation of the Koran by an Englishman who is a Muslim, the Book is here rendered almost literally, and every effort has been made to choose befitting language. Regarded by Muslims as God's actual words revealed to the prophet Mohammed, the Koran remains the supreme authority of the Islamic tradition. Comprising laws, moral precepts, and narratives, its

timeless texts are the inspiration and guide of millions of Muslims. With this remarkably readable and scholarly translation, Pickthall introduces the sacred scriptures of the Koran to Western readers—and provides invaluable and fascinating insight into one of the world's great religions.

The Glorious Quran Word-for-Word Translation to Facilitate Learning of Quranic Arabic Shehnaz Shaikh, 2007-07-01 There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: * A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. * Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

An introduction to the holy Quran and it's unsolved mysteries Abdul Waheed , Quran (Kareem) is a holy book which is the message of Allah (God) revealed for the betterment of humanity. This is the message of the same Qur'an when the world or human beings were born, but it continued to be revealed to each prophet from time to time. The Prophet faithfully conveyed the message of Allah to the human beings as per the orders of Allah, but the human beings kept cutting thorns in the holy book according to their selfishness, as a result, the human beings could not get the original (messages of Allah). After that, Allah also continued to tell his messages to the incoming prophets through the angel (Jibrail), even then the changes in the book of Allah (Taureh, Zabur, Injil and other Saheefs) continued. After that, the last book Quran Sharif (which exists till the end) on the last prophet Mohammad had to be sent (descended) for the good of mankind. Because the responsibility of this holy book has been taken by Allah Ta'ala (God) Himself. Books for familiarizing Quran (Kareem) are very few and not good in Hindi, so by the grace of Allah Ta'ala, this book has been published. Took the initiative to write. By the way, this work is very delicate, so if any mistake is found in the book, please inform as soon as possible. So that the shortcoming of the book can be removed. I have shown this book to respected Maulana Mustafa Madani Nadvi Apart from this, I have also got other Maulana checked, he agrees with this article. My first book (World's main religion, opinion and sect) and second book (which is in your hand).

The Qur'an & Modern Science: Compatible or Incompatible? Zakir Naik, 2007 Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur'aan, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains guidance for all mankind. Since the message of the Qur'aan is believed to be for all times, it should be relevant to every age. Does the Qur'aan pass this test? In this booklet, I intend to give an objective analysis...
