The Content Trap Bharat Anand,2016-10-18 “My favorite book of the year.”—Doug McMillon, CEO, Wal-Mart Stores Harvard Business School Professor of Strategy Bharat Anand presents an incisive new approach to digital transformation that favors fostering connectivity over focusing exclusively on content. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Companies everywhere face two major challenges today: getting noticed and getting paid. To confront these obstacles, Bharat Anand examines a range of businesses around the world, from The New York Times to The Economist, from Chinese Internet giant Tencent to Scandinavian digital trailblazer Schibsted, and from talent management to the future of education. Drawing on these stories and on the latest research in economics, strategy, and marketing, this refreshingly engaging book reveals important lessons, smashes celebrated myths, and reorients strategy. Success for flourishing companies comes not from making the best content but from recognizing how content enables customers’ connectivity; it comes not from protecting the value of content at all costs but from unearthing

related opportunities close by; and it comes not from mimicking competitors' best practices but from seeing choices as part of a connected whole. Digital change means that everyone today can reach and interact with others directly: We are all in the content business. But that comes with risks that Bharat Anand teaches us how to recognize and navigate. Filled with conversations with key players and in-depth dispatches from the front lines of digital change, *The Content Trap* is an essential new playbook for navigating the turbulent waters in which we find ourselves. Praise for *The Content Trap* "A masterful and thought-provoking book that has reshaped my understanding of content in the digital landscape."—Ariel Emanuel, co-CEO, WME | IMG "The Content Trap is a book filled with stories of businesses, from music companies to magazine publishers, that missed connections and could never escape the narrow views that had brought them past success. But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans. . . . The book is a call to clear thinking and reassessing why things are the way they are."—The Wall Street Journal

Vedic Cosmography and Astronomy Richard L. Thompson, 2004 The mysteries of the fifth Canto of the *Srimad Bhagavatam* have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the *Bhagavatam*'s account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with Vedic astronomical treatises the *gyotisastras* which provide remarkably accurate measurements of the solar system.

Hinduism for Our Times Arvind Sharma, 1996 This book examines the contours of this creative tension in the context of Hinduism in our own times. For Hinduism, a religion of unknown antiquity, is also, in several ways, surprisingly modern. *Hinduism for Our Times* is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

Hindi Film Songs and the Cinema Anna Morcom, 2017-07-05 Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India's still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

The First Hindu Mission to America Sunrit Mullick, 2010 This book positions Brahmo Samaj leader Protap Chunder Mozoomdar as the originator of the Hindu mission movement to the United States of America in the late 19th century. It is known that Protap Mozoomdar, together with Swami Vivekananda, represented Hinduism at the Parliament of Religions at Chicago in 1893. But what has missed the focus of scholars is that Mozoomdar

visited the United States ten years earlier in 1883, making him the pioneer of the Hindu mission movement to the United States. The book is the first detailed study of Protap Chunder Mozoomdar in America. It is written through primary research on American newspapers, periodicals, manuscripts, diaries and archival material available in American libraries, and material in possession of the author. On the whole, the book presents new information of interest to both the general reader and the scholarly community.
