Vedic Cosmography and Astronomy Richard L. Thompson,2004 The mysteries of the fifth Canto of the Srimad Bhagavatam have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the Bhagavatam`s account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with vedic astronomical treatises the jyotisastras which provide remarkably accurate measurements of the solar system.

Hindi Film Songs and the Cinema Anna Morcom,2017-07-05 Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India`s still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

Hinduism for Our Times Arvind Sharma,1996 This book examines the contours of this creative tension in the context of Hinduism in our own times. Hinduism for Our Times is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

The First Hindu Mission to America Sunrit Mullick,2010 This book positions Brahmo Samaj leader Protap Chunder Mozoomdar as the originator of the Hindu mission movement to the United States of America in the late 19th century. It is known that Protap Mozoomdar, together with Swami Vivekananda, represented Hinduism at the Parliament of Religions at Chicago in 1893. But what has missed the focus of scholars is that Mozoomdar visited the United States ten years earlier in 1883, making him the pioneer of the Hindu mission movement to the United States. The book is the first detailed study of Protap Chunder Mozoomdar in America. It is written through primary research on American newspapers, periodicals, manuscripts, diaries and archival material available in American libraries, and material in possession of the author. On the whole, the book presents new information of interest to both the general reader and the scholarly community.

Mourning the Nation Bhaskar Sarkar,2009-05-20 What remains of the “national” when the nation unravels at the birth of the independent state? The political truncation of India at the end of British colonial rule in 1947 led to a social cataclysm in which roughly one million people died and ten to twelve million were displaced. Combining film studies, trauma theory, and South Asian cultural history, Bhaskar Sarkar follows the shifting traces of this event in Indian cinema over the next six decades. He argues that Partition remains a wound in the collective psyche of South Asia and that its representation on screen enables forms of historical engagement that are largely opaque to standard historiography. Sarkar tracks the initial reticence to engage with the trauma of 1947 and the subsequent emergence of a strong Partition discourse, revealing both the silence and the eventual “return of the repressed” as strands of one complex process. Connecting the relative silence of the early decades after Partition to a project of postcolonial nation-building and to trauma`s disjunctive temporal structure, Sarkar develops an allegorical reading of the silence as a form of mourning. He relates the proliferation of explicit Partition narratives in films made since the mid-1980s to disillusionment with post-independence achievements, and he discusses how current cinematic memorializations of 1947 are influenced by economic liberalization and the rise of a Hindu-chauvinist nationalism. Traversing Hindi and Bengali commercial cinema, art cinema, and television, Sarkar provides a history of Indian cinema that interrogates the national (a central category organizing cinema studies) and participates in a wider process of mourning the modernist promises of the nation form.

Bimal Roy Rinki Roy Bhattacharya,2009-07-15 Udayar Pathe, Bimal Roy`s first film, revolutionized Indian cinema. Hailed as a pioneer by Satyajit Ray, he was perhaps the first to bring shades of grey to the black-and-white screen. Roy`s spare storytelling and nuanced understanding of the

human condition are reflected in classics like Devdas, Sujata and Madhumati. His ability to illuminate ordinary characters like Shambhu in Do Bigha Zamin and Kalyani in Bandini, is attested to by their being a part of popular memory even to this day. The Man Who Spoke in Pictures is not just a eulogy to this great director, but also an insight into Roy, the man, the director and his art. The auteur’s little-known Bengal phase is chronicled by Mahasweta Devi and Amit Chaudhuri, as well as Tapan Sinha, Amit Bose and other greats of cinema who trace his journey from cinematographer to director. His Bombay years are recorded through a collection of analyses and anecdotes from leading literary and cinematic luminaries, including Nayantara Sahgal, Gulzar, Naseeruddin Shah and Khalid Mohammed. The final section examines Roy from the outsider’s perspective, with articles by Meghnad Desai, Rachel Dwyer and Paula Mayhew.
