Oswaal Editorial Board

My First Book of Hindi Words Rina Singh, 2016-08-02 *My First Book of Hindi Words* is a beautifully illustrated book that introduces young children to Hindi language and Indian culture through everyday words. Organized as an ABC rhyming book, *My First Book of Hindi Words* incorporates common Hindi words into charming English-language rhymes, beginning with: A is for akash. A sky so blue where little birds fly and big planes, too, and on through Z is for zukhaam. Achoo! I sneeze. I must have a cold. Mama, hug me please! Winsome, full-color pictures illustrate each word and allow even very young readers to make their first foray into India's official language. A helpful glossary at the end makes it easy for readers—including parents and teachers—to review what they've learned! With the help of this book, we hope more children (and adults) will soon be a part of the 300 million people worldwide that speak Hindi!

Hindi Teacher For English Speaking People Ratnakar Narale, 2009-01-01 Hindi is one of the world's main language, with over 650 million speakers in India, and millions more on every continent. There are many primers that teach children who can already speak Hindi—how to read and write their language. As the title *Hindi Teacher for English Speaking People* suggests, Dr. Ratnakar Narale has written this book with a different audience in mind: English speakers of all ages who want to learn Hindi from scratch. This audience includes many kinds of people: the inhabitants of non-Hindi-speaking parts of

India; Canadians, Americans, and West Indians whose ancestors came from India, but whose first languages is English. This logically arranged book is filled with virtually thousands of examples, and each dialogue is designed with the view of its practical value for the targeted people. Along the way, hundreds of new words and the frequent exercises let the student learn to speak and write Hindi sentences almost without much effort. This practical 'Teach Yourself' manual closes with exercises in correcting faulty sentences, reading dialogues, telling the time, and writing letters. There are also useful lists of proverbs, synonyms and antonyms, and so on. Dr. Narale has been careful to draw most of the examples from words and concepts that are familiar to Westerners. This emphasizes that Hindi is a world language, and not merely an Indian one. Truly practical, comprehensive and easy to understand reference manual for classroom study to learn Hindi.

Learn to Speak and Write Hindi P. K. Agarwal,2006

Hindi Is Our Ground, English Is Our Sky Chaise LaDousa,2014-01-30 A sea change has occurred in the Indian economy in the last three decades, spurring the desire to learn English. Most scholars and media venues have focused on English exclusively for its ties to processes of globalization and the rise of new employment opportunities. The pursuit of class mobility, however, involves Hindi as much as English in the vast Hindi-Belt of northern India. Schools are institutions on which class mobility depends, and they are divided by Hindi and English in the rubric of medium, the primary language of pedagogy. This book demonstrates that the school division allows for different visions of what it means to belong to the nation and what is central and peripheral in the nation. It also shows how the language-medium

division reverberates unevenly and unequally through the nation, and that schools illustrate the tensions brought on by economic liberalization and middle-class status.
