**Hola, Morocha!** Jennifer Poe,2017-05-11 Inspirational, sexy and funny, this literary travelogue series will take you on a Buenos Aires adventure that you'll never forget and also want to recommend to other travel lovers. -Tameka Mullins, Author of 12 Hours of Daylight - A Jason Jules Novella Part memoir and part travel guide, Hola, Morocha! captures the joys and frustrations of being a woman abroad with humor and grace. As a black woman in Argentina, Jennifer Poe was indeed a stranger in a strange land - only 0.4 percent of its 41 million inhabitants identified as Afro-Argentine in 2010 - so you know immediately that this is not your typical travelogue. Accompanying Jennifer on the ups and downs of her journey helped me remember everything I loved - and hated - about living abroad. Hola, Morocha! made me want to hop the next plane to Buenos Aires - or at least go get an empanada. -Kathy Pulkrabek co-host and producer XX Will Travel: A Podcast for Independent Women Travelers From her irreverent humor to her worries and insights, Poe has an uncanny ability to articulate her feelings through vivid actions instead of direct words. For intrepid travelers, this book is a gem and an invitation to walk down memory lane. The scenes she chose to highlight and share were so familiar to me as veteran traveler, that I began reliving my own moments of fear, anxiety, and accomplishments while traveling. Yet, newbie travelers setting out on their first solo adventure will likely find solace and inspiration in Poe's journey. It's definitely one of those if she can do it, so can I types of books that having read it they'll be better for it. -Davita M. McKelvey Editor-In-Chief, Griots Republic In a few short pages Hola, Morocha! manages to capture both the humor and vulnerability of being a young, black, female expat. It is a quick, fun read with a simple message: don't let fear keep you from chasing your [international] dream. -Amanda Bates Founder and Editor of The Black Expat When I first heard the word Morocha, I thought people were calling me a damn roach-granted, some exotic breed of roach that only skittered through luxury-but a roach! When I found out they were basically saying, Hey, black girl, hey! I took it as a term of endearment. Buenos Aires, Argentina-a city where black people are so few and far between that Ebony magazine once dubbed it The Land of the Vanishing Blacks. Yet that's exactly where Jennifer Poe headed with a one-way ticket in 2007 at the age of twenty-two, fresh off a break up, desperate for a change from her New York City life, and thirsty for adventure in every form. Armed with a copy of Hemingway's Moveable Feast and the contact info for the only hair stylist in a fifty-mile radius who could do black hair, Jennifer landed in BA with big plans, but zero amigas and only a cave-woman grasp of the Spanish language. As culture shock set in, Jennifer found herself dealing with the hilarious (a bidet that fought back), the absurd (the Argentine customs agency that held her fifty-pound package of black hair care products hostage) and the unexpected-like realizing her black skin and hair made her stand out in the best possible ways. Funny and insightful, Hola, Morocha! offers readers a new twist on the stranger in a strange land tale. Told in a funny, blunt style, this first installment in a series reads like postcards from your quirky best friend, inviting readers to experience every heartache, frustration and hilarious misstep right alongside her. Hola, Morocha! A Black Woman's Adventures in Buenos Aires: Culture Shock is the travel-memoir fusion of Awkward Black Girl meets Me Talk Pretty One Day honest, intelligent, and an authentic representation of empowering female solo travel.

**The Limits of Convergence** Mauro F. Guillén,2010-07-01 This book challenges the widely accepted notion that globalization encourages economic convergence--and, by extension, cultural homogenization--across national borders. A systematic comparison of organizational change in Argentina, South Korea, and Spain since 1950 finds that global competition forces countries to exploit their distinctive strengths, resulting in unique development trajectories. Analyzing the social, political, and economic conditions underpinning the rise of various organizational forms, Guillén shows that business groups, small enterprises, and foreign multinationals play different economic roles depending on a country's path to development. Business groups thrive when there is foreign-trade and investment protectionism and are best suited to undertake large-scale, capital-intensive activities such as automobile assembly and construction. Their growth and diversification come at the expense of smaller firms and foreign multinationals. In contrast, small and medium enterprises are best fitted to compete in knowledge-intensive activities such as component manufacturing and branded consumer goods. They prosper in the absence of restrictions on export-oriented multinationals. The book ends on an optimistic note by presenting evidence that it is possible--though not easy--for countries to break through the glass ceiling separating poor from rich. It concludes that globalization encourages economic diversity and that democracy is the form of government best suited to deal with globalization's contingencies. Against those who contend that the transition to markets must come before the transition to ballots, Guillén argues that democratization can and should precede economic modernization. This is applied economic sociology at its best--broad, topical, full of interesting political implications, and critical of the conventional wisdom.

**World On Board South America** Adrian Oh,1901 Adrian accomplished the almost impossible when he skateboarded across the world. He left his teaching job in Singapore to pursue his adventurous goal in 2017. For 2 years, he skated on a longboard for 24,000 km, across 33 countries in 4 continents. He documents this arduous journey with amazingly truthful reflections and a dash of humour. Through his journey, we ride pillion as he skates from Colombia to Highlands of the Andes Mountain range to Hot, fiery grasslands of Chaoco region to remote corners of Patagonia before completing his South America leg in Ushuaia. Candidly written and filled with surprises, Adrian shares his countless mishaps, magical connections and encounters of compassion bestowed upon him by locals he met along the way. More than a travelogue, this account gives a deeper insight into the profound beauty of travel in its raw sense; we catch a glimpse of what motivates the man – that even in his darkest, lowest moments, Adrian finds hidden reserves and dig his dark humour to keep himself emotionally afloat and accomplish what no others had done before. It is the kind of travel story that transports you to a place and moment like no mainstream travel books could.
