Don't Unplug Chris Dancy, 2018-09-18 Chris Dancy, the world's most connected person, inspires readers with practical advice to live a happier and healthier life using technology In 2002, Chris Dancy was overweight, unemployed, and addicted to technology. He chain-smoked cigarettes, popped pills, and was angry and depressed. But when he discovered that his mother kept a record of almost every detail of his childhood, an idea began to form. Could knowing the status of every aspect of his body and how his lifestyle affected his health help him learn to take care of himself? By harnessing the story of his life, could he learn to harness his own bad habits? With a little tech know-how combined with a healthy dose of reality, every app, sensor, and data point in Dancy's life was turned upside down and examined. Now he's sharing what he knows. That knowledge includes the fact that changing the color of his credit card helps him to use it less often, and

that nostalgia is a trigger for gratitude for him. A modern-day story of rebirth and redemption, Chris' wisdom and insight will show readers how to improve their lives by paying attention to the relationship between how we move, what we eat, who we spend time with, and how it all makes us feel. But Chris has done all the hard work: Don't Unplug shows us how we too can transform our lives.

The Me You See Jill Williamson, 2021-04-18 The Me You See is the third book in a series that travels alongside four friends as they deal with teen life in Riverbend, Indiana. The novel inspires girls and young women to deepen their relationships with God and solve their problems in God-honoring ways. Winter break is usually Izzy's favorite time of year, but this year all it does is make her feel lonely. She adores her brother Sebastian, but she's stuck at home taking care of him ALL THE TIME. And her squad—her friends from Drama I—are too busy with their own exciting plans to get together with her. So of course her phone is her lifeline! Izzy creates and posts videos of her amazing, to-die-for cupcake creations on her Instagram account. AND she stays connected with her squad. At least she would . . . if any of them bothered to text her back. Seriously, how hard is it to text back? But then school starts up again and Zac, the dreamy senior she's been crushing on for months, starts texting her. But her friends are less than thrilled. If they could only see Zac like she does—he's really a great guy! Then everything would be perfect. Riverbend Friends: A girl's best hope for surviving high

school is her friends. Join Tessa, Shay, Izzy, and Amelia as they laugh together, lean on each other, and discover that God is a Friend who's always got their back.

Nevada Imogen Binnie, 2022-06-07 One of Vogue's Best Books of 2022 So Far, Buzzfeed's Summer Books You Won't Be Able To Put Down, Book Riot's Best Summer Reads for 2022, and Dazed's Queer Books to Read in 2022 [*Nevada*] is defiant, terse, not quite cynical, sometimes flip, addressed to people who think they know. It is, if you like, punk rock. —The New Yorker *Nevada* is a book that changed my life: it shaped both my worldview and personhood, making me the writer I am. And it did so by the oldest of methods, by telling a wise, hilarious, and gripping story. —Torrey Peters, author of *Detransition, Baby* A beloved and blistering cult classic and finalist for the Lambda Literary Award for Transgender Fiction finally back in print, *Nevada* follows a disaffected trans woman as she embarks on a cross-country road trip. Maria Griffiths is almost thirty and works at a used bookstore in New York City while trying to stay true to her punk values. She's in love with her bike but not with her girlfriend, Steph. She takes random pills and drinks more than is good for her, but doesn't inject anything except, when she remembers, estrogen, because she's trans. Everything is mostly fine until Maria and Steph break up, sending Maria into a tailspin, and then onto a cross-country trek in the car she steals from Steph. She ends up in the backwater town of Star City, Nevada, where she meets James, who is probably but not certainly

trans, and who reminds Maria of her younger self. As Maria finds herself in the awkward position of trans role model, she realizes that she could become James's savior—or his downfall. One of the most beloved cult novels of our time and a landmark of trans literature, Imogen Binnie's Nevada is a blistering, heartfelt, and evergreen coming-of-age story, and a punk-smeared excavation of marginalized life under capitalism. Guided by an instantly memorable, terminally self-aware protagonist—and back in print featuring a new afterword by the author—Nevada is the great American road novel flipped on its head for a new generation.

Log Off Blake Snow, 2017-12-15 IT'S OFFICIAL: excessive internetting, smartphoning, and social media make us miserable. But it doesn't have to be that way. Over the last decade, recognized journalist Blake Snow rigorously researched, tested, and developed several connectivity strategies for finding offline balance in an online world, which resulted in this, his first book. In Log Off: How to Stay Connected after Disconnecting, Snow passionately, succinctly, and sometimes humorously explains how to hit refresh for good, do more with less online, live large on low-caloric technology, increase facetime with actual people, outperform workaholics in half the time, and tunefully blend both analog and digital lives with no regrets. If the offline balance movement is real, this is its playbook.

Beyond Jesus Patricia A. Pearce, 2018-07-03 In the crucible of grief following a friend's death, Presbyterian pastor Patricia Pearce sensed a dimension of existence beneath her ordinary perception-and became resolved to discover it. She soon found herself in a vortex of revelatory dreams, synchronicities, energy openings, and insights that shattered her worldview, exposed a unified Reality of Love, and unveiled the illusory nature of the ego and the world it has created. Faced with these discoveries, she struggled to remain in a religion that, she now realized, has been shaped by the very ego consciousness Jesus transcended and urged others to abandon. Enlightening, revelatory, and bold, Beyond Jesus reveals how our political and religious institutions are an outward manifestation of the inner beliefs

we hold about who we are, and that beneath the layers of dogma about Jesus lies a key to our spiritual evolution and the astonishing possibility it holds for the future.

Girl In Room 105 Chetan Bhagat, 2024-02-23 Hi, I'm Keshav, and my life is screwed. I hate my job and my girlfriend left me. Ah, the beautiful Zara. Zara is from Kashmir. She is a Muslim. And did I tell you my family is a bit, well, traditional? Anyway, leave that. Zara and I broke up four years ago. She moved on in life. I didn't. I drank every night to forget her. I called, messaged, and stalked her on social media. She just ignored me. However, that night, on the eve of her birthday, Zara messaged me. She called me over, like old times, to her hostel room 105. I shouldn't have gone, but I did... and my life changed forever. This is not a love story. It is an unlove story. From the author of *Five Point Someone* and *2 States*, comes a fast-paced, funny and unputdownable thriller about obsessive love and finding purpose in life against the backdrop of contemporary India.

Post Memes Daniel Bristow, Alfie Bown, 2019 Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, trololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any

one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticals alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES: SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. ABOUT THE EDITORS ALFIE BOWN is the author of several books including The Playstation Dreamworld (Polity, 2017) and In the Event of Laughter: Psychoanalysis, Literature and Comedy (Bloomsbury, 2018). He is also a journalist for the Guardian, the Paris Review, and other outlets. DAN

BRISTOW is a recovering academic, a bookseller, and author of *Joyce and Lacan: Reading, Writing, and Psychoanalysis* (Routledge, 2016) and *2001: A Space Odyssey and Lacanian Psychoanalytic Theory* (Palgrave, 2017). He is also the co-creator with Alfie Bown of *Everyday Analysis*, now based at New Socialist magazine.

Sensory Penalties Kate Herrity, Bethany E. Schmidt, Jason Warr, 2021-02-08
Sensory Penalties aims to reinvigorate a conversation about the role of sensory experience in empirical investigation. It explores the visceral, personal reflections buried within forgotten criminological field notes, to ask what privileging these sensorial experiences does for how we understand and research spaces of punishment and social control.

The 9.9 Percent Matthew Stewart, 2022-10-11 A trenchant analysis of how the wealthiest 9.9 percent of Americans -- those just below the tip of the wealth pyramid -- have exacerbated the growing inequality in our country and distorted our social values--

The Social Media Reader Michael Mandiberg, 2012-03 The first collection to address the collective transformation happening in response to the rise of social media With the rise of web 2.0 and social media platforms taking over vast tracts of territory on the internet, the media landscape has shifted drastically in the past 20 years, transforming previously stable relationships between media creators and consumers. The Social Media Reader is the first collection to address the collective transformation with pieces

on social media, peer production, copyright politics, and other aspects of contemporary internet culture from all the major thinkers in the field. Culling a broad range and incorporating different styles of scholarship from foundational pieces and published articles to unpublished pieces, journalistic accounts, personal narratives from blogs, and whitepapers, The Social Media Reader promises to be an essential text, with contributions from Lawrence Lessig, Henry Jenkins, Clay Shirky, Tim O'Reilly, Chris Anderson, Yochai Benkler, danah boyd, and Fred von Loehmann, to name a few. It covers a wide-ranging topical terrain, much like the internet itself, with particular emphasis on collaboration and sharing, the politics of social media and social networking, Free Culture and copyright politics, and labor and ownership. Theorizing new models of collaboration, identity, commerce, copyright, ownership, and labor, these essays outline possibilities for cultural democracy that arise when the formerly passive audience becomes active cultural creators, while warning of the dystopian potential of new forms of surveillance and control.

Images Rights Paolo Cirio, Louise Wolthers, 2020 Paolo Cirio presents the three series of works Attention, Property, and Derivatives in his solo show Images Rights at NOME Gallery in Berlin. The exhibition Images Rights expands upon Cirio's concept of Internet Photography, with a particular focus on the economic, legal, and semantic values of photos circulating online. These Cirio's works explore modes of appropriation art to address the political economy of images. Rather than authorship, these artworks problematize the ownership, liability, and social responsibility of the production and distribution of photos on the Internet. The series Attention, Property, and Derivatives each examine, respectively: images as currency of the attention

economy, images as capital, and images as finance.
