The Religion of Islam is a comprehensive book which divides its extensive treatment of Islam into three parts: (1) the sources of Islam, (2) the principles or doctrines of Islam, and (3) the practices of Islam relating to both the spiritual and the material aspects of human life. In this abridgment, discussions on the more advanced topics in The Religion of Islam have been omitted as being of interest only to scholars and researchers, and certain matters of detail have been condensed. Studies in Religion and the Everyday Farhana Ibrahim,2024-07-22 Studies in Religion and the Everyday is a collection of essays addressing the contours of religious beliefs and practices in the context of everyday life in India. Events and processes in contemporary India--especially post the

1990s--have contributed to distinct modes of articulating religious practices. This volume is an attempt to historicize--and problematize--the categorization of religion as a universally held and analytically distinct feature of human life and seeks to understand the conditions--historical, political, discursive--and processes of authorization under which a particular set of practices, values, and dispositions constitutes the 'religious' at a specific point in time. By bringing together studies that draw from diverse methodological and epistemological approaches, the book will serve as a useful introduction to religion in India for the general reader and as an indispensable resource for students and researchers. The volume presents fresh perspectives on existing fields of study such as the city, capital, minorities, secularization, and the state--no longer seen as distinct from religion but actively co-produced with religion in the context of the theoretical rubric of the everyday--thereby marking a departure from approaching the question of religion solely through the lens of identity and conflict.

Better, Not Bitter Yusef Salaam, 2021-05-18 Named a Best Book of 2021 by NPR This inspirational memoir serves as a call to action from prison reform activist Yusef Salaam, of the Exonerated Five, that will inspire us all to turn our stories into tools for change in the pursuit of racial justice. They didn't know who they had. So begins Yusef Salaam telling his story. No one's life is the sum of the worst things that happened to them, and during Yusef Salaam's seven years of wrongful incarceration as one of the Central Park Five, he grew from child to man, and gained a spiritual perspective on life. Yusef learned that we're all born on purpose, with a purpose. Despite having confronted the racist heart of America while being run over by the spiked wheels of injustice, Yusef channeled his energy and pain into something positive, not just for himself but for other marginalized people and communities. *Better Not Bitter* is the first time that one of the now Exonerated Five is telling his individual story, in his own words. Yusef writes his narrative: growing up Black in central Harlem in the '80s, being raised by a strong, fierce mother and grandmother, his years of incarceration, his reentry, and exoneration. Yusef connects these stories to lessons and principles he learned that gave him the power to survive through the worst of life's experiences. He inspires readers to accept their own path, to understand their own sense of purpose. With his intimate personal insights, Yusef unpacks the systems built and designed for profit and the oppression of Black and Brown people. He inspires readers to channel their fury into action, and through the spiritual, to turn that anger and trauma into a constructive force that lives alongside accountability and mobilizes change. This memoir is an inspiring story that grew out of one of the gravest miscarriages of justice, one that not only speaks to a moment in time or the rage-filled present, but reflects a 400-year history of a nation's inability to be held accountable for its sins. Yusef Salaam's message is vital for our times, a motivating resource for enacting change. *Better, Not Bitter* has the power to soothe, inspire and transform. It is a galvanizing call to action.

Law and Power in the Islamic World Sami Zubaida, 2003-05-23 Islamic law (the Shari'a) and its application is a central issue in contemporary Islamic politics and culture. Starting from modern concerns, this book examines the origins and evolution of the Shari'a and the corpus of texts, concepts and practices in which it has been enshrined. The central paradox in this history is one of power: the Shari'a is jurist's law, theoretically derived from sacred sources, yet dependent for its institution and application on rulers, with their own agendas and priorities. Sami Zubaida here considers key historical episodes of political accommodations and contests between scholars and sultans. Drawing on modern examples, mainly from Egypt and Iran, Zubaida explores how the Shari'a has evolved and mutated to accommodate the workings of a modern state by examining the reforms of the 19th and 20th centuries and the politics of the contemporary world. *Law and Power in the Islamic World* is an original and significant contribution to the debates surrounding Islam and ideas of modernity. As such its appeal and importance range across a wide spectrum of readers, students and scholars interested in Islamic law and the politics and social structures of the Muslim world. Extremely informed and highly readable: unlike any previous writings on the subject, it combines deep historical analysis with a vital sociological and political perspective. In these difficult times, it will be required reading both for experts and for the general reader with any serious interest in the world today. Eberhard Kienle, SOAS.

Equals in Learning and Piety Beverly Mack, 2023-07-11 Equals in Learning and Piety is an intellectual history of the 'Yan Taru (Associates) movement, a women-led Islamic educational organization that continues to this day in both northern Nigeria and in the United States. Drawing on extensive scholarship across disciplines including history, Islamic studies, anthropology, gender and women's studies, and literary studies—and alongside rigorous ethnographic research and interviews with leading Nigerian Muslim scholars—Beverly Mack argues that this formidable Muslim women's movement consolidated the religious and social order established by the Sokoto Jihad in the early nineteenth century. Mack shows how women scholars instructed rural Hausa and Fulani women in Muslim ethics, doctrine, traditions, and behavior that followed and replaced the traumatic experience of warfare unleashed by the Jihad. She shows that these unique social engagements shaped people's agency in the dynamic process of social change throughout the nineteenth century. Women imaginatively reconciled Muslim reformist doctrines and traditional practices in Nigeria, and these doctrines have continued to be influential in the diaspora, especially among Black American Muslims in the United States in the twenty-first century. With this major investigation of a little-studied phenomenon, Mack demonstrates the importance of women to the religious, political, and social transformation of Nigerian Muslim society.
