Insurance claims pay out more when you document details and proof of loss. Home inventory is not a simple checklist. It is a collection of both detailed item descriptions for large items and simple lists for lump sum claims on personal belongings. There are: Areas to list expensive furniture, collectibles, appliance, electronics and so forth Space to write the serial number plus purchase price, age, and replacement value List pages for smaller, bulk everyday items like school clothes A section to note vital documents, identification papers, banking and financial information, and insurance policies In the aftermath of a crisis, it can be hard to remember each individual item that was lost. Be prepared - take your household inventory before it is needed. Then store this book somewhere safe and away from your home (like a safe deposit box). Add Home Inventory to your essential household documents today and save yourself hours of work and worry later.
