Your Home Library Kathie Coblentz,2003-10-22 For the general book lover, someone whose ardor for the printed word has led to stacks of yet-to-be-read volumes on floors and other surfaces, here's a great, enjoyable way to keep track of them all. This comprehensive kit draws upon the expertise of one of the world's greatest libraries, the only facility of its kind with both world-class research and circulating collections. It includes a CD containing custom software to organize and record your book collection by title, author, subject, location on your bookshelf, and numerous additional useful categories. Also included are beautiful bookplates, an instruction manual, and an instructive volume on creating and organizing home libraries, written by an experience librarian. The 96-page book celebrates the myriad of joys of being a book lover, and addresses such issues as evaluating and organizing a collection, and keeping it in place with bookends and shelves; caring for books, and the art of loaning books that are actually returned.

Light House: A Trifle William Monahan,2013-02-05 A hilarious farce, in which a coastal New England hotel, the reader's expectations, and possibly The Novel itself, are turned inside out by an outrageous cast of characters, a mutinous Author, and the onset of a disastrous storm.

For the Love of Books Thatcher Wine,Elizabeth Lane,2020-06-02 A celebration of the meaning and comfort printed books bring to our homes and lives, from the curation and design experts at Juniper Books. Explore the significance of the home library, embellished with alluring photography and illustrations, in a keepsake worthy of any bibliophile's collection. For the Love of Books shares the vision of Juniper Books, a business that embraces the roles that books fulfill in our lives and their staying power. It recounts the

history of books and private libraries, and champions the resilience of books in the digital era. Dive into the nuances that define books for reading, books for decoration, and books for inspiration. Instructive chapters provide useful details for creating and curating one's own home library, whether it be a single shelf or multiple rooms each with their own collection. You will never look at your bookshelves the same way again. For the Love of Books is about storytelling beyond the pages of our favorite books. Our books—the ones we choose to keep—tell the story of who we are. They remind us who we once were and who we aspire to be. Thatcher Wine founded Juniper Books in 2001. The company creates custom libraries and has perfected the art of turning books inside out to allow for books to tell stories not just to us, but about us. Working with booklovers, homeowners, and designers, Juniper Books has provided the world with a fresh new approach to the printed book. Thatcher grew up in New York City where his parents owned and operated The Quilted Giraffe, one of the most innovative restaurants in America. Thatcher graduated from Dartmouth College with a degree in history and art history and lives in Boulder, Colorado. Elizabeth Lane is the founder of Quarterlane, a quarterly subscription book service which merged with Juniper Books in 2018. She is also the book buyer for her local independent bookstore, Partners Village Store and Kitchen in Westport, Massachusetts. Prior to working in books, Elizabeth worked in contemporary visual art—in galleries, nonprofit initiatives and museums in New York, Austin, and Chicago. Elizabeth graduated from Davidson College with a degree in art history and received her masters degree from the School of the Art Institute of Chicago.

Libraries of Light Alistair Black, 2016-10-04 For the first hundred years or so of their history, public

libraries in Britain were built in an array of revivalist architectural styles. This backward-looking tradition was decisively broken in the 1960s as many new libraries were erected up and down the country. In this new Routledge book, Alistair Black argues that the architectural modernism of the post-war years was symptomatic of the age's spirit of renewal. In the 1960s, public libraries truly became 'libraries of light', and Black further explains how this phrase not only describes the shining new library designs – with their open-plan, decluttered, Scandinavian-inspired designs – but also serves as a metaphor for the public library's role as a beacon of social egalitarianism and cultural universalism. A sequel to *Books, Buildings and Social Engineering* (2009), Black's new book takes his fascinating story of the design of British public libraries into the era of architectural modernism.

Snow Struck Nick Courage, 2022-02-15 An historic blizzard is raging across the eastern seaboard, and three unsuspecting kids are about to find themselves smack in the middle of it! Perfect for fans of the *I SURVIVED* series who are looking for a high-stakes adventure! Neither Elizabeth nor her little brother, Matty, have ever been north of Georgia. They're used to sandals and shorts, not boots and parkas. So when they fly to New York City to spend the holidays with their cousin Ashley, they want to experience one

thing: SNOW! Ashley can't wait to show her cousins how magical Manhattan is at Christmastime. But instead of a week of fun, what they get is an arctic blast that knocks out the power and plunges the skyscrapers into darkness. It's unreal: the blizzard covers the Statue of Liberty in ice and topples the famous Christmas tree at Rockefeller Center! When Ashley's dog, Fang, gets lost outside, the cousins take matters into their own hands. . . and are caught in the storm's dangerous path as they chase Fang across the frozen city. Can the little Pomeranian survive the cold, snow, and ice blanketing Manhattan? Can they?
