Islam the Honest Truth Abu Al-Haqq, 2020-11-15 A first of its kind written by a Muslim scholar, very few books are as honest in speaking about Islam as this. The author is an academic on the subject, with classical training in the religion. The book delves into areas most dare not venture into. It covers the history of the Quran to the person of Muhammad, to its major teachings, and where it got them from. The book is fully referenced with suggestions for further reading. It is intended for all, from the laity to the expert, to the Muslim and non-Muslim alike, as everyone will find something useful and beneficial. It honestly answers questions that are often posed such as 'Does Islam promote peace, and if so why is so much violence attached to this religion?' All your questions about Islam will be answered, the author uses only the most authentic sources to cite his evidence. Although primarily

focusing on Islam, the book covers the origins and teachings on Judaism and Christianity, this is done because of its claims of descent from these two religions. It contains many pages of ground-breaking research. If its truth you want, then this book is for you!

The Truth about Islam Anees Zaka,Diane Coleman,2004 Demonstrates that biblical Christianity and Qur'anic Islam are two dramatically different belief systems. Features tables comparing passages from the Bible and the Qur'an.

The Trouble with Islam Today Irshad Manji,2005-03-16 I have to be honest with you. Islam is on very thin ice with me.... Through our screaming self-pity and our conspicuous silences, we Muslims are conspiring against ourselves. We're in crisis and we're dragging the rest of the world with us. If ever there was a moment for an Islamic reformation, it's now. For the love of God, what are we doing about it? In this open letter, Irshad Manji unearths the troubling cornerstones of mainstream Islam today: tribal insularity, deep-seated anti-Semitism, and an uncritical acceptance of the Koran as the final, and therefore superior, manifesto of God's will. But her message is ultimately positive. She offers a practical vision of how Islam can undergo a reformation that empowers women, promotes respect for religious minorities, and fosters a competition of ideas. Her vision revives ijihad, Islam's lost tradition of independent thinking. In that spirit, Irshad has a refreshing challenge for both Muslims and non-Muslims: Don't silence yourselves. Ask questions---out loud. The Trouble with Islam Today is a clarion call for a fatwa-free future.

The Truth About Islam Steve Urick,2014-07-25 Islam, which began fourteen hundred years ago in Arabia, claims to be the one true religion, given to mankind by the one true God, Allah, and his lone messenger, Muhammad. It has since grown to almost 1.5 billion followers today and is quickly growing. Islam claims to be a "peaceful" religion, but is often known to be violent and threatens the freedom of the entire world. What are the teachings of Islam and how does it compare to the Bible? The Truth About Islam examines the Qur'an (Koran), the God of Islam, its pagan origin, the Jesus of Islam, its salvation plan, Sharia law and slavery, and its violent ideology of Jihad against all "infidels" (non-Muslims), in light of the Bible and world history. This concise and easy to read book will not only teach you what Islam basically believes, but also equip you to confidently reach out to Muslims with the gospel of Christ and refute many of Islam's errors. It also clearly presents the gospel of grace to any Muslim who is searching for the truth and desires to know how to have assurance of eternal life.

In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the

course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur'an, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains Divine guidance for all humankind. Since the message of the Qur'an is believed to be for all times, it should be relevant to every age. Does the Qur'an pass this test? In this booklet, I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Qur'an, in the light of established scientific discoveries. There was a time, in the history of world civilization, when "miracles", or what was perceived to be a miracle, took precedence over human reason and logic. But how do we define the term "miracle"? A miracle is anything that takes place out of the normal course of life and for which humankind has no explanation. However, we must be careful before we accept something as a miracle. An article in 'The Times of India', Mumbai, in 1993 reported that "a saint" by the name "Baba Pilot" claimed to have stayed continuously submerged under water in a tank for three consecutive days and nights. However, when reporters wanted to examine the base of the tank of water where he claimed to have performed this "miraculous" feat, he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. The 'Baba' was hiding something. It as a gimmick simply to gain publicity.(THE TRUTH ABOUT MUHAMMAD AND JESUS)Top 10 information you can learn in this book & why this is a must read book for all 1. Islam Rafat Amari,2004 We live in a time when knowledge is constantly increasing. Archaeology and the study of ancient manuscripts discovered in the Middle East give us a constant flow of information concerning the ancient religions which existed during the time of Mohammed.

Slavery, Terrorism & Islam Peter Hammond,2008 Slavery, Terrorism & Islam, is must reading to all those who want to find out the roots of the terrible Terrorism that is threatening global security. Slavery, Terrorism & Islam traces the roots of terrorism quite scientifically, and especially the roots of Quran itself is very interesting. It will help and extensively educate the International community to understand this monster called Terrorism / Rev. Jeffreys Kayanga, Episcopal Church of Sudan. The conflict between Islam and the rest of the world may dominate the headlines, define our foreign policy, and give new urgency to the day-to-day mission of our churches, but why that is the case is still not very well understood. It is for that reason that Frontline Fellowship has produced this vital new study of one of the most neglected aspects of Islam. Born out of the difficult experience of missionaries on the front lines of the battle for the soul of Africa. This book is designed to equip ordinary Christians from every walk of life to wisely and Scripturally minister in a world where the conflict between Islam and civilization is all too obvious / Dr. George Grant--Amazon.com.

The Book of the Jihad of 'Ali ibn Tahir al-Sulami (d. 1106) Niall Christie,2017-07-05 In 1105, six years after the first crusaders from Europe conquered Jerusalem, a Damascene Muslim jurisprudent named 'Ali ibn Tahir al-Sulami (d. 1106) publicly dictated an extended call to the military jihad (holy war) against the European invaders. Entitled Kitab al-Jihad (The Book of the Jihad), al-Sulami's work both summoned his Muslim brethren to the jihad and instructed them in the manner in which it ought to be conducted, covering topics as diverse as who should fight and be fought, treatment of prisoners and plunder, and the need for participants to fight their own inner sinfulness before turning their efforts against the enemy. Al-Sulami's text is vital for a complete understanding of the Muslim reaction to the crusades, providing the reader with the first contemporary record of Muslim preaching against the crusaders. However, until recently only a small part of the text has been studied by modern scholars, as it has remained for the most part an unedited manuscript. In this book Niall Christie provides a complete edition and the first full English translation of the extant sections (parts 2, 8, 9

and 12) of the manuscript of al-Sulami's work, making it fully available to modern readers for the first time. These are accompanied by an introductory study exploring the techniques that the author uses to motivate his audience, the precedents that influenced his work, and possible directions for future study of the text. In addition, an appendix provides translations of jihad sermons by Ibn Nubata al-Fariqi (d. 985), a preacher from Asia Minor whose rhetorical style was highly influential in the development of al-Sulami's work.

The Holy Qur-An ,2014-09-08 This edition has become among the most widely known English translations of the Qur'an. It is republished without the Arabic text and footnotes as a paperback.

10 Amazing Muslims Touched by God Faisal Malick,2012-04-17 Eternally amazing! Ten real-life experiences about faith in Allah, the Qur'an, and amazing encounters with the God of Abraham. Ten Amazing Muslims is a compilation of stories representing a vast demographic of Muslims—from Jihadists to peaceful leaders and humble Bedouins to intellectuals of various echelons of society worldwide. True stories include a man raised to be a terrorist, to a scholar seeking to know Muhammad and a woman raised as a Bedouin. Through these experiences you will gain a deeper understanding of Islam and be amazed at the personal encounters with the God of Abraham, Isaac, Ishmael, and Jacob. You will hear truths from the Qur'an, the Torah, the Zabur (the Book of Psalms), and the Injil (the Gospel)—the words of Muhammad, Moses, Jesus, and the ancient prophets of God. In their own words, ten amazing Muslims tell their stories about how God chose to reveal Himself to them in extraordinarily supernatural ways. Most of these men and women are devout Muslims, while others are scholars of the Qur'an and Hadith—some are just ordinary Muslims searching for answers from God.

Contemporary Bioethics Mohammed Ali Al-Bar,Hassan Chamsi-Pasha,2015-05-27 This book discusses the common principles of morality and ethics derived from divinely endowed intuitive reason through the creation of al-fitr' a (nature) and human intellect (al-'aql). Biomedical topics are presented and ethical issues related to topics such as genetic testing, assisted reproduction and organ transplantation are discussed. Whereas these natural sources are God's special gifts to human beings, God's revelation as given to the prophets is the supernatural source of divine guidance through which human communities have been guided at all times through history. The second part of the book concentrates on the objectives of Islamic religious practice – the maqa' sid – which include: Preservation of Faith, Preservation of Life, Preservation of Mind (intellect and reason), Preservation of Progeny (al-nasl) and Preservation of Property. Lastly, the third part of the book discusses selected topical issues, including abortion, assisted reproduction devices, genetics, organ transplantation, brain death and end-of-life aspects. For each topic, the current medical evidence is followed by a detailed discussion of the ethical issues involved.

The Truth About Islam and Women John Ankerberg,Emir Caner,2009-02-01 Emir Caner, converted Sunni Muslim and coauthor of the bestselling Unveiling Islam, joins apologist John Ankerberg, host of the powerhouse John Ankerberg Show, to provide a helpful resource for informed Muslim—Christian interaction. Immersed in the Islamic worldview as the son of a devout mosque leader, Caner gives readers the real picture of women under Islam. He and Ankerberg delve under the claims of Muslim apologists and open readers' eyes to... the conditions of near-slavery women suffer in many Islamic cultures the contempt for women found in the Qu'ran Muhammad's ambivalence toward females the dehumanizing double standard regarding men's and women's sexual behavior the problems with judging Islam by considering only North American Muslims Finally, Ankerberg and Caner leave no doubt why, in the light of history, Christianity is the truly radical religion regarding the treatment and status of women. A great source for understanding and discussion.
