Above The City Alicia M. Kershaw, Ginger Thrash, 2005-01-01

Above the City: Hiking Hong Kong Island is a unique comprehensive guide to walks and hikes on Hong Kong Island. Many Hong Kong residents and visitors enjoy a few famous hikes, but then are at a loss to find more routes. *Above the City* takes the walking enthusiast beyond the well-trodden paths and explores all the walks available on Hong Kong Island. Walkers can find outings to suit their every mood, and variations on well-known and well-loved walks. Every walking route on the Island is described in detail, including distance and difficulty ratings. The hikes are organized around "hubs," allowing easy identification. They also are indexed by special interests, such as routes that can be run, that are suitable for families, or the most scenic. Directions to the walks by public transportation and by car are provided, and local amenities, such as rest stops, restaurants and local historical sites are listed. Local residents who are seeking more walking choices, walking groups, or visitors to Hong Kong will find *Above the City* an invaluable hiking companion. "Can beguiling, solitary hiking trails exist just kilometres from Hong Kong's crowded streets? Or wild summit panoramas beckon 'above the city'? Alicia Kershaw and Ginger Thrash know they do. With ample practical hints, and obvious delight in hiking, the authors guide us along the many wonderful trails on Hong Kong Island. Knowing the joys of hiking—and how steep Hong Kong hills can seem!—they encourage us to put on our hiking boots." —Edward Stokes, Hongkong Conservation Photography Foundation "Even more helpful for residents than for visitors,

Above the City offers clear, concise directions to places seemingly out-of-the-way, yet close to the city. Practical, helpful details, such as bus routes, points of access and places to eat or relax, are interspersed with out-of-the-ordinary elements of local history and ecology, all engagingly brought together in a chatty, enthusiastic style. Above the City should be an essential companion for any walk across 'over-crowded' Hong Kong Island's beautiful open spaces." —Jason Wordie, Hong Kong historian and author

Hong Kong Trails Kyung Suk Oh, 2015-12-07 Have you ever heard of trails in Hong Kong except shopping and foods? There are 4 breathtaking trails in Hong Kong. They are Maclehoose Trail, Wilson Trail, Hong Kong Trail and Lantau Trail. The number one trail must go to Maclehoose Trail, a 100-Km-long trail well-prepared by Sir Maclehoose who was a governor from UK. You will also meet Wilson Trail at New Territory. Hong Kong Trail is established at Hong Kong Island and Lantau Trail is settled on Lantau Island where Hong Kong International Airport is located in. This is the full version of the series of Hong Kong Trails, which introduces 9 stunning stages of the trails in Hong Kong. They are, (1) Ham Tin Wan, (2) Ma On Shan, (3) Sunset Peak, (4) Lantau Peak, (5) Mount Parker Road, Sir Cecil's Ride & Tai Tam Reservoir Country Park, (6) Dragon's Back, (7) Shing Mun Reservoir Country Park, (8) The Peak Circle Walk and (9) Peng

Chau Island. If asked to recommend one out of the beautiful stages, I dare to thumb Ham Tin Wan up as the best. It is a wonderful stage of Maclehorse Trail at Sai Kung, New Territory. On the mountain of Ma On Shan, you will find a snake-like path behind you. Lantau Peak and Sunset Peak are facing each other at Lantau Island. You will meet a perfect course for walking, jogging and hiking at Monut Parker Road which is gorgeously prepared at Hong Kong Island. Dragon's Back has been nominated as the best perspective in Asia. You cannot but take a break at a pavilion where monkeys are hanging around Shing Mun Reservoir Country Park at New Territory. You will meet many professional photographers at The Peak Circle Walk who are waiting for the best moment to take photos of the legendary face of Hong Kong. After 30 minutes by ferry, you will meet Peng Chau Island which has a hidden but beautiful trail. In addition to the detailed information especially on the ways to the starting point, you will meet many maps and photos indicated by arrows and explaining boxes for the directions you will proceed. Which exit of the subway station you have to come out of, where you can find the bus stand, where you have to alight from the bus, how to come back to your hotel at the finish are all explained in detail through maps and photos. You need neither to chase after a guide nor to ask passers-by for your destination. You can enjoy the fantastic trails by your own self. Keep this book in your pack and take a subway. Then, you will meet a quite different face of Hong Kong you have never imagined before.

Hiking in Hong Kong Simon Whitmarsh, Andrew

Mok, 2022-10-18 Although Hong Kong is often thought of as

intrinsically urban, just a short distance from the big cities are lush mountains and attractive and varied countryside. This guide presents the highlights of this hiking-friendly territory, detailing 21 graded day walks and four short treks: Hong Kong Trail (presented in 3 day stages), Lantau Trail (5 days), MacLehose Trail (5 days) and Wilson Trail (5 days). The day walks - of 5 to 22.5km - cover Hong Kong, Kowloon, the New Territories and the islands and range from easy hikes suitable for families to challenging ascents of Hong Kong's highest peaks. The territory's compact nature and excellent public transport infrastructure make it easy to access the routes. The guide has all you need to explore Hong Kong's excellent network of trails. Route description is accompanied by clear mapping and there are comprehensive notes - including Chinese place names - to help visitors navigate the public transport system. Alongside practicalities such as getting there, equipment and weather, information on local points of interest offers an insight into Hong Kong's rich geology, history and culture. The Hong Kong archipelago is one of surprising diversity and contrast, where high-rise modern cities are set against a backdrop of verdant green mountains, and sandy beaches lie right alongside dense jungle. There are also plenty of opportunities for wildlife-spotting and chances to experience the fascinating 'East meets West' culture. This guide is the perfect companion to discovering the fantastic walking on offer in the 'Pearl of the Orient'.

Hong Kong G. Byrne Bracken, 2003 Hong Kong is a collage of buildings old and new upon a canvas of colonialism and modernism. Covering favourite places such as The Peak, Nathan Road, Tsim Sha Tsui and more, with theabouts, beyonds and surroundings, this beautiful-book-cum-walking-guide will enhance anyone's

appreciation of Hong Kong's history, culture and temperament through its distinctive urban landscape.

Walking Between Slums and Skyscrapers Tsung-Yi Michelle Huang, 2004-03-01 The book is concerned with the effects of globalization on living space (i.e. the space of everyday life), focusing specifically on East Asian metropolises, such as Hong Kong, Tokyo, and Shanghai. Globalization has given rise to accessible catch-phrases such as the global village and this is a small world. In each part of the book the author juxtaposes a social account of the city's urban space as it has been reshaped by the process of globalization with a private account of the urban landscape as experienced by its walkers (as represented in the films of Wong Kar-wai and Shinya Tsukamoto and the novels of Wang Anyi). Rather than rest here, the author wishes to show that for many of the inhabitants of the new global city, the shrinking world phenomenon is deeply literal: the lived space of everyday life is shrinking to make room for rezoning, construction of new infrastructures, space modification — all in the name of urban development.
