Sacred Rhythms Francis Wagner, 2014-08-26 *Sacred Rhythms: The Monastic Way Every Day* is a compilation of reflections originally published in our Notes from a Monastery series. Gathered here under the themes of prayer, work, faithfulness, and conversion, these meditations showcase the knowledge of religious and lay authors familiar with the Benedictine way of life.

Finding Grace in the Moment Fr. Simeon Daly OSB, 2005-04 *Finding Grace in the Moment* is a collection of Fr. Simeon's writings--some personal, some whimsical, some heartfelt--but all filled with the insight and wisdom learned from his lifetime journey as a monk and a lover of the written word. The collection includes: personal stories, homilies, and reflections on life in the monastery. With joy, wonder and humor, this Benedictine monk and priest shares stories about his family and friends, his brother monks, and his musings on topics as varied as his door, church bells and chance meetings. Some of the stories in *Finding Grace in the Moment* are also available on a three-CD set and can be purchased from Saint Meinrad's Scholar Shop, phone (812) 357-6751 or online at www.saintmeinrad.edu/shop.

Forming Intentional Disciples Sherry A. Weddell, 2015-11-30 How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ, and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider

these statistics for the United States. Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically, by nearly 60 percent, between 1972 and 2010. Only 60 percent of Catholics believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized-in other words, Catholics-in-the-pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of *Forming Intentional Disciples*, a book designed to help Church leaders, parish staff and all Catholics transform parish life from within. Drawing upon her fifteen years of experience with the Catherine of Siena Institute, Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity, charisms, and vocation that flow from that relationship for the sake of the Church and the world. Learn about the five thresholds of postmodern conversion, how to open a conversation about faith and belief, how to ask thought-provoking questions and establish an atmosphere of trust, when to tell the Great Story of Jesus, how to help someone respond to God's call to intentional discipleship, and much more. And be prepared for conversion because when life at the parish level changes, the life of the whole Church will change.

Authenticity, Passion, and Advocacy Thomas E. Malewitz, 2020-07-08

Adolescence can be best summarized as a time of authenticity, passion, and advocacy. As adolescents start maturing, on a life journey that leads them away from dependence on their parents to becoming an independent adult, they often seek out honest and transparent mentors to learn from and trust for wisdom and guidance. Although Thomas Merton, the celebrated spiritual author and Cistercian monk, is better remembered for his writings on ecumenism, nonviolence, and advocacy, he also had several documented correspondences with adolescents throughout his life. By examining these artifacts, it is clear that Thomas Merton had great insight into the spiritual needs and challenges of adolescents. Throughout his life, Merton's authentic struggles often parallel the searching nature that defines adolescent spirituality. Through scholarship and practice this book will explore how the life and writings of Thomas Merton may serve as a guide and bridge for ministers of adolescents, and will offer some practical suggestions for ministers, educators, and parents on topics affecting contemporary adolescents, through the lens of Thomas Merton's life and writings.

The Many Facets of Sunday Mass Alan Phillip, 2019-12-08 Many people go to church on Sunday to give an hour to God. That's a nice thought. But God doesn't want an hour, or two hours, or even a day. He wants our entire life. And for Catholics, Sunday Mass is where that is expressed. Participation at Mass is a 24/7 experience. It involves our minds, our bodies, our hearts and our wills all week long. At Mass, after the final blessing, the priest or

deacon says something like, Go in peace. The Mass is ended. It would be more correct to say, the Mass continues. At Mass we are nourished with the Word of God, fed with the Body and Blood of Christ, and then sent forth to serve. We come back the following Sunday to be nourished and fed again, and sent forth again. Sent forth to serve? That means we are sent forth to stand up for truth, work for justice, and cultivate peace. We are sent forth to offer forgiveness, exercise hospitality and speak with kindness. We are sent forth to listen with understanding, show appreciation and radiate compassion. At each Mass we give thanks for all the blessings of the past week. We give thanks for all the ways we were able to serve. We ask for mercy for the times we have failed. And we ask for help for the challenges of the week ahead. Participation at Mass takes every hour of every day. It is a way of life. This new booklet explains how. With St. Peter on Mt. Tabor, we say, Lord, it is good for us to be here (Matthew 7:14).

Human Wholeness Mark G. Boyer, Matthew S. Ver Miller, 2015-03-04 Imagine a rope braided out of seven strands of twine, forming a circle so that even the ends of the rope are woven together. That is an image of human wholeness. This book proposes seven aspects to human wholeness: intellectual, psychological, emotional, physical, sexual, spiritual, and aesthetic. After examining each of these aspects, this work presents a spirituality of relationship. It also explores how human wholeness is a basis for relationship. Two people relating to each other out of each person's

wholeness provide the occasion for an experience of the divine. All relationships begin with some connectivity to an aspect of human wholeness. As both parties enter more deeply into their relationship, more connectivity is achieved. By reflecting on the experiences of one's life in dialogue with a trusted friend, a person discovers the freedom to be who he or she is in the presence of the other and receives back the gift he or she offers to the other in total freedom. This transcendent aspect of a relationship can enable friends to discover God in each other, as each other. Jesus serves as a model for human relating; in him all aspects are woven together into a whole human being.

The Sayings of the Desert Fathers ,1975-02-01 'Give me a word, Father', visitors to early desert monks asked. The responses of these pioneer ascetics were remembered and in the fourth century written down in Coptic, Syriac, Greek, and later Latin. Their Sayings were collected, in this case in the alphabetical order of the monks and nuns who uttered them, and read by generations of Christians as life-giving words that would help readers along the path to salvation.

Father Ed Dowling Glenn F. Chesnut,2015-07-17 The story of Father Ed Dowling, S.J., the Jesuit priest who served for twenty years as sponsor and spiritual guide to Bill Wilson, the co-founder of Alcoholics Anonymous. An icy evening in December 1940 saw the first meeting of two extraordinary spiritual leaders. Father Ed said that the graces he received from meeting

Bill Wilson were as great as those he had received from his ordination as a priest, and Bill in turn described encountering the Jesuit as being like a second conversion experience, where he could feel the transcendent presence of God filling the entire room with grace. The good priest taught Wilson about St. Ignatius Loyolas Spiritual Exercises, about the eternal battle between good and evil which the Spanish saint described in that book, and explained the Jesuit understanding of the way we can use our deepest emotions to receive guidance from God while serving on that battlefield. The co-founder of the twelve step movement in turn supplied Father Ed with some of the most valuable tools he possessed for carrying out small group therapy on a wide range of different kinds of troubled people. Together the two men discussed Poulains Graces of Interior Prayer and Bills attempts to make spiritual contact with both spooks and saints, and explored the world of LSD experiences and the teachings of the Catholic, Hindu, and Buddhist mystics in Aldous Huxleys Perennial Philosophy. And we will see how Father Ed, with his deep social conscience, helped Bill W. turn his book on the Twelve Traditions into a Bill of Rights for the twelve step movement, and how he laid out his own spiritual vision of Alcoholics Anonymous at the A.A. International in St. Louis in 1955.

Anything of Which a Woman Is Capable Mary M. McGlone, 2017-12-15 The title, Anything of Which a Woman is Capable, comes from Father Jean Pierre Médaille, the Jesuit who brought together the first Sisters of St. Joseph in the mid-

seventeenth century. Since 1650, congregations of St. Joseph have grown in Europe, the Americas, India and the Orient, all attracting women who are called to do anything of which they are capable to serve their dear neighbor. This volume tells stories of the foundations of congregations in France and then, beginning in 1836, in the United States. It introduces the reader to intrepid women whose willingness to serve knew no boundaries and whose strong personalities provided an ample match for Church leaders who either encouraged or tried to control their zeal. The copious footnotes make this a valuable addition to the history of Catholic women religious in the United States as well as to the history of Catholicism.

Almost Christian Kenda Creasy Dean, 2010-07-16 Based on the National Study of Youth and Religion--the same invaluable data as its predecessor, *Soul Searching: The Religious and Spiritual Lives of American Teenagers*--Kenda Creasy Dean's compelling new book, *Almost Christian*, investigates why American teenagers are at once so positive about Christianity and at the same time so apathetic about genuine religious practice. In *Soul Searching*, Christian Smith and Melinda Lundquist Denton found that American teenagers have embraced a Moralistic Therapeutic Deism--a hodgepodge of banal, self-serving, feel-good beliefs that bears little resemblance to traditional Christianity. But far from faulting teens, Dean places the blame for this

theological watering down squarely on the churches themselves. Instead of proclaiming a God who calls believers to lives of love, service and sacrifice, churches offer instead a bargain religion, easy to use, easy to forget, offering little and demanding less. But what is to be done? In order to produce ardent young Christians, Dean argues, churches must rediscover their sense of mission and model an understanding of being Christian as not something you do for yourself, but something that calls you to share God's love, in word and deed, with others. Dean found that the most committed young Christians shared four important traits: they could tell a personal and powerful story about God; they belonged to a significant faith community; they exhibited a sense of vocation; and they possessed a profound sense of hope. Based on these findings, Dean proposes an approach to Christian education that places the idea of mission at its core and offers a wealth of concrete suggestions for inspiring teens to live more authentically engaged Christian lives. Persuasively and accessibly written, *Almost Christian* is a wake up call no one concerned about the future of Christianity in America can afford to ignore.

The Encyclopedia of Saints Rosemary Guiley, 2001 *The Encyclopedia of Saints* offers thorough and fascinating accounts of familiar and little-known holy men and women of the Catholic and Orthodox churches. Drawing from documented accounts and supplemented with additional extensive research

American Catholics William V. D'Antonio,2001-08-07 How much do American Catholics still identify with the Catholic Church? Do they agree with the Church's teachings, and how often do they participate in its sacraments? What do they think it takes to be a good Catholic? What do they consider to be the Church's core teachings? How do they believe issues of faith and morals should be decided: by the hierarchy, the laity, or some combination of the two? How are they coping with the priest shortage, and what do they believe the Church should do to solve the problem? How do they feel about social issues such as capital punishment and increased military spending? In *American Catholics*, four distinguished sociologists use national surveys from 1999, 1993, and 1987 to examine these issues. They show that Catholics' beliefs and practices are changing. They also demonstrate how differences in gender, generation, and commitment to the Church influence attitudes on all of these issues. Balanced and clear, filled with useful tables and charts, and unique in its ability to compare results over time, *American Catholics* makes essential reading for anyone interested in the future of Catholicism in the United States.

Thomas Merton's Encounter with Buddhism and Beyond Jaechan Anselmo Park,2019-03-07 Thomas Merton recognized the value and possibility of

contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that, through such dialogue, monastics would strive for 'inter-monastic communion' and a bonding of the broader 'spiritual family.' He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided. Among other themes and topics, this book explores Thomas Merton's role as a pioneer of Buddhist-Christian dialogue and monastic interreligious dialogue. It delves into the process of Merton's self-transformation through contemplative experiences, explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist-Christian dialogue, and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism. Fr. Jaechan Anselmo Park, OSB, articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter-monastic dialogue, particularly in an Asian monastic context.
