The Missing Element Debra Silverman, 2016-03-01 Everyone longs to be understood in their essence. In *The Missing Element*, author Debra Silverman describes human nature in a compassionate and succinct way, and offers ways for us to get to know ourselves in depth with the wisdom of archetypes. The information in this book stands on the shoulders of our elders, who understood the four directions, the four elements, the four noble truths. Whatever pain you experience is specific to your personality type, based on the four elements. The 'missing element' is twofold: it refers to the Observer inside you – the part of you that can stand outside of judgment and see yourself with a more wise and compassionate approach – much like our elders did. And it also refers to the elements that make up your personality and more specifically, to the element which is your weakest. Your issues will repeat themselves again and again until you can see yourself and others from the compassionate vantage point that unites all of us. You will understand that your life and all its stories were designed by your soul to get your attention right now. It is inviting you to seek the wisdom of the ages to help you grow... that's why you found this book at this moment in time!

Ninth House Leigh Bardugo, 2019-10-08 The best fantasy novel I've read in years, because it's about real

people... Impossible to put down. –Stephen King The smash New York Times bestseller from Leigh Bardugo, a mesmerizing tale of power, privilege, and dark magic set among the Ivy League elite. Goodreads Choice Award Winner Locus Finalist Galaxy “Alex” Stern is the most unlikely member of Yale’s freshman class. Raised in the Los Angeles hinterlands by a hippie mom, Alex dropped out of school early and into a world of shady drug-dealer boyfriends, dead-end jobs, and much, much worse. In fact, by age twenty, she is the sole survivor of a horrific, unsolved multiple homicide. Some might say she’s thrown her life away. But at her hospital bed, Alex is offered a second chance: to attend one of the world’s most prestigious universities on a full ride. What’s the catch, and why her? Still searching for answers, Alex arrives in New Haven tasked by her mysterious benefactors with monitoring the activities of Yale’s secret societies. Their eight windowless “tombs” are the well-known haunts of the rich and powerful, from high-ranking politicians to Wall Street’s biggest players. But their occult activities are more sinister and more extraordinary than any paranoid imagination might conceive. They tamper with forbidden magic. They raise the dead. And, sometimes, they prey on the living. Don't miss the highly-anticipated sequel, *Hell Bent*.

Where Is Your Part of Fortune? Barbara Goldsmith,2018-10-04 Your Part of Fortune can indicate your career path, your vocation, your mode and level of income, your health, your connection with the wider world, and on a deeper level, how your soul can grow to its highest expression.As it is comprised of a combination of your Sun, Moon and Ascendant, three of the most significant places in a chart, it could be said that the Part of Fortune is just as important as all three put together.There is little information about this important point as modern astrology tends to regard it as a minor part of the chart. Ancient astrologers, however, used it regularly and I hope that this book inspires you to learn more about yourself and its impact on your life.
