on Horse Racing For Dummies is your ticket to well
informed wagers and a winning edge. Already know
the ropes? You'll love the market trends and
insider tips you'll find inside.

The Newcomer's Guide to Horse Racing Paul N.
Lambrakis, 2010-08-24 Takes the complicated subject
of horse racing and puts it in terms that everyone
can understand and teaches you everything you need
to know about the racetrack and betting.

Winning Without Thinking Nick Mordin, 2006-10
Nick Mordin estimates he has spent over 30,000
hours researching racing results over the years.
His aim has been to uncover the principles that
govern the betting market and racing results
themselves. In conducting his research Nick has
tested thousands of systems, both his own and
those developed by academics, professional
gamblers and others around the globe. In *Winning
Without Thinking* he shares the fruits of this
work. the results of horse-races; basic principles
that govern racing results and the betting market;
mistakes commonly made by the general betting
public and how to exploit them; full details of
betting systems used by professional gamblers to
make millions; how to predict and profit from new
trends; and how to use computers to increase your
returns.

**Become a Winner Claiming Thoroughbred Race
Horses** Marino Specogna, 2005-02 Make money in
thoroughbred racing now. No more putting out money
with no return. Marino Specogna outlines the steps
to become a consistent winner as an owner, and a
handicapper. Learn to never claim a losing horse,
and learn how to find that special claimer that
will continually take you to the winner's circle.
Training and Jockey secrets are exposed allowing

the beginner or pro handicapper to pick consistent winners. This is a complete Thoroughbred horse guide to, claiming winners and claiming unknown superstars, outlining breeding and handicapping basics, and most importantly, finding the right trainer for you. Ever wonder what a proper feed program is for a horse? How about the type of steroid program to turn an average horse into a winning athlete? Or, why do the same people continually end up in the winners' circle? Learn these secrets and more. Learn from the Author who claimed a \$10,000 filly, then four months later ran her in a \$225,000 Breeders Cup race, and, in a five month span, made over \$150,000!!! Learn the secrets to consistently claim winners. If you want to keep losing money, do not buy the book, if you want to become a winner, and stay at the top, you will keep this book with you at all times. Learn how to find your winner today!

How to Win At Horseracing Robert Rowe, One of the best books ever written on horseracing, Rowes original research spans forty-five years and shows how to play and beat the track, spot hot and cold horses from betting trends, analyze and play winning favorites, bet-downs and profitable exactas, evaluate trainers, jockeys, stable entries, make your own odds-line, and more! Written in Rowes personal style and jam-packed with 27 chapters, 93 tables/charts. Ainslee says, his selection method is by far the simplest and most sensible..Includes 93 charts and illustrations. Al Illich (author of How to Pick Winners), called Rowe one of the best players I have known A great book from a legend. 224pages

Horse Racing Betting Secret System M C Horrocks, Introduction I must thank you for buying my book and appreciate any comments on the system. I have inserted my email address at the end of the book. Plus feel free to email me if you have any questions or need any help. This horse racing

system took me approximately 12 months to computer model and test primarily around UK handicap horse races. This would have not been possible without my 10 years database of horse form and my I.T. computer skills. Handicap horse racing fascinates me I find it a great puzzle to solve and love form variables like weight, official rating and many more. This horse racing system has four simple steps that find winners daily and I have outlined tips to get more profit. I like using this system for betting singles and doubles which are lethal and produce massive profits! In the book I have covered a horse race in extensive detail so that you understand the system and how to apply the horse racing system to each race quickly and thus finding winners easily.

The Anatomy of Horse Race Handicapping Or How to Have Fun at the Track Second Edition J.M.

Chodkowski, 2018-10-14 The book was written for all of you, who watch horse racing only to find themselves lost, wanting to know more about the sport, but not knowing where to begin. Perhaps you're a regular race watcher, who ends up spending all of their time explaining the sport to their accompanying friends and loved ones. It's not like you don't want them sharing in the enjoyment of a sport you love, but how many questions can you really answer? Or you may be someone who just visits the track for those special race days. You want to go more often, but just don't know how to learn more about this great sport. This book may just be the help you're looking for, as it offers a unique perspective on how to enjoy horse racing. By the end of our lively and amusing discussion on how to handicap with your head, eyes, blood, gut, heart, and by your tail, the reader will be able to converse comfortably on any of the sport's diverse aspects. Most importantly, they will learn how to have fun at the track.

Handicapping Secrets of the Horse Racing Fanatic
Gordon Easton, 2005-05 The first weekend at the track after reading your book (Handicapping Secrets of the Horse Racing Fanatic) I won \$2,600.00! Thanks for all the great info. R. Kelley - Los Angeles, CA. ...Initially, I was looking for the plays on the pick six but actually evaluated them last. I would almost swear that I was privileged to look at an experienced horse player's soul. I believe this material needs more than reading, it should be studied and practiced. The author is certainly knowledgeable about the secrets of winning. For any serious horse player who is self taught or those who aspire to collect money from the race tracks, armed with just these techniques a loser could become a winner. I would heartily endorse this author. Thank you again, Jerry Smiley - NVGreat book with tremendous insight to thoroughbred handicapping and wagering. -janishrj Gordon Easton's Pick-Six Formulas and other betting strategies are quite literally worth a fortune to any serious fan of horse racing. Add in the rest of the handicapping expertise he has picked up along the way, and you have a resource that no one who plays the ponies can afford to be without. Recommended without reservation! - Jay M. - Arlington, VA I failed to mention how informative the book you sent me is. Even with over 40-yr. of experience, I learned things about racing that I more than likely did not know, or just plain forgot about. It's a good book! Don Oerlemans - Westville, NJ Very well written and and super informative book. A++++++ -K.F. Great handicapping book for any horseracing fan. - bettyjean4771 Solid info and systems! -ciolek75 Very informative!! Easy to master. Thanks!! - A.T. Good and interesting info for any handicapper. Thanks. -C.T. Good tips and angles I haven't thought of before. Pick 6 strategies are great. - J.K. very interesting book, the stats alone are

incredible. A+++ -J.J. Good insight to handicapping horses. -G.D. What makes Handicapping Secrets of The Horse Racing Fanatic your absolute best bet to put more money in your pocket when wagering at the track? It's not just master handicapper Gordon Easton's four decades worth of powerful and proven betting systems... spot plays... and long-shot picking secrets, all brought together in one book for the first time anywhere. What sets this book apart from all the rest is that retired mathematics professor Gordon Easton is a mathematical genius specializing in Numbers Probability Theory, who gives his readers a complete set of plug and play betting formulas that will let you cover more horses and results for every dollar you bet, shaving the odds in your favor. For example: Most people never win a Pick Six because they don't have the hundreds of dollars needed to put a lot of horses on a single ticket. They will bet many \$2 tickets instead. They could end up with several tickets with 3 or 4 winners... but none with 5 or 6 for the big win. But, by using Gordon's formulas, you are guaranteed to line up at least five winners on one ticket if you get a winner in each race. You'll also have a decent chance at getting a Pick Six... without spending a fortune. For example: Pick Six Formula #1 covers 4 horses in 1 race... 3 horses in 3 races... and 2 singles (your most likely winners). To put all of these horses on one ticket would cost you \$216. Using Gordon's formula... you can do this for only \$24, with the guarantee of 5 or 6 winners on one ticket if you have a winner in each race. There is no other place on the planet you can find this kind of incredibly valuable knowledge.

The Logical Choice G. Cohail, 2013-04-29 The Logical Choice is a great piece of work. Well done! ~ Ed Watts If the challenge of picking 'the winner' in every race is what motivates you when

it comes to horse racing, this book is not directed at you, though there are insights within its pages that may help you with your endeavors. The sections on Beyer Speed Figures, track variants, how to calculate more accurate running times, and how to find 59% winners and still lose money are more than worth the price of this book. However, if your interest is in making money while betting on horse races, you need to face facts. Playing favorites is financial ruin in the making, yet most people (72.7% in 2010) end up wagering on the three horses with the lowest odds in race after race. Unfortunately, you cannot make long-term profits betting on such horses. You need to find horses that pay you \$16.60, \$27.40, \$18.80, etc. - what the author calls Value Plays - if you want to make money. This book will show you how he manages to do so. Professional handicapper G W Cohail has handicapped horse races for over fifty years. In the pages of this book, he challenges many aspects of traditional handicapping others take for granted and often swear by, including the revered Beyer Speed Figures, par times, daily track variants, etc. He then demonstrates how he successfully bets on horse races with making money, not picking winners, as his primary goal. Mr. Cohail spent decades handicapping races in a traditional way, always looking to zero-in on 'the winner.' He considered himself a top-notch handicapper, and he averaged 38% winners two years in a row. Yet he never made a lot of money from his handicapping skills. Luckily, he never lost the rent money either. Then one day while watching the tote board his life changed forever. Is it possible to wager on horse races and win? The Logical Choice: Tote Board Handicapping Made Easy provides insights into wagering for profit. The concepts presented in this work are usable by anyone, whether they be an experienced handicapper or a budding novice. In many respects, not knowing

how to handicap races makes you a better candidate as the less you think you know about handicapping, the less you will have to unlearn.

How to Exercise a Thoroughbred Race Horse Janice L. Blake, 2013-11-04 Janice L. Blake, Thoroughbred race horse jockey and author, describes how to take a horse to the race track and back safely. This guide is great for beginners, owners, and other rail birds who want to know more about what goes on behind the scenes of a Thoroughbred race track as the horses are being exercised in the morning. Follow along with Janice as she gets a leg-up on the race horse, rides to the track, exercises the horse, and brings it back to the barn unscathed.

Excuses, Excuses! James A. Vena, 2006-09 An owners inside look at the world of Thoroughbred Racing with an informative and yet comical view of the Sport of Kings! Handicappers, casual bettors and horse owners spend lots of time and money trying to correctly analyze the field of a horse race. Currently there are several past performance publications , hundreds of handicapping systems, computer programs, tip sheets, etc, available to those looking for the handicappers edge. So why is it then, in most cases, that the horse which that has been selected by the betting public as the favorite, loses 3 out of every 4 races? Perhaps that while the general public bases their selections on past performances and trends, they are in fact overlooking the many obstacles a horse faces in the actual race itself. Owning racehorses gave me an inside look at the many reasons a horse may lose a race. Many times the reasons (excuses) are left out of most handicapping equations when selecting the bettor's choice. The reasons (or excuses) I have heard over the years, of why our horses lost certainly must apply to the other horses in the races that lost when our horses actually won. Horse owners will find this book

entertaining and informative while handicappers and casual bettors will get an inside look at what owners are told after their horse loses a race. Excuses, Excuses!

UK Longshot Horse Racing System M C

Horrocks, 2021-05-06 I will make this bold statement straight away, This book finds big priced winners in UK handicap horse races easily and consistently! I need to make a very important statement here backing double figure priced horses can return some huge profits but you must remember they all do not win, more will lose races which is to be expected. There is a reason why the horse is such a big price it is mainly due to the fact the horse has not won for a long time. Another reason is that a horse could be out of its depth in other words running in a higher class of race. Most punters want winners every day at any odds this makes them feel good. They think they are making a profit, how wrong they are and the bookmakers take their money every day with a smile on their faces. Another mistake the average punter makes is that they will take current SP starting price of a horse and not look for a larger price. So say a horse is 2/1 that's decimal odds 3.0 on the Betfair betting exchange. They will readily take these odds. A more profitable approach is to take higher odds like decimal odds 3.5. Ok you might think there is not much difference between decimal odds 3.0 and 3.5 but it adds up over a year and that is where your profit is. The only way to profit in horse racing is to back horses at larger odds than what is being offered. The betting exchanges show the true odds of a horse just before the race starts. As these odds are derived from many punters and bookmakers who are using the betting exchanges then the price of the horse before the race starts is its true odds. This price is a consolidated view and it is normally correct and near the mark. This system also finds

large priced horses that are placed 1st 2nd 3rd or 4th regularly in a horse race and these can be exploited in the Betfair place market at some juicy odds. I have taken decimal odds of 7.0 on four places in a horse race and mopped up.

Picking Winners No Problem M C Horrocks,
Introduction The title of this book is a bold statement and one cannot really state this unless you put your money where your mouth is! I have written many books around UK horse racing systems and this one I really enjoyed due to the simplicity of this horse racing system and how easy it is to apply. The system uses the excellent free racing post website where you can obtain all the form data you need to use this system. Plus you do not have to be a form expert to understand it. I personally think horse racing pundits make heavy weather of horse racing form, i.e. looking at a horse's breeding and many other factors. I think this information just confuses the average punter. I have added a special bonus horse laying system in this book and I think you will enjoy it! This laying system is so easy to follow you will look back at all the bets you have placed in the past and wonder how did I get it so wrong! Yes it will hurt knowing how much money you lost when you should have not. Moving back onto the horse backing system, picking winners will be very easy for you and even more you will gain confidence and control in your betting. This horse racing system normally picks 2 to 3 horses per day in UK handicap horse racing markets. You should aim at using Betfair to place your bets due to the better prices and in-play tactic I will show you in this book. Understand the system before placing bets, I hope you enjoy it!

Horse Racing Michael J. Haskett, 2013-06 Horse Racing: Gamble & Win is based on the author's 25-plus years in gambling and betting on thoroughbred horse races. He has bet on horses in the: U.S

Canada Mexico England Germany The Middle and Far East He has bet at tracks and race books, and has been computer betting for the last dozen years. He has bet and won on fast surfaces, on turf, and on wet or even muddy tracks. If you want to bet to win, follow the system that has worked for over 25 years and you can bet like a pro too. It is easy to understand and easy to follow. Betting on the horses becomes clear and easy when you follow the system. It will not automatically show a profit on any one specific day. It may even show red figures for a few days. But over a minimum of say 35-40 races it will be in the black profit column. And you will be able to gamble and win at horse racing regularly. The author's records show a consistent long term Return on Investment (ROI) of about 1.24. That means that every dollar bet, or gambled, has returned a profit of 24%.

Immediately. In cash. Watching and wagering on beautiful thoroughbred horses is one of the world's most popular sporting activities. By using this Special Report, readers will be able to gamble and win. Chapters include information on: Betting on the horses Gambling, winning, and following the system How to pick races to bet What odds you need to make a (good) bet How to bet to win, place, or exotic Computer betting How much to bet: Using the effective Kelly Criterion formula The types of races (maiden, claimer, handicap, etc.) Importance of jockeys, trainers, weights, equipment changes Forms to use for your horse racing notes Horse Racing: Gamble & Win is a proven and profitable system for betting on the horses.

The Grand National Anne Holland, 2019-10-24 Every year the Grand National produces very different stories from jockeys and horses alike; uplifting scenes from a victor and heartbreak when a mere inch divides the loser from the winner at the end of nearly four-and-a-half miles and thirty

challenging fences. In 1839 the first winner was aptly named Lottery. Back then, huge crowds rode to Aintree by horseback, in carriages, carts or on foot. Today the Grand National is probably the world's most famous horse race, with a global television audience of some 600 million in 140 countries. This richly informed book focuses on the race's various record-breakers, rather than being a purely chronological history of this greatest of all steeplechases. Many records have stood the test of time: in 2019, Tiger Roll's second consecutive victory was the first time that the feat had been achieved since Red Rum in 1973-74. Anne Holland's authoritative history celebrates one of the world's greatest sporting spectacles. 'A well-organised and cheerily anecdotal volume' Spectator

Most Profitable Horse Racing System M. C. Horrocks, 2020-12-16 This UK and Irish Handicap horse racing betting system contains 4 simple steps to identify potential winning horses in a horse race. I wrote this system so that busy punters using the excellent racing post on the internet for free can find profitable horses quickly in handicap horse races. I like this book because I have added some optional extra filters to the horse racing system to improve the quality of selections and to achieve a better strike rate. I have written numerous books on horse racing but this is my favourite and most profitable UK and Irish horse racing system.

Racing Maxims & Methods of Pittsburg Phil Edward Cole, This legendary classic, originally published in 1908, and still sought after today, reveals the observations and handicapping techniques of Pittsburg Phil, AKA George Smith, the most successful handicapper of his time. Smith won over \$1.7 million, a fortune in the early part of the 20th century. The author covers topics as time handicapping, class and weight, honest jockeys,

effect of drugs on performance, the impact of time and weight, and includes dozens of winning tips on successful handicapping. The book contains some of the best horseplaying advice ever and has stood the test of time for generations of horseplayers. The basic principles of beating the track are the same today as before, with readers getting a chance to learn from one of the greatest horse bettors ever.

How to Win at Horseracing Robert V.

Rowe, 2003-03-25 One of the best books ever written on horse racing, Rowe's original research spans forty-five years and shows how to play and beat the track, spot hot and cold horses from betting trends, analyze and play winning favorites, bet-downs and profitable exactas, evaluate trainers, jockeys, stable entries, make your own odds-line, and more! Written in Rowe's personal style and jam-packed with 27 chapters, 93 tables/charts. Ainslee says, (his) selection method is by far the simplest and most sensible... Includes 93 charts and illustrations. Al Illich, author of How to Pick Winners, called Rowe one of the best players I have known... A great book from a legend. 232 pages
