Life and Poetic Emotions LadyBlue2000,2011-07-28 I started writing many years ago. At first it was just mental therapy for me. My doctor, very great psychologist told me that if I wrote my feelings down on paper that it would help me feel better and cope with what's bothering me in my head. I suffered many horrors in my life and I needed a way to cope and live a normal life. Well my life isn't exactly normal as you will read. And neither are some of my poems. The question for me to ask is anyone's life really normal? I wanted my life to be written so that the future generations of my family will know about me. And will know of how I became the person that I ended up to be. By accident I realized that I could write poems of many kinds. A guarantee that you will laugh and sometimes cry and even learn from my poems. Of how to love, heal, cope, laugh, cry, live and get even through my poems. Many of my friends online around the world give me subjects to write about. To be their words for them to speak to others. To help, to Heal, to dream, reasons to live and reasons to want to pray. And reasons to not want to die. I thought to myself that if I'm going to be a writer that I don't want to let one subject to be untouched. To speak out words that I feel need to be heard through my poems. I want my book to be of help to others for whatever needs they have. And I pray with my whole heart that you get something good out of what you are about to read. And whether you believe it or not you will find in my book of something that you might need written in one or more of my poems. And the life story is to help you know that your life is better than you may have thought. In my poems there is something for everyone. And that means you. My e-mail is written in my book if you would like to write me or even comment on my book. Weather good or bad happy or sad I would like to know of how you feel.

Super Call of the LOL Zlp. LiuDaoLunHui,2019-11-08 An ordinary young man like Chen Fan occasionally obtained a summoning scroll from the Hero Alliance in the future. From then on, Chen Fan and the heroes he summoned had created a colorful comedy in the city ...Master, it's done, except for 2 guys ...Chen Fan calmly said, Don't worry, you want to run? Running in front of me is the biggest mistake of his life. Card, EZ, captain, Panson, Ice, Dead Song, Lax will destroy him! Ah? Cooldown? Forget it, let them go. Wishing them a chance to live through Timmer's Mushroom Formation...What? They didn't go that way? It's okay, there's still the clown's box there, right? What? You're not going there either? Hehe, don't be afraid, there are still two cannons with big heads over there ...This book uses ease as the main melody, interspersed with all sorts of funny plot. Newcomer's pen, limited brush, if unsatisfied, please forgive me.

### **Who's who and why ,1925**

*Remaking History* Jerome De Groot,2015-07-30 *Remaking History* considers the ways that historical fictions of all kinds enable a complex engagement with the past. Popular historical texts including films, television and novels, along with cultural phenomena such as superheroes and vampires, broker relationships to 'history', while also enabling audiences to understand the ways in which the past is written, structured and ordered. Jerome de Groot uses examples from contemporary popular culture to show the relationship between fiction and history in two key ways. Firstly, the texts pedagogically contribute to the historical imaginary and secondly they allow reflection upon how the past is constructed as 'history'. In doing so, they provide an accessible and engaging means to critique, conceptualize and reject the processes of historical representation. The book looks at the use of the past in fiction from sources including *Mad Men*, *Downton Abbey* and Howard Brenton's *Anne Boleyn*, along with the work of directors such as Terence Malick, Quentin Tarantino and Martin Scorsese, to show that fictional representations enable a comprehension of the fundamental strangeness of the past and the ways in which this foreign, exotic other is constructed. Drawing from popular films, novels and TV series of recent years, and engaging with key thinkers from Marx to Derrida, *Remaking History* is a must for all students interested in the meaning that history has for fiction, and vice versa.

**One Step from Stupid** Pastor Larry J. Paxson,2023-12-15 Finally, some sensible advice and caring encouragement when it comes to those who tend to give in to temptation and for those who suffer for their bad decision-making--Pastor Larry Paxson, a twenty-four-year veteran of relational Christian counseling, shares insights into the healing process. There is so much confusion about why we do such dumb things even when we know it will crush a relationship or a loved one's heart. And the only excuses that are given over and over are, I don't know why I did it, I guess I just wasn't thinking, it meant nothing to me, I didn't mean to hurt anyone, that is not who I am, I would never hurt my significant other, but they do and did. They break hearts and end the trust that has been built over the years in the relationship. It is almost like they were listening to someone's whispers and were under their spell to do wrong. And the realization is, that is exactly what happened. In this book, we will come to realize just how it happens and why. Reading this book could be the one thing that will keep your marriage together. *One Step from Stupid: Living Life with One Finger on the Dumb Button* is a must read for couples who are struggling in their relationships, for church counselors, and pastors who do Christian counseling. It is for anyone who accepts the challenge of trying to hold together a marriage or a relationship instead of following the way of our culture and just ending it. After all, it is so much easier than working on it, trying to make it better than it ever was before. Yes, it is possible for a complete healing of the relationship. We just need to know how. It is not from being one step from stupid and pushing the dumb button again and giving up.

**Reading Unruly** Zahi Zalloua, 2014-05-01 Drawing on literary theory and canonical French literature, *Reading Unruly* examines unruliness as both an aesthetic category and a mode of reading conceived as ethical response. Zahi Zalloua argues that when faced with an unruly work of art, readers confront an ethical double bind, hesitating then between the two conflicting injunctions of either thematizing (making sense) of the literary work, or attending to its aesthetic alterity or unreadability. Creatively hesitating between incommensurable demands (to interpret but not to translate back into familiar terms), ethical readers are invited to cultivate an appreciation for the unruly, to curb the desire for hermeneutic mastery without simultaneously renouncing meaning or the interpretive endeavor as such. Examining French texts from Montaigne's sixteenth-century *Essays* to Diderot's fictional dialogue *Rameau's Nephew* and Baudelaire's prose poems *The Spleen of Paris*, to the more recent works of Jean-Paul Sartre's *Nausea*, Alain Robbe-Grillet's *Jealousy*, and Marguerite Duras's *The Ravishing of Lol Stein*, *Reading Unruly* demonstrates that in such an approach to literature and theory, reading itself becomes a desire for more, an ethical and aesthetic desire to prolong rather than to arrest the act of interpretation.

**Life Beyond Likes** Isa Watson, 2023-02-07 With so much of our lives lived online, we've never been more connected—or disconnected from what's most important to us. It's time to let go of our curated online worlds and get beyond our need for likes. For all that we think we're getting out of social media, we're also getting duped. The perfection echo chamber oftentimes makes us feel like we're getting left behind. The truth is, life is messy, but curated online fabulousness makes it hard to let our true selves show, and it impedes our ability to have real, meaningful connections. Depression, anxiety, and suicide are also on the rise, and the virtual world is partially to blame, affecting our self-worth, our friendships, and the way we choose to navigate our real lives. As the founder and CEO of Squad, an app company built on connectedness, Isa Watson knows firsthand why we need to

learn how to be more genuine. The digital world is her lifeblood, but it's also been an Achilles' heel: She struggled privately with some of the biggest challenges life can throw at you, while online she seemed to be living her best life—earning high-profile accolades, taking fabulous trips, and partying with the likes of many big name celebrities. It took a personal crisis to make her realize that she needed to change. In *Life Beyond Likes*, she gets real, sharing practical guidance on: Getting over the addiction to likes, and letting your true self shine Recognizing your own damaging habits and developing healthy ones Determining when a friendship has run its course Getting comfortable with discomfort in order to make real connections Drawing from a wealth of experiences including being the youngest published chemist in the world, working as executive in the upper echelons at JPMorgan Chase, and founding her own company, Isa helps readers better understand what constitutes success, identify what's really important, and achieve a balance between the curated online world and the enriching, emotionally nourishing world right in front of us.
