Hot Money and the Politics of Debt R.T. Naylor, 2004-08-17 A ball of hot money rolls around the world. It seeks anonymity and political refuge. It dodges taxes and sidesteps currency controls. It rolls through offshore shell companies and secret bank accounts, phoney charities and fraudulent religious foundations. It is kept rolling by white-collar criminals, gun-runners, drug dealers, insurgent groups, scam artists, tax evaders, gold and gem smugglers, and, not least, secret service agents plotting coups and financing revolutions. R.T. Naylor explains the origins of this pool of hot and homeless money, its origins, its uses and abuses, how the world of high finance, corporate and governmental, became hostage to it, and the price the world is paying and will continue to pay until the hostages are released. This book was one of the first, and remains the most comprehensive, to dissect the world of offshore finance, capital flight, money laundering, and tax evasion. Once a subject of concern principally to tax authorities and finance ministries, since the September 11, 2001 hot and homeless money has now become a central preoccupation for police forces and intelligence services around the world.

Breaking Free From Broke George Kamel, 2024-01-16 America has become the land of the free and the home of the broke. Household debt is at an all-time high, and every day people—just like you—are feeling more cynical and hopeless about their financial futures. It's time to stop believing countless lies from a system designed to take your money—lies like student loans are the golden ticket to a good-paying job, car payments are just part of life, and that you need to have a credit card. Ramsey Personality and personal finance expert George Kamel shares his story of going from a negative net worth to a millionaire in under 10 years by following Dave Ramsey's Baby Steps. George's delivery, highlighted by his snarky sense of humor, will keep you laughing and engaged from cover to cover (no put-you-to-sleep financial advice here). Through a millennial point of view, George exposes the toxic money system designed to keep you average (and broke) and offers solutions to help you break free from: Credit cards and credit scores Student and car loans Mortgage mistakes Investing traps Marketing and consumerism No matter where you're starting from, you'll learn that you have the power to buck the toxic money system and build wealth if you follow the same principles George used to become a millionaire.

Hot Money Bill Nagelkerke, 2009 It's not every day that ten thousand dollars lands at your feet. Miles and August are mucking around on their bikes after school when a bank robber's proceeds are flung from a speeding car's window, with the police in hot pursuit. Miles knows what he must do with the money - he must hand it in, right? But he and Dad could really use ten thousand bucks right now - they could move out of Gran's place, maybe even buy a house of their own . . .
