The New Billable Hour Ritu Goswamy,2019-02-05 The New Billable Hour is a practical guide for lawyers to gain control of their time, work, and life. In today's demanding world, lawyers must learn how to increase productivity so that they can competently bill more hours, while still having a personal life. Lawyer and productivity consultant, Ritu Goswamy presents her unique system where lawyers learn: How to have more hours in the day to bill clients How to bill more hours in less time How to take back control of their time How to transform hours into wealth How to balance the priorities in their life Goswamy's guide teaches lawyers how to bill more hours in less time by turning the traditional billable hour on its head. By following her steps and billing themselves one "new" billable hour per day, lawyers have more capacity to focus on their work, increase their billable time, and make more money.

Hacking Billable Hours Elizabeth Miller,2022-02-26 Billing is an essential aspect of running a successful law practice. It is how your law firm gets paid for its work, takes care of overhead bills, pays employees, and how you compensate yourself. If done incorrectly, your billing practices can threaten the very existence of your firm. Tracking and billing time to clients - whether it is hourly, flat fee, value or some hybrid thereof - is an important part of working in a law firm. Even in a contingency case you need to make sure your firm is reimbursed for costs. Too often over the years, I have heard the excuses from attorneys about why they have not done their billing. Usually, the excuse is I am too busy - I will get to it when I can. Bluntly put, that is a poor excuse. If your firm is that busy, outsource your billing. The benefits of outsourcing your billing work and getting paid regularly will far outweigh the cost of outsourcing. My attorney/clients have a less than 5% AR. This book was written to help attorneys understand that billing needs to be a regular part of the process of handling a client's case. This will result in being timely paid for your work, and as I like to put it, not get stuck holding the money bag. The billing guidelines will enable attorneys to bill their clients every 30 days, reconcile their trust accounts on a regular basis and keep the cash flow coming in on a regular basis.
