Jesse Saunders

This is Our House Hillegonda C. Rietveld,2019-01-04 Originally published in 1998. House music has had a considerable influence in shaping the sound of pop music from the late 1980s onwards. From underground dance events to the pop charts, traces of this aesthetic can be found in many guises. This book traces a genealogy of house and maps some of the power structures that are at play in its production and consumption. Places like Chicago, New York, London, Manchester, Amsterdam and Rotterdam have been visited, providing the material to discuss such subjects as contemporary dance culture, DJs and the roles of musical technologies. The author, Hillegonda Rietveld, was already steeped in dance club culture before she decided to write this loving piece of academic prose about house. Taking critical culture studies as its aesthetic fuel, she ram-raids boundaries of academic disciplines, fusing ideas like a meticulous DJing curator.

House of Music Kadiatu Kanneh-Mason,2020-09-03 WINNER OF THE ROYAL PHILHARMONIC SOCIETY STORYTELLING AWARD 2021 'Riveting, taking in prejudice as well as sacrifice. There are 4.30am starts, lost instruments, fractured wrists, all captured with vivid flourishes. A paean to camaraderie.' Observer Seven brothers and sisters. All of them classically trained musicians. One was Young Musician of the Year and performed for the royal family. The eldest has released her first album, showcasing the works of Clara Schumann. These siblings don't come from the rarefied environment of elite music schools, but from a state comprehensive in Nottingham. How did they do it? Their mother, Kadiatu Kanneh-Mason, opens up about what it takes to raise a musical family in a Britain divided by class and race. What comes out is a beautiful and heartrending memoir of the power of determination, camaraderie and a lot of hard work. The Kanneh-Masons are a remarkable family. But what truly sparkles in this eloquent memoir is the joyous affirmation that children are a gift and we must do all we can to nurture them.

Do You Remember House? Micah Salkind,2018-12-19 Today, no matter where you are in the world, you can turn on a radio and hear the echoes and influences of Chicago house music. *Do You Remember House?* tells a comprehensive story of the emergence, and contemporary memorialization of house in Chicago, tracing the development of Chicago house music culture from its beginnings in the late '70s to the present. Based on expansive research in archives and his extensive conversations with the makers of house in Chicago's parks, clubs, museums, and dance studios, author Micah Salkind argues that the remediation and adaptation of house music by crossover communities in its first decade shaped the ways that Chicago producers, DJs, dancers, and promoters today re-remember and mobilize the genre as an archive of collectivity and congregation. The book's engagement with musical, kinesthetic, and visual aspects of house music culture builds from a tradition of queer of color critique. As such, *Do You Remember House?* considers house music's liberatory potential in terms of its genre-defiant repertoire in motion. Ultimately, the book argues that even as house music culture has been appropriated and exploited, the music's porosity and flexibility have allowed it to remain what pioneering Chicago DJ Craig Cannon calls a musical Stonewall for queers and people of color in the Windy City and around the world.

Do You Remember House? Micah E. Salkind,2019 Tells the full story of house music in Chicago, from its emergence to its queer remediation to its memorialization from the late '70s to the present.

Southernmost Silas House,2019-06-04 "A novel for our time, a courageous and necessary book." –Jennifer Haigh, author of *Heat and Light* In this stunning novel about judgment, courage, heartbreak, and change, author Silas House wrestles with the limits of belief and the infinite ways to love. In the aftermath of a flood that washes away much of a small Tennessee town, evangelical preacher Asher Sharp offers shelter to two gay men. In doing so, he starts to see his life anew—and risks losing everything: his wife, locked into her religious prejudices; his congregation, which shuns Asher after he delivers a passionate sermon in defense of tolerance; and his young son, Justin, caught in the middle of what turns into a bitter custody battle. With no way out but ahead, Asher takes Justin and flees to Key West, where he hopes to find his brother, Luke, whom he'd turned against years ago after Luke came out. And it is there, at the southernmost point of the country, that Asher and Justin discover a new way of thinking about the world, and a new way of understanding love. *Southernmost* is a tender and affecting book, a meditation on love and its consequences.

Build a House Rhiannon Giddens,2022-10-11 Grammy Award winner Rhiannon Giddens celebrates Black history and culture in her unflinching, uplifting, and gorgeously illustrated picture book debut. I learned your words and wrote my song. I put my story down. As an acclaimed musician, singer, songwriter, and cofounder of the traditional African American string band the Carolina Chocolate Drops, Rhiannon Giddens has long used her art to mine America's musical past and manifest its future, passionately recovering lost voices and reconstructing a nation's musical heritage. Written as a song to commemorate the 155th anniversary of Juneteenth—which was

originally performed with famed cellist Yo-Yo Ma—and paired here with bold illustrations by painter Monica Mikai, *Build a House* tells the moving story of a people who would not be moved and the music that sustained them. Steeped in sorrow and joy, resilience and resolve, turmoil and transcendence, this dramatic debut offers a proud view of history and a vital message for readers of all ages: honor your heritage, express your truth, and let your voice soar, even—or perhaps especially—when your heart is heaviest.

Music and Heritage Liam Maloney, John Schofield, 2021-04-14 *Music and Heritage* provides new thinking about the diverse ways people engage with heritage. By exploring the relationships that exist between music, place and identity, the book illustrates how people form attachments to place and how such attachments are represented by sound and music-making. Presenting case studies and perspectives from across a range of genres, the volume argues that combining music with heritage provides an alternative and productive opportunity to think about heritage values and place attachment. Contributions to this edited collection use a diversity of methods, perspectives, cues and genres to reflect critically on issues related to these and other interconnections in ways that encourage new thinking about the character, meaning and purpose of cultural heritage, and the various ways in which people can interact with it through sound – thus re-encountering the supposedly familiar world around them. Taking heritage studies, musicology and place-making research in new directions, *Music and Heritage* will be of interest to academics and students engaged in the study of heritage, history, music, geography and anthropology. It will also be relevant to those with an interest in how music relates to place-making and place attachment, as well as to practitioners and policymakers working in the planning, design and creative sectors.

The subject and characters are fictional but the storylines are based on the memory of the scene, the people and their lives.

DIY House Shows and Music Venues in the US David Verbuč, 2021-09-29 *DIY House Shows and Music Venues in the US* is an interdisciplinary study of house concerts and other types of DIY (do- it- yourself) music venues and events in the United States, such as warehouses, all- ages clubs, and guerrilla shows, with its primary focus on West Coast American DIY locales. It approaches the subject not only through a cultural analysis of sound and discourse, as it is common in popular music studies, but primarily through an ethnographic examination of place, space, and community. Focusing on DIY houses, music venues, social spaces, and local and translocal cultural geographies, the author examines how American DIY communities constitute themselves in relation to their social and spatial environment. The ethnographic approach shows the inner workings of American DIY culture, and how the particular people within particular places strive to achieve a social ideal of an intimate community. This research contributes to the sparse range of Western popular music studies (especially regarding rock, punk, and experimental music) that approach their subject matter through a participatory ethnographic research.
