Alexandra Cavoulacos, Kathryn Minshew

Splitting Bill Eddy, Randi Kreger, 2021-07-01 This highly anticipated second edition of *Splitting* includes new chapters on abuse, alienation, and false allegations; as well as information about the four types of domestic violence, protective orders, and child custody disputes. Are you divorcing someone who's making the process as difficult as possible? Are they sending you nasty emails, falsifying the truth, putting your children in the middle, abusing you, or abusing the system? Are they "persuasive blamers," manipulating and fooling court personnel to get them on their side? If so, you need this book. For more than ten years, *Splitting* has served as the ultimate guide for people divorcing a high conflict person, one who often has borderline or narcissistic (or even antisocial) personality disorder. Among other things, it has saved readers thousands of dollars, helped them keep custody of their children, and effectively guided them through a difficult legal and emotional process. Written by a family law attorney and therapist, and the author of *Stop Walking on Eggshells*, *Splitting* is an essential legal and psychological guide for anyone divorcing a persuasive blamer: someone who suffers from borderline personality disorder (BPD), narcissistic personality disorder (NPD), and/or antisocial personality disorder (ASPD). This second edition includes new information about antisocial personalities; expanded information about domestic violence, child abuse, alienation, and false allegations; how to approach protective orders and deal with child custody disputes; and a new chapter on how to successfully present your case to decision makers. Turn to this guide to help you: Predict what your spouse may do or say in court Take control of your case with assertiveness and strategic thinking Choose a lawyer who understands your case Learn how e-mails and social networking can be used against you If you need help navigating a high-conflict divorce from a manipulative spouse, this book includes all of the critical information you

need to work through the process of divorce in an emotionally balanced, productive way.

MIXED NUTS Rick Cormier, 2016-04-21 Highly irreverent, but filled with wisdom and infused with deep caring, *Mixed Nuts* is a memoir of a life working in psychotherapy. Some people assume that all therapists are new-agey hand-holders who just listen and nod like bobbleheads, then suggest an astrology reading, a gluten-free diet, and your choice of complimentary love flower or polished healing stone on your way out the door. That's not me. My job is to help fix what's broken. Speaking to the layperson and the practitioner alike, even Rick's signature humor can't hide his deep understanding of mental illness, his desire to help heal it quickly and effectively, and his pragmatic and often creative approach to treatment.

Fair Play Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing

your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

How to Avoid a Climate Disaster Bill Gates, 2021-02-16 #1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.
