Working with the Grain Brian Levy,2014 If you want to understand how politics, institutions, and policy interact with each other to produce economic success or failure - not over the very long run when we are all dead, but in the shorter run that affects us all - there are few books that pack as much insight as this one. Brian Levy is a practitioner who can theorize as well as any scholar. But the real value added of this book is the practical and pragmatic approach it brings to institutional reform.
