new. Let yourself have whatever feelings you do and try to let them move through you. It's normal to feel angry or depressed or hopeless at times. When the feelings come, see if you can feel them and move on. It's healthy and normal to have big feelings after a breakup. When you're ready, open yourself up to new relationships. It may take a bit of time or it may not. It can sometimes be a mistake to get into another relationship immediately following a breakup. But we won't judge! You shouldn't feel bad for looking for another partner right away nor should you feel pressured into entering another relationship before you're ready.

*How To Break Up With Your Significant Other* Deena Shanker, 2012-02-08 ABOUT THE BOOK Breakups don't have a one-size-fits-all solution. When you break up with someone, you are basically saying to the other person "I don't like spending time with you anymore," "I no longer find you attractive," or "You are not worth the inconvenience this relationship is causing me." So, chances are good a breakup will end with at least one person's feelings hurt. Nobody will congratulate you on a job well done, but with some planning you can help things go more smoothly so that you and your soon-to-be-ex are able to contain your emotions, nobody is embarrassed or hurt, and the whole thing is over quickly. Use this guide to help you figure out and execute the best breakup plan for you. Formulating your plan is going to take some thought and preparation, but ultimately it will be worth it. MEET THE AUTHOR Deena Shanker is a writer living in San Francisco. After moving to the west coast from New York City in the fall, she is loving San Fran's beautiful weather, colorful architecture, and never-ending vegetarian food options. She loves visiting the beach with her dog, Barley, and eating cheese (also sometimes with Barley). She is a graduate of the University of Pennsylvania Law School and Barnard College. EXCERPT FROM THE BOOK Every relationship and every breakup is different. To create a solid, reliable breakup plan, you should consider yourself, the other person, and, of course, why you want to break up. We'll start with you. What do you ultimately want to achieve? What is your goal? Do you want to make this less painful for you, or do you want to make this easier on the other person? Your answers to these questions will help you determine the best course of action. And be sure to consider the other person as well. Are you dating a verbal person? A loud person? An emotional person? Someone who will feel sad or someone who will be angry? Think about how the person will react when you express, as Nada Surf once so precisely put it, that you "prefer the company of others to [his/her] exclusive company." If you expect a lot of tears or yelling, prepare yourself. Now you need to think about your specific relationship. How long have you been dating? Do your paths cross often? Do you know a lot of the same people? The more serious the relationship, the more explanation is expected and, honestly, owed. If you interact regularly (e.g., as coworkers or classmates), pay special attention to what you say to avoid embarrassment later. Knowing a lot of the same people is another reason to keep the filter on. If you don't want something repeated, don't say it. Thinking through these things will help you figure out the hardest part of a breakup: what you are going to say? See Step Two below for more. Buy a copy to keep reading!

*The Break-Up Book Club* Wendy Wax, 2021-05-18 Named one of 2021's Best Beach Reads by Bustle • Country Living • Cosmopolitan • Augusta Chronicle • E! Online • PureWow • SheReads • and more! Breakups, like book clubs, come in many shapes and sizes and can take us on unexpected journeys as four women discover in this funny and heartwarming exploration of friendship from the USA Today bestselling author of *Ten Beach Road* and *My Ex-Best Friend's Wedding*. On paper, Jazmine, Judith, Erin and Sara have little in common – they're very different people leading very different lives. Former tennis star Jazmine is a top sports agent balancing a career and single motherhood. Judith is an empty nester questioning her marriage and the supporting role she chose. Erin's high school sweetheart and fiancé develops a bad case of cold feet, and Sara's husband takes a job out of town saddling Sara with a difficult mother-in-law who believes her son could have done better – not exactly the roommate most women dream of. With the help of books, laughter, and the joy of ever evolving friendships, Jazmine, Judith, Erin and Sara find the courage to navigate new and surprising chapters of their lives as they seek their own versions of happily-ever-after.

**Break Up, Don't Break Down** D. Ivan Young, 2010 Your relationship may be 'breaking up.' but you will not be 'breaking down.' If anything, you're correcting a mistake that was hurting four people, you and the person you're with not to mention the two people who you were destined to meet.

The Break-Up Book Ace Metaphor, 2018-05-22 Avoid negative relationships. There are people in this life who will build you up and those who will tear you down. Which type of person do you want to spend the rest of your life with? Let me tell you the truth-if that person asking you out doesn't treat you like a queen, they don't deserve to be your king, ever. Leave that negative relationship. When things are falling apart and you don't know what to do, don't be afraid to leave. Don't shut up that voice in the back of your head. Don't let somebody else make you live life the way they think you should. Nobody else can walk the path to your sunshine but you. And sometimes, you have to walk that path alone. In a negative relationship? It's possible to recover. It's not too late. It's not too late for that relationship. It's not too late for love. Love can still be everything you imagined it can be. But recovery takes both of you-both of you all in all the time.

*The Subtle Art of Not Giving a F\*ck* Mark Manson,2016-09-13 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be positive all the time so that we can truly become better, happier people. For decades, we’ve been told that positive thinking is the key to a happy, rich life. F\*\*k positivity, Mark Manson says. Let’s be honest, shit is f\*\*ked and we have to live with it. In his wildly popular Internet blog, Manson doesn’t sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F\*\*k is his antidote to the coddling, let’s-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault. Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f\*\*k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F\*\*k* is a refreshing slap for a generation to help them lead contented, grounded lives.
