How to Live on 24 Hours A Day (Large Print) Arnold Bennett,2021-03-10 **How to Live on 24 Hours a Day** (1908), written by Arnold Bennett, is part of a larger work entitled *How to Live*. In this volume, he offers droll, practical advice on how one might live (as opposed to just existing) within the

confines of 24 hours a day. In the book, Bennett addressed the large and growing number of white-collar workers that had accumulated since the advent of the Industrial Revolution. In his view, these workers put in eight hours a day, 40 hours a week, at jobs they did not enjoy, and at worst hated. They worked to make a living, but their daily existence consisted of waking up, getting ready for work, working as little as possible during the work day, going home, unwinding, going to sleep, and repeating the process the next day. In short, he didn't believe they were really living. Bennett addressed this problem by urging these salarymen to seize their extra time, and make the most of it to improve themselves. Extra time could be found at the beginning of the day, by waking up early, and on the ride to work, on the way home from work, in the evening hours, and especially during the weekends. During this time, he prescribed improvement measures such as reading great literature, taking an interest in the arts, reflecting on life, and learning self-discipline. Bennett wrote that time is the most precious of commodities. He said that many books have been written on how to live on a certain amount of money each day. And he added that the old adage time is money understates the matter, as time can often produce money, but money cannot produce more time. Time is extremely limited, and Bennett urged others to make the best of the time remaining in their lives. This book has seen increased appeal in recent years due to the explosion of the self-improvement phenomenon, and the book has much relevance in today's world. --Wikipedia

How to Live on 24 Hours a Day Arnold Bennett, 2020-02-04 Learn to use your most precious commodity—time—to truly live. Arnold Bennett's classic book, How to Live on 24 Hours a Day, has been changing the way people use and consider their time since it was first published in 1910. In the intervening century surprisingly little has changed—we still struggle to make use of our time and are often plagued by the persistent worry that we are not making the most of our lives. Bennett encourages readers to stop merely following the rote patterns of their lives and leverage their free hours by viewing time as a commodity like money—each of us is allotted exactly 24 hours every day to spend as we see fit. What we make of our lives will ultimately be a result of what we make of that time. Bennett's prescription is simple, but revolutionary: consider the time outside your work day as an entirely separate day, sixteen hours (give or take) during which you are free to do anything you like to grow and improve yourself and your happiness. Building on that premise, he helps readers begin to take control of their time—starting with just 90 minutes three times a week—and use it to truly live. Bennett's writing is realistic and his advice transcends the years since it was first written. How to Live on 24 Hours a Day is an honest and refreshing perspective on how we can seize control of our time and spend it in the wisest way possible.

Differentiated book- It has a historical context with research of the time. In the book, Bennett addressed the large and growing number of white-collar workers that had accumulated since the advent of the Industrial Revolution. In their opinion, these workers work eight hours a day, 40 hours a week, in jobs they did not enjoy and, in the worst case, hated. They worked for a living, but their daily existence consisted of waking up, preparing for work, working as little as possible during the work day, going home, relaxing, going to sleep and repeating the process the next day. In short, I didn't think they were really living. Bennett addressed this problem by urging these employees to take advantage of their extra time and use it to improve. You can find extra time at the beginning of the day, when you wake up early and on the way to work, on the way home from work, in the afternoon hours and

especially on weekends. During this time, he prescribed improvement measures, such as reading good literature, being interested in the arts, reflecting on life and learning self-discipline. Bennett wrote that time is the most precious commodity. He said that many books have been written on how to live with a certain amount of money each day. He added that the old adage time is money underestimates the matter, since time can often produce money, but money cannot produce more time. Time is extremely limited, and Bennett urged others to make the most of the time remaining in their lives.

In this volume, he offers practical advice on how one might live (as opposed to just existing) within the confines of 24 hours a day. The book has the following chapters: - The Daily Miracle - The Desire to Exceed One's Programme - Precautions Before Beginning - The Cause of the Trouble - Tennis and the Immortal Soul - Remember Human Nature - Controlling the Mind - The Reflective Mood - Interest in the Arts - Nothing in Life is Humdrum - Serious Reading - Dangers to Avoid Arnold Bennett (1867-1931) was an English journalist, novelist, and writer. After working as a rent collector and solicitor's clerk, Bennett won a writing contest which convinced him to become a journalist. He later turned to the writing of novels, including his most famous *Clayhanger* and *Anna of the five towns*.

How to Live on 24 Hours a Day Bennett,2019-12-11 You have to live on twenty-four hours of daily time. Out of it you have to spin health, pleasure, money, content, respect, and the evolution of your immortal soul. Its right use, its most effective use, is a matter of the highest urgency and of the most thrilling actuality. All depends on that. Your happiness - the elusive prize that you are all clutching for, my friends! - depends on that. Which of us lives on twenty-four hours a day? And when I say lives, I do not mean exists, nor muddles through. Which of us is not saying to himself - which of us has not been saying to himself all his life: I shall alter that when I have a little more time?
