### **Buy Gold and Silver Safely** Doug

Eberhardt, 2010-09-02 We Americans are never taught anything about gold and silver through our education system. That's why many gold dealers are able to easily rip off unsuspecting buyers of gold and silver. Financial advisors and journalists aren't giving you the truth either, as to how gold and silver fit into a properly diversified portfolio. So naturally, people are looking for answers. Buy Gold and Silver Safely provides those answers by explaining why gold and silver need to be a part of everyone's portfolio, and helping people learn about buying or selling gold and silver... the safe way.

Here are just some of the things you will learn in this book: \*Why All Of The Confusion and misinformation about this subject \*Start With a Plan, This Is Critical \*Buying Precious Metals Privately - Reporting Requirements - Limitations & Restrictions \*Exact Types of Bullion Items That Can Be Bought Privately \*Buying With Cash - Restrictions & Reporting \*Do You Have To Pay Sales Tax When Buying Precious Metals \*Bullion Items That Can Be Sold Privately \*Bullion Items That Cannot Be Sold Privately \*Capital Gains Reporting Requirements \*How To Totally Stay Off The Radar And Make Your Metals Invisible \*Tips On Storing Your Metals Privately At the end of the book, you will also gain access to the best place I know of to buy metals at the very lowest prices. *Cheap Gold and Silver* Vicki Priebe, 2012-02-06 Which of these do you want? - to have extra money to pay your bills? - to find spectacular gifts for your loved ones at ridiculously low prices? - to have lots of beautiful head turning jewelry to wear? - to invest in precious metals for less than the current spot price? - to have extra money to take that vacation you've been dreaming of? - to protect yourself or your family's finances in the event of a serious crisis? - to know more about buying and selling precious metals? So you aren't ripped off. - to know how you are missing deals on precious metals in plain sight? - to make your own decisions and be your own boss? If you have a want or need associated with any of the above questions, then this book might be your answer. Imagine your

excitement, when you notice a beautiful thick gold colored necklace lying on a table at an estate sale. You quickly pick it up. It's heavy and looks like gold. However, the only mark on it doesn't indicate gold, so you put it down.

Luckily you read this book and remember the lesson on marks, and quickly pick it up again. Jackpot! You bought an 18 K gold necklace for \$2; it's worth \$246 for the gold content value. That's a \$244 profit/savings in less than 5 minutes. Would this put a big smile on your face? This is one of my true stories; check out picture 53 to see it. Make money, save money and invest in precious metals: Is it possible to make money finding gold and silver in your spare time? The answer is yes. If I sold all the items I purchased, I'd average \$24-\$73 per hour. I've been doing this and now it's your turn. I want you to capitalize on the opportunities all around you; trust me they're out there. In addition to making money, I wanted to invest in precious metals without affecting my family's budget. I couldn't imagine taking \$1,600 from my monthly income to buy one gold coin, but I could take \$2 to buy gold jewelry. Does this sound familiar; do you have the same thoughts? Take this educational journey with me and reap your rewards.

Capitalizing on these amazing deals not only allows me to make money and invest in precious metals, but I'm able to save money buying gifts for my family, friends and myself. If I spend \$2 on a gold necklace and pendant set that retails for \$100, I saved myself \$98. Now that's the smart way to keep up with the Joneses. Or if I give it away as a gift, no one will know I only spent \$2; they'll think I spent \$100. Read this book and you could save substantial amounts of money too. Filled with killer (not filler) content, including:- ideas on where to search (offline and online),- stories to provide proof, entertainment, and illustrate the lesson being taught,- tips on finding the gold and silver

that others miss,- techniques on how to find the precious metals,- hallmarks and hidden marks to look for,- how to get the best price for your items,- how to sell your gold and silver,- warnings to help protect you and your money,- how to test your precious metals,- 88 pictures,- and lots more information (200 pages worth). This book will pay for itself many times over:- IF YOU SAVE \$100 buying a gift (a gold ring) for a friend, or- IF YOU MAKE a profit of \$75 selling a precious metal item, or- IF YOU SAVE \$40 investing in a few ounces of sterling silver,by using one piece of information, then the book paid for itself many times over. You didn't lose a dime and all the information is free to use repeatedly, forever. How can you go wrong with that deal? With the current high spot prices of precious metals, just one necklace, one pendant, or two forks can be worth these types of savings and profits, easily. No, I'm not promising thousands of dollars in 10 minutes, but it's possible. It has happened to me. I paid \$5 for a gold whale pendant that retails for around \$2,000. Read this story in Chapter 4.

**When and how to Profit from Buying and Selling Gold** Lawrence R. Rosen, 1975 From biblical times to the present mankind has put its faith in gold, in recent years those who have followed the ancient tradition of investing in this mystic metal have been bountifully rewarded: the price has soared some 400% since 1070! Nevertheless, the old axiom "investigate before investing has never been more applicable than when applied to gold. Among the considerations that should be weighed by prospective investors are: • How much should I pay for gold? • When is the price too high? • How does the trend of supply compare with demand? • What will be the effect on price of government policies and the 1.2 million ounces held by central banks? • If the price and charges are right, which should I buy: gold coins, gold bullion, gold futures contracts, or gold mining shares? When and How to Profit from Buying and Selling Gold answers these questions and many more. Every investor will find this work to be an authoritative and indispensable source of information on

the subject of investing in gold.

**The Collapse of the Dollar and How to Profit from It** James Turk, John Rubino, 2008-11-19 The dollar is in trouble. Its value on foreign exchange markets has been falling for the past six years, and now its gradual decline is about to become a rout. This spells big trouble for the American economy—but potential riches for smart investors. In *The Collapse of the Dollar and How to Profit from It*, financial gurus James Turk and John Rubino show how the dollar arrived at this precipice, why it will continue to plunge, and how you can profit from the resulting financial crisis. The United States today is the world's biggest debtor nation. To finance this mountain of debt, we're flooding the world with dollars. The resulting oversupply of dollars will cause its value to decline until it

is displaced as the world's dominant currency. Precious metals will soar in value, and gold will reclaim its monetary role at the center of the global financial system. James Turk, a leading gold authority and the founder of GoldMoney.com, and John Rubino, editor of the popular Web site DollarCollapse.com offer strategies for investing in gold coins, gold stocks, gold-based digital currencies, and other hard assets to create a profitable portfolio. The Collapse of the Dollar and How to Profit from It is a must read for every citizen and investor.

Building Wealth with Silver Thomas Herold, 2011-03  
We are all using dangerous, outdated, old economic strategies to protect and grow our money in the so-called 'new economy.' Most of us don't even know it. Every economy is, in some sense, 'new.' However, applying the rules from an 'older' economy to a 'newer' one during times of transition is a recipe for financial ruin. Economic transitions have been around for centuries . . . the difference is that now they are worldwide in scope and affect everything rather than local in nature with limited affects. While you sleep at night, while you go to work each day, something insidious is actually stealing your financial future. It isn't anyone's fault really. There is a massive reallocation of wealth as we transition into the new economy. There are two sides to this story. Because of the changing rules of money, the greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. This is nothing new, really. Money has always worked this way. The good news is that average members of the public now have more ways than ever before to understand this process and to take appropriate action. I am sure you are aware of the rising price of gold that's

been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold. Gold has intrinsic value and will always prevail in any economy. What most non-investors and investors -- including yourself -- probably you don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its climb.

**Nine Reasons Why Silver is a Unique Wealth Building Instrument** - Silver, like gold, has intrinsic value- Silver has been in a commodity bull cycle since 2000- Silver is a safe hedge against currency inflation- Silver is a security choice during times of financial crisis- Silver is rarer than gold- Silver is used in 90% of all electronics -- and its mostly non-renewable- Silver inventories are very low- Silver leasing -- the scam will be exposed soon- Silver investment markets are expanding thanks to the Chinese

**What You Will Learn From Building Wealth with Silver** You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose.
