**Dataclysm** Christian Rudder, 2014-09-09 A New York Times Bestseller An audacious, irreverent investigation of human behavior—and a first look at a revolution in the making Our personal data has been used to spy on us, hire and fire us, and sell us stuff we don't need. In *Dataclysm*, Christian Rudder uses it to show us who we truly are. For centuries, we've relied on polling or small-scale lab experiments to study human behavior. Today, a new approach is possible. As we live more of our lives online, researchers can finally observe us directly, in vast numbers, and without filters. Data scientists have become the new demographers. In this daring and original book, Rudder explains how Facebook likes can predict, with surprising accuracy, a person's sexual orientation and even intelligence; how attractive women receive exponentially more interview requests; and why you must have haters to be hot. He charts the rise and fall of America's most reviled word through Google Search and examines the new dynamics of collaborative rage on Twitter. He shows how people express themselves, both privately and publicly. What is the least Asian thing you can say? Do people bathe more in Vermont or

New Jersey? What do black women think about Simon & Garfunkel? (Hint: they don't think about Simon & Garfunkel.) Rudder also traces human migration over time, showing how groups of people move from certain small towns to the same big cities across the globe. And he grapples with the challenge of maintaining privacy in a world where these explorations are possible. Visually arresting and full of wit and insight, Dataclysm is a new way of seeing ourselves—a brilliant alchemy, in which math is made human and numbers become the narrative of our time.

**How To Attract Women With Humor** Leonard Bustos, Leonardo Amorado, 2013-09-16 I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those Attractor Factors that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with,

someone to be there for you through good times and bad – and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.

**Models** Mark Manson, 2017-09-11 You can become irresistibly attractive to women without changing who you are. So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F\*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh\*t and becoming an honest broker. A detailed guide to modern sexual ethics *Sydney Morning Herald* There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f\*ck . . . How Men Turn Women Into Nothing Andrey Davydov, Olga Skorbatyuk, 2014-08-27 Every woman considers herself an individual. In vain, as regardless of race, ethnicity, profession and so on, no woman is an individual. Every woman lives as man programmed her to live, as it is convenient for him, as he wants her to. Women do not even suspect who produces images for what they consider their Self, and why. By studying the history of world culture (literature, pictorial art, architecture, music, science, etc.), it is easy to trace that men usurped everything that had to do with images, as ideas for creation of anything. And, from time immemorial, women were left with a role of stupid consumers, and performers, and it was made sure that women think that they (women) are creators too. But, women did not participate in the birth of any product, which begins with a sketch, and in turn a sketch begins with an idea, and an idea begins with an image. Yes, women weaved, embroidered, painted cloth, and sometimes sewed. But, based on sketches made by whom? Based on sketches and patterns created by men. The essence of this process is to forbid women from creating

images, and under any excuse to never allow women to do it, ever. Excuses used are from rudest and degenerative (What are you trying to do, you fool? Go make me a sandwich instead, or Do you not hear your baby crying?), to the most romantic and poetic (You are my muse, just be near, inspire me, you are so beautiful!). Men's intent is simple: to have total control over the psyche and the physiology of any woman because an image is the basis of functioning of any person. Providing an image to a woman ensures that she will live and function strictly according to this image. Also, an image is the basis for control of any person, as well as the basis of knowledge about her/him. Men create images. Therefore, they know exactly what image is behind this or that behavior of a woman. In other words, they know how she will think, act, present herself, what she will want, strive for and seek (from men as well). So, a woman does not even suspect that she is like an open book for any man, even if he sees her for the first time. But, women are sure that images that they use (including for construction of their Self-Image, that they consider their individuality) are a secret. Borrowing images that were made up by men from cultural sources, and using them to form her personality, her way of life, any woman strongly believes in her unrepeatability, originality, and uncognizability. What do you think, who gave women this assurance, and why? In other words, men achieved what they wanted: from potential goddesses, women were made into logs, a resource, a consumable material from which a man can make whatever he likes. Men use women for all and any of their needs. Today, women are allowed everything, even to pretend that they create images too. Only women are not aware that they make their creations solely on the basis of those artificial images, which have already been thought up by men, and have been put into women for centuries, from generation to generation, in the process of domestication. Women are celebrating victory, but none of them wonder why, for example, a couple of centuries ago there were no women filmmakers, litterateurs, painters, scientists or politicians? Or, why in the history of humans their percentage ratio is so low? Or, how many prime ministers there were before Margaret Thatcher and what was their gender? Or, in what century there was the first female president? And so on. Even a quick historical review, readily available statistics make it clear that women are allowed only into already constructed and functioning system built by men. And, women are allowed to act only based on and within images that the system dictates. Women lost the war between the sexes. Since the time of birth women are being made into logs with legs spread wide, as an indication of their main purpose—to participate in the reproduction of the human race, and be pleasant toys in the hands of men. Most important is to not forget to tell women, who love through their ears, that they are wonderful, priceless, how much men love them and depend on them. Long ago women were programmed to believe in any nonsense, instead of seeing and analyzing facts (as well as history).
