He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

- Flatter a man with believable, genuine compliments
- Know how far to go on the first date
- Let him down easy if there's no spark
- Not to scare him off by being too pushy

her out for a second date. Written for women, by a woman who practiced what she preaches, this book is guaranteed to teach women how to transform their repeat-date ratio.
