Made in California Stephanie Barron,Sheri Bernstein,Ilene Susan Fort,2000 This opulent and expansive volume, published in conjunction with the Los Angeles County Museum of Art's monumental exhibition Made in California: Art, Image, and Identity,1900-2000, charts the dynamic relationship between the arts and popular conceptions of California. Displaying a dazzling array of fine art and material culture, Made in California challenges us to reexamine the ways in which the state has been portrayed and imagined. Unusually inclusive, visually intriguing, and beautifully produced, this volume is a delight throughout--both in image and in text--and will appeal to anyone who has lived in, visited, or imagined California.

California John Mack Faragher,2022 A concise and lively history of California, the most multicultural state in the nation A masterful history.--Kirkus Reviews (starred review) Faragher takes the reader on a captivating journey through myriad twists and turns of California's multicultural history, enlivened by stories of people who rarely penetrate our traditional state chronicles.--Carlos E. Cortés, University of California, Riverside California is the most multicultural state in America. As John Mack Faragher explains in this new history, California's natural variety has always supported such diversity, including Native peoples speaking dozens of distinct languages, Spanish and Mexican colonists, gold seekers from all corners of the globe, and successive migrant waves from the eastern United States and from Europe, Latin America, Asia, and the Pacific Islands. Faragher tells the stories of a colorful cast of characters--some famous, others mostly unknown--including African American Archy Lee, who sued for his freedom; Sinkyone Indian woman Sally Bell, who survived genocide; and Jewish schoolgirl Marilyn Greene, who spoke up for her Japanese friends after the attack on Pearl Harbor. California's diversity has often led to conflict, turmoil, and violence but also to invention, improvisation, and a struggle to achieve multicultural democracy.

Esteban Cantu and the Mexican Revolution in Baja California Norte, 1910-1920 Joseph Richard Werne,2020-11-17 Outfoxing all other military and political personnel in the territory of Baja California Norte, Colonel Esteban Cantú, on becoming governor, astutely played the leaders of the Mexican Revolution one against another. A compelling figure in the Mexican Revolution, he maintained his independence from Mexico City until he was forced from office in August 1920. While Cantú was appointed governor by Venustiano Carranza, Pancho Villa, and Eulalio Gutierrez of the Convention Government, he followed their orders only when it suited him and published the laws of the government in Mexico City to give the appearance that he was loyal to the central power when in fact he was not. He was more concerned with neighboring Sonora and supported every anti-central government movement in that state to secure his own independence. When he gained power, Cantú faced an indescribable morass of crime and immorality in Tijuana and Mexicali: white slavery and prostitution; opium dens; cocaine, morphine, and heroin dealers; and gambling halls, saloons, and dives of all descriptions. Governor Cantú either licensed many of these or became connected to them in some other way, personally profiting from such activities but also employing much of this revenue to create the territory's first reliable infrastructure. This engaging account reveals the complexity of the Mexican Revolution, with a cast of characters that includes officers and officials of the Porfirian regime, revolutionaries and counterrevolutionaries, US investors, crackpots, German spies, Japanese schemers, Chinese workers, and purveyors of every sort of vice.
