Moon Phase Whitetail Hunting Jeff Murray, 2001 No longer a guarded secret, hunting whitetails using a lunar strategy is one of the most effective tactics employed by successful trophy hunters. The father of hunting deer by the moon, the man who started it all, Jeff Murray, shares his best kept secrets and insights on this fascinating aspect of white-tailed deer hunting and tells you how to make it work for you. From game-tracking experts and professional biologists to hunting club managers, outfitters and guides, great hunters know that deer are inextricably linked to the lunar cycle. In his latest book on the subject, Murray teaches how to predict peak rutting activity and how to plan to be afield when big bucks are moving. Other topics include tactics to zone in on deer in transition areas and when, according to moon phase, deer will be at the field's edge and when they won't! This book also covers the different lunar cycles and how the moon triggers the rut activity. Chapters include Does the Moon Trigger the Rut? Master Mast; Timing Food Sources; Zoned Out; Timing the Transition Zone; Wallhanger Whereabouts; The Moon is Unique and Influential; and Secret Scent.

Whitetail Deer Hunting My Way Frank W Wathley, 2015-09-23 10 years ago if it was deer season, I was in the woods. I still try to follow that rule but New York State has made the hunting season so long, I can't afford the loss of income for that amount of time. On top of that, 70 or more days open for deer season is a wicked strain on my senses. I am hung up on the quarter moon phase for my dream buck hunt. I always plan my hunting around these two moons. The length of the bow/gun deer season allows for two full moon phases. A small part of my reasoning here for a shorter deer hunting season is, envy I suppose. The fact is, I'm a self employed landscaper, watching these two extra quarter moons go through their phases and not being able to fit them in to my hunting budget. I will hopefully make more sense of this moon theory, later on in this book. Pay attention because there is tip after tip buried in

each story. Maybe not always a new one but there's a bunch of them here. My stories are true facts, my methods and techniques have all proven themselves many times for me, over a life time of whitetail deer hunting. Now hopefully, you have time to kick back and enjoy a fact filled humorous book about whitetail deer hunting done my way in Columbia and Greene Counties of New York State.

Sports Afield's Deer Hunter's Almanac Sid Evans, Sports Afield, 1996 From the Introduction: There is not a successful deer hunter in the world who has not come up with his own peculiar methods -- some of them secret, some not -- for beating the long odds of killing a deer. The Ojibwa Indians of the Great Lakes figured out they could attract deer by smoking wild aster in a pipe, the smell of which was like the scent of a deer's hooves. Other tribes -- such as the Choctaws and Cherokees in the Southeast -- would carry skinned-out deer heads on their belts, which they could wear over their heads whenever they needed to make a stalk (this is no longer an advisable, or legal, technique). They used decoys and calls, and they knew that banging a pair of antlers together could summon a buck during the rut. In this book we have tried to compile some of the best information and most interesting pieces written about deer in Sports Afield since the magazine was founded in 1887. There were not as many deer to hunt back then, but over the last quarter century deer populations have boomed in nearly every state but Alaska and Hawaii, and so have the articles written about them. Many of these pieces originally appeared in the Sports Afield Almanac, which was introduced by Editor Ted Kesting in 1972; others appeared as departments or short features. All told, more than 250 deer hunters contributed, making this, we hope, a very unique look at what is now America's favorite game animal. Some of the contributors-like Dwight Schuh and Peter Fiduccia, Tom McIntyre and Ted Kerasote-are what we would call pros. They have hunted, studied and written about deer all their lives. Others are just guys who wanted to share a couple of their best deer-hunting secrets. Do not be surprised if you turn up some contradictory views. There's more than one way to shoot, skin, and cook a deer; but it may be that the best way of all is the one you have to figure out on your own. This is the finest book on whitetail hunting that I have seen. -- Larry Myhre, Sioux City Journal
