Arctium: it's time! Kiran Lotus,2021-02-16 All of us choose to see the glint of light at the end of the tunnel but are you brave enough to look back to the darkness where you came from. Heed to the demons and archangels just behind your earlobes and dream, every intention of heartbeats stepping towards the 'doom'. The next seconds of uncertainty are what we live for or is it death that makes our life thrilling, one thing worthy to yearn for? Zephyrian Geologists have discovered an old geological site recovered from a landslide. Right from the discovery of the element called Arctium, much inferior to human race knowledge, scientists are puzzled by its character and applications. An unknown race is disturbed with the improvements and tries every effort for humans not to know it's true potential.
