*The Diaries of Frank Hurley 1912-1941* Robert Dixon, Christopher Lee, 2011-04-15 This is the first illustrated edition of the diaries kept by Australian-born photographer and film maker Frank Hurley about his work on the Mawson and Shackleton Antarctic Expeditions, his two expeditions to Papua in the 1920s, and his experiences during the First and Second World Wars. While Hurley is best known today as a photographer and film maker, there is another source, so far little known to the

public, which also gives us a startling sense of the presence of the past – his voluminous manuscript diaries, which have survived years of world travel and are now carefully preserved in the archives of the National Library of Australia in Canberra and the Mitchell Library in Sydney. This illustrated edition of his diaries presents Frank Hurley in his own words, explores his testimony to these significant events, and reviews the part he played in imagining them for an international public.

**Patrick J. Hurley** Don Lohbeck, 2017-07-31 First published in 1956, this is the biography of Patrick Jay Hurley (1883-1963), a highly decorated American soldier, statesman, and diplomat who served as the U.S. Secretary of War (1929-1933), President Roosevelt's personal representative in the Near and Middle East (1943), and U.S. ambassador to China (1944-1945). It details the historic events with which Major-General Hurley came in contact; the absorption of the American Indian; the civilizing of the frontier; the Great Depression; the industrialization of the American nation; the Second World War; and, ultimately, his entrance into the contest for world power. A fascinating read. "The life of Patrick J. Hurley is the story of America, the land of opportunity. From the coal fields of the frontier land of Indian Territory, to a foremost place in the cabinet of the President of the United States, to a position as trusted confidant and personal diplomatic representative of the Commander-in-Chief—in his life is brought to fulfillment the American dream that integrity and ability, fortified by hard work and ambition, will receive rewards that no bond of poverty or class can nullify."—Prologue

*The Headshot* Peter Hurley, 2015-07-15 It used to be that the only people that needed professional-looking headshots were actors and models, but now thanks to Facebook, Twitter, LinkedIn, and social media in general, headshots are hot! They've never been more in demand than they are today, and Peter Hurley's unique headshot style and trademark look have made him the most sought-after headshot photographer in the world

today. Here's your chance to learn exactly how to create the look that everybody's after. This is bankable stuff! If you're not adding headshots to what you offer as a photographer, you're leaving a lot of money on the table. Peter knows first-hand the secrets to not only lighting your headshots like a pro (there's a whole chapter on that alone), but in this book he reveals, in the very same fashion that made him a famous name with photographers everywhere, how he gets authentic expressions and incredibly flattering positioning that will make your clients look better than they ever have in any photo—period! It's all here: he shows you his positioning techniques, his secrets for getting genuine smiles and images that look so natural you won't believe they're posed (but of course, they are), and you'll learn the very same techniques that Peter uses to create amazing headshots for everyone from execs at top Fortune 500 companies, to Silicon Valley startups, to actors and public figures who know all too well how important a great-looking headshot really is. Peter doesn't hold anything back. He reveals all his tricks of the trade, from his trademark lighting look, to how to create good-looking backgrounds on location, to positioning tricks you won't hear anywhere else, and it's all written in Peter's fun, quirky, inspiring style that lets you know, right from the beginning, you can do this, and you can do this big! These are the techniques that Peter has crafted from years in front of the lens, as a model for top brands like Abercrombie & Fitch and Guess, and years behind the lens, giving him an insight few photographers will ever possess, and he's willing to share every bit of it—every trick, every technique, and every nuance—in this book that will pay for itself at your very next shoot. Yes, it's that good.

**Frank Hurley: A Photographer's Life** Alasdair

McGregor, 2019-02-01 Photographer, filmmaker, writer, adventurer. Controversial, passionate, audacious. Frank Hurley was an extraordinary Australian, possibly most famous for his Antarctic photographs captured alongside expeditioners Sir Douglas Mawson and Sir Ernest Shackleton. From the early twentieth century until his death in 1962 Hurley created a stunning visual archive that chronicled the major events of the twentieth century, and Australia's achievements both home and overseas. This book and the Hurley Collection in the National Library of Australia make clear this outstanding contribution and the lengths to which the man would go in order to convey the gravity of events. For Hurley, image-making and exploration went hand-in-hand and he sought out experiences as a pioneer documentary film-maker, official photographer in two world wars, early aviator, and adventure and story-seeker in both the natural environment and in rapidly disappearing non-western worlds. In this readable, definitive and wonderfully illustrated re-issued biography, Alasdair McGregor describes Hurley's life and character in all its richness.

**China and the United States** Xiaobing Li, University of Central Oklahoma, Hongshan Li, 1997-12-11 This essay collection presents a new examination and fresh insight into Sino-American relations from the end of World War II to the 1960s. The compilation breaks new ground by exploring some of the untouched Chinese and Soviet Communist sources to document the major events and crises in East Asia. It also identifies a new pattern of confrontations between China and America during the Cold War.

Empire in Waves Scott Laderman,2014-03-03 Surfing today evokes many things: thundering waves, warm beaches, bikinis and lifeguards, and carefree pleasure. But is the story of surfing really as simple as popular culture suggests? In this first international political history of the sport, Scott Laderman shows that while wave riding is indeed capable of stimulating tremendous pleasure, its globalization went hand in hand with the blood and repression of the long twentieth century.ÊÊ Emerging as an imperial instrument in post-annexation Hawaii, spawning a form of tourism that conquered the littoral Third World, tracing the struggle against South African apartheid, and employed as a diplomatic weapon in America's Cold War arsenal, the saga of modern surfing is only partially captured by Gidget, the Beach Boys, and the film Blue Crush. From nineteenth-century American empire-building in the Pacific to the low-wage labor of the surf industry today, Laderman argues that surfing in fact closely mirrored American foreign relations. Yet despite its less-than-golden past, the sport continues to captivate people worldwide. Whether in El Salvador or Indonesia or points between, the modern history of this cherished pastime is hardly an uncomplicated story of beachside bliss. Sometimes messy, occasionally contentious, but never dull, surfing offers us a whole new way of viewing our globalized world.

**Recasting the Imperial Far East** Lanxin Xiang,1995 Examines the rivalry between the US and Britain over China between World War II and the Korean War, a link that has been neglected by scholars distracted by the dominant theme of the

Cold War. Finds that the two governments did not collaborate in any significant manner, that the succession from one imperial power to another was not particularly friendly, that the British considered the US fetish for antagonizing Mao Tse Tung misguided and dangerous, that the US missed its chance to consolidate power in the region and began the slide to Viet Nam in 1950, and that Britain had no choice by then but to tie their wagon to the wayward US in order to salvage the remnants of British imperial spoil.
