*The Control of Candy Jones* Donald Bain,1976-12-15 Candy Jones was the stage name of Jessica Wilcox (b. 1921) who became famous as a model and pinup girl in the early 1940s. Her story seems too bizarre to be true. One of America's most famous models, brainwashed by the CIA? Yes, it is another example of truth being stranger than fiction. The story begins with Candy's wedding to Long John Nebel, New York's most successful radio talk-show host. During the wedding, and regularly thereafter, Candy's personality would seem to shift. She would suddenly change from her affable, self-effacing self to a brusque, aggressive stranger. For the first few months of the marriage, these shifts were infrequent enough that Nebel didn't worry much about it, but as time went on, they got worse. Nebel began trying to relax his wife by hypnotizing her. Although Candy insisted that she couldn't be hypnotized, she slipped easily into a relaxed state, and then into a healthy, deep sleep. But during the third session, with no suggestion from Nebel, Candy spontaneously regressed to a young age. After that, Nebel began to record their sessions. The result of these sessions was that Nebel discovered his wife had been brainwashed into have a second identity, Arlene, whom a CIA doctor had used to carry messages all over the world. Eventually, Candy was tortured at CIA headquarters, so that her doctor could display her successful programming. *The Control of Candy Jones* sent shockwaves through the corridors of power when it was first published in 1976. After reportedly being suppressed by the CIA, it became an instant classic, and remains so today.

**Behold a White Horse** Cisco Wheeler,2009 My people are destroyed for lack of Knowledge (Hosea 4:6). This book is not meant for those who refuse to step out of their box, but instead cling onto their blinders, believing that the world is exactly as they have always been taught it is. Rather, it is specially written for those who discern that things are not exactly as they seem, and are dedicated to the pursuit of truth and knowledge. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places(Ephesians 6:12). Behold a White Horse is a roller coaster ride engaged in a myriad of related topics. The reader will be taken all the way back to ancient Babylon - the foundation of all secret societies, and continue on through Egypt and Rome. Other topics covered are ceremonial magick, kundalini power and evil spirits, the Talmud, Kabbalah, the apostasy of the Christian church today, alchemy, Papal Rome and the Catholic church, false prophets of the world, televangelists - wolves in sheep's clothing, & pagans in the pulpit. Who changed the truth of God into a lie, and worshipped and served the creature more than the creator, who is blessed forever. Amen (Romans 1:25) This work is spiritually based, using many scriptures. It is the prayer of the author that through careful reading of these pages, the reader can connect the dots into a whole new level of discernment to help guard against demon traps and the many devices of Satan. Knowledge is power and the truth really does set you free.

**Land, Livelihood, the Economy and the Environment in Indonesia** Anne Booth,Chris Manning,Thee Kian Wie,2012 This volume of essays is intended to honour an exceptional, indeed a unique scholar. Joan Hardjono grew up in Sydney and graduated from Sydney University in the mid-1950s. She majored in English and Geography and like most girls in those years who had managed to complete a tertiary degree, she probably expected to embark on a career as a high school teacher in Australia. But no doubt prompted by the spirit of adventure which she has kept throughout her long career, she decided to go to Indonesia as a volunteer teacher. The scheme which brought young Australian graduates to Indonesia at that time was pioneering; it pre-dated the US Peace Corps and

several of the participants went on to distinguished academic careers. On the boat from Australia to Indonesia, she met a young Indonesian called Hardjono, who after participating in the struggle against the Dutch in the late 1940s, gained an engineering degree at the Institute of Technology in Bandung, then as now Indonesia's leading tertiary institute for the study of engineering and technology. Joan was posted to teach in Semarang, the capital of the province of Central Java, and family legend has it that Hardjono used a borrowed motor cycle to pay her frequent visits, bringing with him Javanese delicacies as gifts. Since the late 1980s, Joan has been busy as a consultant to a number of bilateral and multilateral aid agencies. She has retired as a university teacher, but served for several years as an active member of the advisory board of a Bandung-based research organization, AKATIGA. She has also served since its inception in early 2001 on both the Board of Trustees and the Advisory Board of the Jakarta-based research group, The SMERU Research Institute. The editors are pleased that four chapters in this volume have been contributed by staff of these two institutions. Joan continues to be an active member of the SMERU boards, and in her advisory role, she has always stressed that SMERU should focus on what it does best, namely conducting solid research on the problems of poverty, social protection and unemployment, rather than engaging in policy advocacy. She worked very hard editing the institute's first international publication, *Poverty and Social Protection in Indonesia*, which was published by the Institute of Southeast Asian Studies in Singapore in 2011. Joan has often regretted the fact that so few Indonesian social scientists publish internationally, and has assisted a number of scholars over the years to turn their research findings into publishable papers in English-language outlets. Like many Indonesians in her age group, Joan has at times been disappointed that the country's macroeconomic progress over the last four decades has not yet achieved the elusive goal of a just and prosperous society. To friends, she can be at times very critical of the performance of politicians and senior bureaucrats, both during the Suharto era and subsequently. But she would be the last to deny that some progress has been made. She continues to visit Australia on a regular basis, but Bandung remains her home, and she remains steadfast in her love for, and commitment to, the people of Indonesia.

**Deep Trance Identification** Shawn Carson, Jess Marion, John Overdurf, 2014-08-13 This book by Carson, Marion, and Overdurf is an excellent exploration of the extraordinary trance process of deep trance identification. It is thorough, practical, and clear thereby providing an excellent guide for those seeking far-reaching transformational change. I highly recommend it Stephen Gilligan Ph.D Generative Trance. Deep Trance Identification (DTI) has captivated the imagination of hypnotists since the mid 20th century. DTI has been used by countless modelers to master hypnosis skills, musical and acting abilities, emotional transformation, and so much more. Historically very little is written about DTI despite it being at the heart of all unconscious learning and transformation. For the first time DTI is presented here in a practical and easily understandable way. Shawn Carson, Jess Marion, and John Overdurf have dedicated years to studying and using DTI and in this book they share their discoveries. They present the art and neuroscience of this hypnotic phenomenon and explain how you can use this modality to change your life and the lives of your clients. Deep Trance Identification presents an elegant model for using DTI and outlines comprehensive techniques that make the DTI experience deeply transformative.

**When Rabbit Howls** Truddi Chase, 1990-04-01 A woman diagnosed with dissociative identity disorder reveals her harrowing journey from abuse to recovery in this #1 New York Times bestselling autobiography written by her own multiple personalities. Successful, happily married Truddi Chase began therapy hoping to find the reasons behind her extreme anxiety, mood swings, and periodic blackouts. What emerged from her sessions was terrifying: Truddi's mind and body were inhabited by the Troops—ninety-two

individual voices that emerged to shield her from her traumatizing childhood. For years the Troops created a world where she could hide from the pain of the ritualized sexual abuse she suffered at the hands of her own stepfather—abuse that began when she was only two years old. It was a past that Truddi didn't even know existed, until she and her therapist took a journey to where the nightmare began... Written by the Troops themselves, *When Rabbit Howls* is told by the very alter-egos who stayed with Truddi Chase, watched over her, and protected her. What they reveal is a spellbinding descent into a personal hell—and an ultimate, triumphant deliverance for the woman they became.
