The Five Love Languages Gary Chapman,2009-12-17 Marriage should be based on love, right?

But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called A Love Language Minute that can be heard on more than 150 radio stations as well as the weekly syndicated program Building Relationships with Gary Chapman, which can both be heard on fivelovelanguages.com. The Five Love Languages is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running!

Maximizing Your Marriage Daryl Donovan, 2004-05 God intends for marriage to be one of the most satisfying relationships you will ever experience. Like our relationship with Christ, your relationship with your spouse should be a source of joy, peace, life, and love. But many marriages miss God's plan. The facts are that only about half the couples who go to the altar remain married -- and many of those who do not divorce find themselves in frustrating relationships full of pain and conflict. Maximizing Your Marriage is an interactive mentoring course for couples based on solid biblical principles about God's design for marriage. Ten weekly sessions provide plenty of tools that get couples headed in the right direction to experience and enjoy all God wants for them. And the course concludes with an overnight retreat which offers couples the opportunity to renew their vows. Maximizing Your Marriage is an adventure that will bring refreshment and encouragement to any marriage. It's a great investment for a healthy relationship that reflects Jesus Christ. Sessions include: * Mutual Submission To Christ * The Wonder Of God's Oneness * A Promise To Be Kept * Expectations vs. Godly Assignments * Stop -- Talk -- and Listen, Listen, Listen * In Pursuit Of Understanding * Finding A Firm Financial Foundation * The Reward Of Raising Children * Intimacy In Every Way * Fueling The Flames Of Your Marriage * The Getaway Daryl G. Donovan is currently the senior pastor of Sanibel Community Church in Sanibel, Florida. He has served in pastoral ministry for nearly three decades and been extensively involved in premarital and marriage counseling. Donovan received his D.Min. degree from San Francisco Theological Seminary. Other books by Donovan include Able To Stand, Men Mentoring Men, Men Mentoring Men Again, The Inheritance, and Mentoring For Marriage.

Language and Emotion. Volume 1 Gesine Lenore Schiewer, Jeanette Altarriba, Bee Chin

Ng,2022-11-07 The Handbook consists of four major sections. Each section is introduced by a main article: Theories of Emotion – General Aspects Perspectives in Communication Theory, Semiotics, and Linguistics Perspectives on Language and Emotion in Cultural Studies Interdisciplinary and Applied Perspectives The first section presents interdisciplinary emotion theories relevant for the field of language and communication research, including the history of emotion research. The second section focuses on the full range of emotion-related aspects in linguistics, semiotics, and communication theories. The next section focuses on cultural studies and language and emotion; emotions in arts and literature, as well as research on emotion in literary studies; and media and emotion. The final section covers different domains, social practices, and applications, such as society, policy, diplomacy, economics and business communication, religion and emotional language, the domain of affective computing in human-machine interaction, and language and emotion research for language education. Overall, this Handbook represents a comprehensive overview in a rich, diverse compendium never before published in this particular domain.

The 5 Love Languages of Children Gary Chapman, Ross Campbell, 2012-02-01 Does your child speak a different language? Sometimes they waver for your attention, and other times they ignore you completely. Sometimes they are filled with gratitude and affection, and other times they seem totally indifferent. Attitude. Behavior. Development. Everything depends on the love relationship between you and your child. When children feel loved, they do their best. But how can you make sure your child feels loved? Since 1992, Dr. Gary Chapman's best-selling book The 5 Love Languages has helped millions of couples develop stronger, more fulfilling relationships by teaching them to speak each others' love language. Each child, too, expresses and receives love through one of five different communication styles. And your love language may be totally different from that of your child. While you are doing all you can to show your child love, he may be hearing it as something completely opposite. Discover your child's primary language and learn what you can do to effectively convey unconditional feelings of respect, affection, and commitment that will resonate in your child's emotions and behavior.

Dominant Language Constellations Joseph Lo Bianco, Larissa Aronin, 2020-09-07 This volume is dedicated to the concept and several applications of Dominant Language Constellations (DLC), by which it advances understanding of current multilingualism through addition of a novel perspective from which to view contemporary language use and acquisition. The term Dominant Language Constellation denotes the set of a person's or group's most expedient languages, functioning as an entire unit and enabling an individual or group to meet their needs in a multilingual environment. The volume presents pioneering contributions that employ DLC as the lens for analysing a wide array of issues. These include multilingual syntactic development, cross-linguistic interaction and multilingual production in formal and informal educational contexts, as well as linguistic profiles of multilingual groups used in elementary school and higher education. Other DLC issues include discussions of how identity, emotions and attitudes operate in various minority and majority contexts. Because the DLC concept does not assume any inherent hierarchy of languages it can serve as a framework public policy in multilingual countries/communities faced with challenging policy determinations regarding choice of languages for use in education settings and more widely in social institutions and the economy. Some chapters develop and extend the DLC concept, others

adapt and apply it to a variety of contexts, both global and local. Many chapters feature educational and social settings across large parts of the world- Africa, Australia, Europe, North America (Canada and the USA) and Southeast Asia. The volume can serve as supplementary reading for courses on multilingualism, sociolinguistics, language policy and planning, educational linguistics, Second and Third Language Acquisition.

Vague Language, Elasticity Theory and the Use of 'Some' Grace Qiao Zhang, Nhu Nguyet Le, 2018-06-28 In Vague Language, Elasticity Theory and the Use of 'Some', Nguyet Nhu Le and Grace Qiao Zhang present the first comprehensive study of the word 'some', focusing on its elasticity. In particular, they consider how 'some' is both a quantifier and a qualifier, has positive or negative meanings, and has local and global interpretations. They show that the word is used across a meaning continuum and can be used to convey a range of states, including approximation, uncertainty, politeness, and evasion. Finally, they demonstrate that the functions of 'some' are also multi-directional and non-categorical, consisting of four major functions (right amount of information, mitigation, withholding information, and discourse management). Based on naturally-

occurring classroom data of L1 (American English) and L2 (Chinese- and Vietnamese-speaking learners of English) speakers, *Vague Language* shows that L2 speakers used 'some' more than L1 speakers and explores the significance of this, particularly taking account of speakers' language ability and cultural backgrounds. While this book focuses on the single word 'some', the authors' discussion has important implications for language studies more generally, as they call for a rethinking of our approaches to language study and more attention to its elasticity.
