Oz, Weil, and Northrup, Dr. Merrell is a towering figure in integrative medicine. *Power Up* shows us how to power up our minds, bodies and spirits with this clinically proven, revolutionary program. Exhaustion is epidemic in our society. Dr. Woodson Merrell shows readers how to transform themselves from energy consumers into energy creators in just twenty-one days, using the six essentials of energy creation: Power Mind, Power Food, Power Exercise, Power Detox, Power of Connection (or Spirit), and Power Rest. The book employs daily menus and recipes developed expressly for *Power Up*, exercises, and helpful charts and sidebars to show readers how incredibly easy it is to stop feeling exhausted and start feeling wonderful.

Who Are You, Really? Brian R. Little, 2017-08-15 Traditionally, scientists have emphasized what they call the first and second natures of personality--genes and culture, respectively. But today the field of personality science has moved well beyond the nature vs. nurture debate. In *Who Are You, Really?* Dr. Brian Little presents a distinctive view of how personality shapes our lives--and why this matters. Little makes the case for a third nature to the human condition--the pursuit of personal projects, idealistic dreams, and creative ventures that shape both people's lives and their personalities. Little uncovers what personality science has been discovering about the role of personal projects, revealing how this new concept can help people better understand themselves and shape their lives--Provided by publisher.

The Herbal Alchemist's Handbook Karen Harrison,2011-06-01 Herbs have been used for medicine, magic, and ritual for centuries. The ancient arts of Herbal Alchemy and Herbal Magick combine an understanding of the healing and energizing effects of herbs (roots, leaves, flowers, resins and essential oils) with an understanding of the cycles of the natural world--the astrological movement of the stars and planets, and the cycles of the earth's seasons. In this easy-to-use compendium of herbs and their energy associations, master herbalist and magick practitioner Karen Harrison offers formulas anyone can use to obtain courage, creativity, and lasting health, and to increase prosperity and to enhance psychic and spiritual powers. Harrison shows how to select herbs based on their astrological associations as well as their medicinal properties. With a materia magica of more than 150 herbs and a multitude of recipes, readers will learn how to blend incense, ceremonial oils, bath salts, herbal amulets, fluid condensers, and herbal philtres; and how to use them in meditation, ritual, or energy work. Discover the best herbs to improve any area of your life!

Never Drank the Kool-Aid Touré,2007-04-01 His name is Touré--just Touré--and like many of the musicians, athletes, and celebrities he's profiled, he has affected the way that we think about culture in America. He has profiled Eminem, 50 Cent, and Alicia Keys for the cover of Rolling Stone. He's played high-stakes poker with Jay-Z and basketball with Prince and Wynton Marsalis. In Touré's world, Dale Earnhardt, Jr. sits beside Condoleezza Rice who sits beside hip-hop pioneer Tupac Shakur, and all of them are fascinating company. *Never Drank the Kool-Aid* is the chronicle of Touré's unparalleled journey through the American funhouse called pop culture. Its rooms are filled with creative, arrogant, kind, ordinary, and extraordinary people, most of whom happen to be famous. It is Touré's gift to be able to see through the artifice of their world and understand the genuine motivations behind their

achievements--to see who they truly are as people. This is a searingly funny, surprisingly unguarded, and deeply insightful look at a world few of us comprehend.
