*Unplanned Suburbs* Richard Harris,1999-10-07 It is widely believed that only the growth of mass suburbs after World War II brought suburban living within reach of blue-collar workers, immigrants, and racial minorities. But in this original and intensive study of Toronto, Richard Harris shows that even prewar suburbs were socially and ethnically diverse, with a significant number of lower-income North American families making their homes on the urban fringe. In the United States and Canada, lack of planning set the stage for a uniquely North American tragedy. *Unplanned Suburbs* serves as a reminder of the dangers of unchecked suburban growth.

*Modern Real Estate Investing* John Harvey CPA, MBT, Trawnegan Gall ,2020-11-09

*Modern Real Estate Investing* introduces the nation to a new concept in real estate investment known as the Delaware Statutory Trust (DST). The DST is a synthesis of one hundred years of real estate, securities, and tax laws that provide an investment entity that allows the modern real estate investor to build a diversified portfolio of institutional grade real estate under protective securities regulations and enjoy the tax advantages of gain nonrecognition using IRC section 1031 like-kind exchanges. The book not only introduces the DST but also guides the reader through the investment process by providing perspective in the choosing of brokers, sponsors, and properties as well as a more in-depth analysis of the DST offering (John Harvey, CPA, MBT, author). The book provides a clear explanation of DST's and how they provide opportunities for smaller investors access to institutional properties otherwise not available to them, because of the large equity requirements and access to reasonable financing. The 1031 exchange is linked very nicely, explaining the DST opportunity for diversification in more than one investment that helps balance overall risk in the 1031 exchange. Trump tax plan is expertly explained and its impact on the DST structure. Book describes clear example of the tax savings of a 1031 exchange and the benefit of compounding on deferred taxes avoided at time sale. Good examples of dos and don'ts in the 1031 exchange (Kosmas G. Toskos, DST investor).
