**The Grit Factor** Shannon Huffman Polson, 2020-08-18 What does it take for women to succeed in a male-dominated world? The Grit Factor. At age nineteen, Shannon Huffman Polson became the youngest woman ever to climb Denali, the highest mountain in North America. She went on to reach the summits of Mt. Rainier and Mt. Kilimanjaro and spent more than a decade traveling the world. Yet it was during her experience serving as one of the Army's first female attack helicopter pilots, and eventually leading an Apache flight platoon on deployment to Bosnia-Herzegovina, that she learned the lessons of leadership that forever changed her life. Where did these insights come from? From her own crucibles of experience—and from other women. In writing *The Grit Factor*, Polson made it her mission to connect with an elite pack of tough, impressive female iconoclasts who shared with her their candid stories of combat and career. This slate of decorated leaders includes Heather Penney, one of the first female F-16 pilots, who was put on a suicide mission for 9/11; General Ann Dunwoody, the first female four-star general in the Army; Amy McGrath, the first female Marine to fly the F/A-18 in combat and a 2020 candidate for the US Senate—and dozens of other unstoppable women who got there first, including Polson herself. These women led at the highest levels in the most complicated, challenging, and male-dominated organization in the world. Now, in the post-#MeToo era, when positive role models of women leading are needed as never before, Polson brings these voices together, sharing her own life lessons and theirs with storytelling flair, keen insight, and incisive

analysis of current research. With its gripping narrative and relatable takeaways, *The Grit Factor* is both inspiring and pragmatic, a book that will energize and enlighten current and aspiring leaders everywhere—whether male or female.

*The Circle* Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

**The Boys in the Boat** Daniel James Brown, 2013-06-04 Now a Major Motion Picture Directed by George Clooney The #1 New York Times–bestselling story about the American Olympic rowing triumph in Nazi Germany—from the author of *Facing the Mountain*. For readers of *Unbroken*, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in

the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington’s eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys’ own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man’s personal quest.

**The Institute** Stephen King, 2021-06-29 In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, like the roach motel, Kalisha says. You check in, but you don't check

out. In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute.

**The Chickenshit Club** Jesse Eisinger, 2017-07-11 Winner of the 2018 Excellence in Financial Journalism Award From Pulitzer Prize-winning journalist Jesse Eisinger, “a fast moving, fly-on-the-wall, disheartening look at the deterioration of the Justice Department and the Securities and Exchange Commission...It is a book of superheroes” (San Francisco Review of Books). Why were no bankers put in prison after the financial crisis of 2008? Why do CEOs seem to commit wrongdoing with impunity? The problem goes beyond banks deemed “Too Big to Fail” to almost every large corporation in America—to pharmaceutical companies and auto manufacturers and beyond. The Chickenshit Club—an inside reference to prosecutors too scared of failure and too daunted by legal impediments to do their jobs—explains why in “an absorbing financial history, a monumental work of journalism...a first-rate study of the federal bureaucracy” (Bloomberg Businessweek). Jesse Eisinger begins the story in the 1970s, when the government pioneered the notion that top corporate executives, not just seedy crooks, could commit heinous crimes and go to prison. He brings us to trading desks on Wall Street, to corporate boardrooms and the offices of prosecutors and FBI agents. These revealing looks provide context for the evolution of the Justice Department’s approach to pursuing corporate criminals through the early 2000s and into the Justice Department of today, including the prosecutorial fiascos, corporate lobbying, trial losses, and culture shifts that have stripped the government of the will and ability to prosecute top corporate executives. “Brave and elegant...a fearless reporter...Eisinger’s important and profound book takes no prisoners” (The Washington Post).

Exposing one of the most important scandals of our time, *The Chickenshit Club* provides a clear, detailed explanation as to how our Justice Department has come to avoid, bungle, and mismanage the fight to bring these alleged criminals to justice. “This book is a wakeup call...a chilling read, and a needed one” (NPR.org).

When they tell you outrageous things, say, That's very interesting, I'll have to think about it. These people will be writing your obituary, and why give them a reason to put contentious or embittered in the second paragraph or accusations of cultural appropriation or insufficient anger at power imbalance. If you enjoy dispute, go after your elders if you still have any who are of sound mind. Poke them in the stomach. This will amaze them, seeing as everyone else pities them to death, and they will relish combat and rise to the challenge and it will improve their respiration. And a day later they'll forget the whole thing.
