Delhi Khushwant Singh,1990 Travelling through time, space and history to 'discover' his beloved city, the narrator of this novel meets a myriad of people - poets and princes, saints and sultans, temptresses and traitors, emperors and eunuchs - who have shaped and endowed Delhi with its very mystique.

11 Immutable Laws of Internet Branding Al Ries,Laura Ries,2003-02 Bestselling marketing guru Al Ries and his daughter and partner Laura divulge the revolutionary strategies needed to successfully build your company, product or service into a profitable brand using the internet. The Internet is the first major new communication medium to be introduced since television and businesses ignore it at their peril. If the Internet is going to take its place alongside the other major media it will be because it exploits a powerful new attribute - interactivity. The Internet will make traditional forms of branding, such as conventional advertising, redundant. In order to succeed in branding on the net, the message to customers must be interactive. Al and Laura Ries examine this dilemma and explain how their other revolutionary principles can help your company to build a brand on the net. Like the 22 Immutable Laws of Marketing and the 22 Immutable Laws of Branding, this will be a smart snappy read full of practical advice and marketing savvy. The authors will use anecdotes from their own consulting business with top companies to illustrate how Internet branding really works.

I Was a Dancer Jacques D'Amboise,2011-03-01 "Who am I? I'm a man; an American, a father, a teacher, but most of all, I am a person who knows how the arts can change lives, because they transformed mine. I was a dancer." In this rich, expansive, spirited memoir, Jacques d'Amboise, one of America's most celebrated classical dancers, and former principal dancer with the New York City Ballet for more than three decades, tells the extraordinary story of his life in dance, and of America's most renowned and admired dance companies. He writes of his classical studies beginning at the age of eight at The School of American Ballet. At twelve he was asked to perform with Ballet Society; three years later he joined the New York City Ballet and made his European debut at London's Covent Garden. As George Balanchine's protégé, d'Amboise had more works choreographed on him by "the supreme Ballet Master" than any other dancer, among them Tchaikovsky Pas de Deux; Episodes; A Midsummer's Night's Dream; Jewels; Raymonda Variations. He writes of his boyhood—born Joseph Ahearn—in Dedham, Massachusetts; his mother ("the Boss") moving the family to New York City's Washington Heights; dragging her son and daughter to ballet class (paying the teacher \$7.50 from hats she made and sold on street corners, and with chickens she cooked stuffed with chestnuts); his mother changing the family name from Ahearn to her maiden name, d'Amboise ("It's aristocratic. It has the 'd' apostrophe. It sounds better for the ballet, and it's a better name"). We see him. a neighborhood tough, in Catholic schools being taught by the nuns; on the streets, fighting with neighborhood gangs, and taking ten classes a week at the School of American Ballet . . . being taught professional class by Balanchine and by other teachers of great legend: Anatole Oboukhoff, premier danseur of the Maryinsky; and Pierre Vladimiroff, Pavlova's partner. D'Amboise writes about Balanchine's succession of ballerina muses who inspired him to near-obsessive passion and led him to create extraordinary ballets, dancers with whom d'Amboise partnered—Maria Tallchief; Tanaquil LeClercq, a stick-skinny teenager who blossomed into an exquisite, witty, sophisticated "angel" with her "long limbs and dramatic, mysterious elegance . . ."; the iridescent Allegra Kent; Melissa Hayden; Suzanne Farrell, who Balanchine called his "alabaster princess," her every fiber, every movement imbued with passion and energy; Kay Mazzo; Kyra Nichols ("She's perfect," Balanchine said. "Uncomplicated—like fresh water"); and Karin von Aroldingen, to whom Balanchine left most of his ballets. D'Amboise writes about dancing with and courting one of the company's members, who became his wife for fifty-three years, and the four children they had . . . On going to Hollywood to make Seven Brides for Seven Brothers and being offered a long-term contract at MGM ("If you're not careful," Balanchine warned, "you will have sold your soul for seven years") . . . On Jerome Robbins ("Jerry could be charming and complimentary, and then, five minutes later, attack, and crush your spirit—all to see how it would influence the dance movements"). D'Amboise writes of the moment

when he realizes his dancing career is over and he begins a new life and new dream teaching children all over the world about the arts through the magic of dance. A riveting, magical book, as transformative as dancing itself.

What Is Data Science? Mike Loukides,2011-04-10 We've all heard it: according to Hal Varian, statistics is the next sexy job. Five years ago, in *What is Web 2.0*, Tim O'Reilly said that data is the next Intel Inside. But what does that statement mean? Why do we suddenly care about statistics and about data? This report examines the many sides of data science -- the technologies, the companies and the unique skill sets. The web is full of data-driven apps. Almost any e-commerce application is a data-driven application. There's a database behind a web front end, and middleware that talks to a number of other databases and data services (credit card processing companies, banks, and so on). But merely using data isn't really what we mean by data science. A data application acquires its value from the data itself, and creates more data as a result. It's not just an application with data; it's a data product. Data science enables the creation of data products.

Girl Through Glass Sari Wilson,2016-01-26 Long-listed for the Center for Fiction First Novel Prize An Amazon Best Book of the Month A BuzzFeed Most Exciting Book of the Year A The Millions Most Anticipated Book of the Year & Bestseller Selected as a Skimm Read A Refinery 29 Best Book of the Year Chosen as a Rumpus Book Club Selection Chosen as a Bustle Best Literary Debut Novel Written By Women in the Last 5 Years An enthralling literary debut that tells the story of a young girl's coming of age in the cutthroat world of New York City ballet—a story of obsession and the quest for perfection, trust and betrayal, beauty and lost innocence. In the roiling summer of 1977, eleven-year-old Mira is an aspiring ballerina in the romantic, highly competitive world of New York City ballet. Enduring the mess of her parent's divorce, she finds escape in dance—the rigorous hours of practice, the exquisite beauty, the precision of movement, the obsessive perfectionism. Ballet offers her control, power, and the promise of glory. It also introduces her to forty-seven-year-old Maurice DuPont, a reclusive, charismatic balletomane who becomes her mentor. Over the course of three years, Mira is accepted into the prestigious School of American Ballet run by the legendary George Balanchine, and eventually becomes one of “Mr. B's girls”—a dancer of rare talent chosen for greatness. As she ascends higher in the ballet world, her relationship with Maurice intensifies, touching dark places within herself and sparking unexpected desires that will upend both their lives. In the present day, Kate, a professor of dance at a Midwestern college, embarks on a risky affair with a student that threatens to obliterate her career and capsizes the new life she has painstakingly created for her reinvented self. When she receives a letter from a man she's long thought dead, Kate is hurled back into the dramas of a past she thought she had left behind. Told in interweaving narratives that move between past and present, *Girl Through Glass* illuminates the costs of ambition, secrets, and the desire for beauty, and reveals how the sacrifices we make for an ideal can destroy—or save—us.

Quartet no. 31 Joseph Haydn,1996-12 inch....this work is likely to become a standart work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver

James, Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of •Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

Class of 88 Wayne Anthony, 1998 What went on behind the Acid House dream? The raves and huge dance parties of the late-1980s changed the face of popular culture, as hundreds of thousands of youngsters enjoyed the illicit thrills of ecstasy and vast, illegal all-nighters. Yet beneath the bright surface was a world of drug deals, violence, exploitation, protection rackets and armed robbery. In this book, Wayne Anthony tells the story of his two years as an illegal dance party organizer and promoter. In those two years he was beaten up, menaced by criminals and blackmailers, confronted with sawn-off shotguns, kidnapped and threatened with murder.

Ass Goblins of Auschwitz Cameron Pierce, 2009-10 It's Monty Python meets Nazi exploitation in a surreal nightmare as can only be imagined by Bizarro author Cameron Pierce. In a land where black snow falls in the shape of swastikas, there exists a nightmarish prison camp known as Auschwitz. It is run by a fascist, flatulent race of aliens called the Ass Goblins, who travel in apple-shaped spaceships to abduct children from the neighboring world of Kidland. Prisoners 999 and 1001 are conjoined twin brothers forced to endure the sadistic tortures of these ass-shaped monsters. To survive, they must eat kid skin and work all day constructing bicycles and sex dolls out of dead children. While the Ass Goblins become drunk on cider made from fermented children, the twins plot their escape. But it won't be easy. They must overcome toilet toads, cockrats, ass dolls, and the surgical experiments that are slowly mutating them into goblin-child hybrids. Forget everything you know about Auschwitz...you're about to be Shit Slaughtered.
