Rave On Matthew Collin, 2018-10-09 Peace, Love, Unity, and Respect. Cultural liberation and musical innovation. Pyrotechnics, bottle service, bass drops, and molly. Electronic dance music has been a vital force for more than three decades now, and has undergone transformation upon transformation as it has taken over the world. In this searching, lyrical account of dance music culture worldwide, Matthew Collin takes stock of its highest highs and lowest lows across its global trajectory. Through firsthand reportage and interviews with clubbers and DJs, Collin documents the itinerant musical form from its underground beginnings in New York, Chicago, and Detroit in the 1980s, to its explosions in Ibiza and Berlin, to today's mainstream music scenes in new frontiers like Las Vegas, Shanghai, and Dubai. Collin shows how its dizzying array of genres—from house, techno, and garage to drum and bass, dubstep, and psytrance—have given voice to locally specific struggles. For so many people in so many different places, electronic dance music has been caught up in the search for free cultural space: forming the soundtrack to liberation for South African youth after Apartheid; inspiring a psychedelic party culture in Israel; offering fleeting escape from—and at times into—corporatization in China; and even undergirding a veritable “independent republic” in a politically contested slice of the former Soviet

Union. Full of admiration for the possibilities the music has opened up all over the world, Collin also unflinchingly probes where this utopianism has fallen short, whether the culture maintains its liberating possibilities today, and where it might go in the future.

My World in Motion Jo Whiley, 2009-08-28 Jo Whiley is someone millions of us recognise but very few of us know. Jo's a mother, sister, DJ, wife and music-industry insider who throughout her

career - and in an age of fleeting celebrity - has earned the respect of her peers and fans by simply being herself and for her constant enthusiasm, be it for established rock 'n roll royalty or emerging talent. For Jo Whiley, it's all about the music. My World in Motion offers a unique opportunity to get to know the real Jo Whiley. From her musical epiphany (being carried over the crowd at a Clash concert) to when she became friends with John Peel at Glastonbury (over some very short shorts - his not hers) and interviewed Bono (surviving a power-cut on vodka). My World in Motion is an honest, funny, self-deprecating account of Jo's professional coming of age, and what it means to be a private person in a very public world.
